Office of the Chief Controller of Imports and Exports

ORDER

New Delhi, the 31st March, 1981

S.O. 1217.—M/s. Hindustan Shipyard Limited Gandhidham P.O. Visakhapatnam, were granted an Import Licence No. I/A/1064781/T/PR/49/H/37-38 dated 27-10-1973 for Rs. 17,15,000/- only for the import of Steering Gears with Gyro Pilots for Jagdarshan Type Vessels 171007 as per list attached for April '73-March '74 period.

2. The firm have now requested for the issue of duplicate copy of Exchange-Purposes copy of the above licence on the ground that the original Exchange Control Purposes copy has been lost after having been registered with the Customs Authority at Visakhapatnam and utilized to the extent of Rs. 13,46,156.33 p. The firm agrees and undertakes to return the original Exchange Control Purpose Copy of the licence if traced later to this office for record.

3. In support of their contention the firm have filed an affidavit as required in Para 352 of Chapter XV of Hand Book of Import Export Procedures 1980-81. The undersigned is satisfied that the original Exchange Control Purposes Copy of Import Licence No. I/A/1064781 dated 27-10-1973 has been lost and directs that duplicate copy of the Exchange Control Purposes Copy of the licence may be issued to the

applicant. The original Exchange Control Purposes Copy of licence has been cancelled.

4. The duplicate copy of Exchange Control Purpose Copy of the Import licence is being issued separately

CANCELLATION ORDER

S.O. 1220.—M/s. Ramsons Electronic Industries, 6967/12 Multani Dhanda, Paharganj, New Delhi were granted Import licence No. P/S/1921857/C/XX/72/D/78 dated 3-10-79 for Rs. 30,650 for import of Capacitors item No. 457(2) of Appx. 5 of AM-80 policy Book for manufacture of I.F.T.s for the licensing period AM-79.

The applicant has filed an affidavit as required under para 352 of Hand Book of Import Export Procedure 1980-81 wherein they have stated that Custom Purposes copy of Licence No. P/S/1921857 dated 3-10-79 for Rs. 30,650 for AM-79 period has been misplaced/lost without having been registered with any Customs and utilised at all.

I am satisfied that the original Custom purpose copy of the said licence has been lost/misplaced.

In exercise of the powers conferred on me under Section 9(cc) of Import Trade Control Order, 1955 dated 7-12-55 as amended upto date, the said Custom Purpose copy of the licence No. P/S/1921857 dated 3-10-79 for Rs. 30,650 is hereby cancelled.

The applicant is now being issued duplicate Custom purpose copy of Import licence No. P/S/1921857/C dated 3-10-79 for

Rs. 30,650 in accordance with the provision of Para 351 to 354 of Hand Book of Import-Export Procedures, 1980-81.

[File No. Delhi/R-7(N)/AM-79/AU-J/CLA]

(MISS) MAYA DASS GUPTA,

Dy. Chief Controller of Imports & Exports
for Jt. Chief Controller of Import & Exports

S.O. 1224.—In pursuance of regulation 4 of the Indian Standards Institution (Certification Marks) Regulations, 1955, the Indian Standards Institution, hereby, notifies that amendment(s) to the Indian Standard (s) given in the schedule hereto annexed have been issued under the powers conferred by the sub-regulation (1) of Regulation 3 of the said Regulations.

SCHEDULE

Sl. No.	No. and title of the Indian Standard amended	No. and Date of Gazette Notification in which the establishment of the Indian Standard was notified	No. and Date of the Amendment	Brief particulars of the Amendment	Date from which the amendment shall have effect
1	2	3	4	5	6
1.	IS : 203-1972 Specification for dry batteries for flashlights (third revision)	S.O. 770 dated 1977-03-08	No. 4 July 1977	New clause 0.5 has been added after clause 04 and the existing clause 0.5 has been re-numbered as clause 0.6	1977-07-31

1	2	3	4	5	6
2.	IS : 361-1973 Specification for normal butyl alcohol, technical (second revision)	S.O. 2669 dated 1975-08-16	No. 1 August 1977	Page 7, informal table under clause A-4. 1.2, second column, second entry)—Substitute '0.2° C' for '0.5° C'.	1977-08-31
3.	IS : 368-1963 Specification for electric immersion water heaters (revised)	S.O. 226 dated 1965-01-16	No. 5 July 1977	Clause 3.2 and 3 2.1 have been substituted by new ones.	1977-07-31
4.	IS : 615-1966 Minimum requirements of domestic radio receivers. (revised)	S.O. 2246 dated 1966-07-30	No. 2 July 1977	(i) Clauses 8.5, 9.1.1 and 10.6 have been substituted by new ones. (ii) (Page 9, Note under clause 12.10)—Substitute '1000 Hz' for '400 c/s'. (iii) Clause 3.4 has been added after clause 3.3	1977-07-31
5.	IS : 654-1972 Specification for clay roofing tiles, mangalore pattern (second revision)	S.O. 423 dated 1975-02-15	No. 3 September 1977	(i) Table 1 has been substituted by a new one (ii) Clause C-3, 1 has been substituted by a new one (iii) (Page 13, clause C-4.1, line 2)—Delete the words 'and dry'.	1977-09-30
6.	IS : 938-1973 Functional requirements for 1350-1/min small fire engines (second revision)	S.O. 776 dated 1976-02-21	No. 2 August 1977	Clause 4.3.3 has been substituted by a new one	1977-08-31
7.	IS : 945-1966 Specification for 1800-1/min motor fire engine (first revision)	S.O. 913 dated 1967-03-18	No. 4 July 1977	(i) Clauses 4.7.2 and 4.8 have been amended (ii) (Page 9, Table 1, Col 3)—Substitute '7.0' for '7.3' (iii) [Page 10, Clause 4.9.2(b), line 3]—Substitute the following for the existing line : 'Pressure—0 to 5 kg/cm ² in black;' (iv) [Page 10, clause 4.9.2(c)] Substitute the following for the existing matter : (c) Pressure gauge calibrated from 0 to 16 kg/cm ² ;'.	1977-07-31
8.	IS : 949-1967 Specification for emergency tender for fire brigade use and rescue tender for general purposes (first revision)	S.O. 2036 dated 1968-06-08	No. 3 August 1977	Clause 4.3.3 has been substituted by a new one	1977-08-31
9.	IS : 955-1964 Specification for dry powder tender for fire brigade use	S.O. 1840 dated 1964-05-30	No. 4 August 1977	Clause 4.3.3 has been substituted by a new ones	1977-08-31
10.	IS : 1126-1974 Method of test for determination of durability of natural building stones (first revision)	S.O. 1092 dated 1977-04-09	No. 1 September 1977	Clause 3.1 has been substituted by a new one	1977-09-30
11.	IS : 1200 (Pt VII)-1972 Method of measurement of building and civil engineering Part VII Hardware (second revision)	S.O. 1265 dated 1974-05-25	No. 1 August 1977	(Page 5, Table 1, SI No. 1, third column)—Delete the matter appearing against (b) and renumber (c) as (b).	1977-07-31
12.	IS : 1278-1972 Specification for filler rods for gas welding (second revision)	S.O. 3256 dated 1973-11-24	No. 1 August 1977	(i) Types S-C6, S-C7, S-C8 and S-C9 of clause A-4 have been substituted (ii) Type S-C10 has been added in clause A-4 after S-C9 (iii) (Page 17, clause A-6)—Add S-MG1 in the list of alloys.	1977-08-31
13.	IS : 1448 [P :23]-1971 Hydrocarbon types in liquid petroleum products by fluorescent indicator adsorption [P : 23] (second revision)	S.O. 398 dated 1972-02-05	No. 2 September 1977	Clause 4.2 has been substituted by a new one	1977-09-30

1	2	3	4	5	6
14. IS : 1537-1976 Specification for vertically cast iron pressure pipes for water, gas and sewage (first revision)	—	No. 1 July 1977	(i) Page 4, clause 3.3, line 3)—substitute '210 HB' for '210 B'	1977-07-31	
			(ii) (Page 10, Table 6, col 1)—Substitute '100' for '110'		
15. IS : 1628-1971 Specification for axle oil (first revision)	S.O. 3255 dated 1973-11-24	No. 1 September 1977	Clause 3.1 and Table 1 have been amended	1977-09-30	
16. IS : 1879(Pt I to X)-1975 Specification for malleable cast iron pipe fittings (first revision)	—	No. 2 May 1977	(i) Clause 10.2 has been added after clause 10.1 (ii) (Page 9, clause reference under Appendix A)—Substitute '(Clause 10.2 and 16.1)' for '(Clause 16.1)'	1977-05-31	
17. IS : 1969-1968 Method for determination of breaking load and elongation at break of woven textile fabrics (first revision)	S.O. 3961 dated 1968-11-09	No. 1 September 1977	(i) Clause 7.1 has been substituted by a new one (ii) (Page 9, foot-note with mark "**")—Substitute the following for the existing foot-note : '*Method for conditioning of textile.'	1977-09-30	
18. IS : 2180-1970 Specification for heavy duty burnt clay building bricks (first revision)	S.O. 1555 dated 1972-06-24	No. 2 July 1977	Clause 3.1 has been amended	1977-07-31	
19. IS : 2248-1969 Glossary of terms relating to structural clay products	S.O. 4959 dated 1969-12-20	No. 1 August 1977	(i) Clauses 2.1.1, 2.1.3 and 2.13 have been substituted by new ones (ii) (Page 6, clauses 2.12, 2.12.1, 2.12.2)—Substitute the following for the existing matters : '2.12 Hollow Clay Blocks—Burnt clay bricks blocks in which holes passing through block exceed 25 percent of its volume and the holes are not small as defined in 2.1.1, which are used for load bearing walls and partition walls. The holes may be either perpendicular to the bed face or parallel to the bed face.'	1977-08-31	
20. IS : 2556 (Pt VI/Sec 5)-1974 Specification for vitreous sanitary appliances (vitreous china) Part VI Specific requirements of urinals Section 5 Waste fittings (second revision)	S.O. 2547 dated 1977-08-13	No. 1 April 1977	(Page 5, Fig. 1)—Delete the dimension '30'.	1977-04-30	
21. IS : 2666-1963 Specification for slide rules (linear type)	S.O. 3329 dated 1964-09-19	No. 1 July 1977	(Page 8, clause 8.1)—Add the following new sentence at the end of the existing clause : 'The case shall have adequate strength to prevent damage during transit and storage and when not in use.'	1977-07-31	
22. IS : 2690 (Pt I)-1975 Specification for burnt clay flat terrac terracing tiles Part I Machine made (first revision)	S.O. 1092 dated 1977-04-09	No. 1 September 1977	(Page 6, clause B-4.1, explanations for S and b)—Substitute the following for the existing matter : 'S—Span in mm (that is, three fourth length of tile); b—width of tile in mm; and'	1977-09-30	
23. IS : 2998-1965 Specification for cold forged steel rivets for cold closing	S.O. 2042 dated 1965-06-26	No. 2 August 1977	Clause 4.2 has been added after clause 4.1	1977-08-31	
24. IS : 3043-1966 Code of practice for earthing.	S.O. 4023 dated 1966-12-31	No. 4 September 1977	(i) Clause 18.3 has been added after clause 18-2-3. (ii) Foot-notes have been added at the end of the page 66.	1977-09-30	

1	2	3	4	5	6												
25.	IS : 3121-1965 Specification for rigging screws and stretching screws	S.O. 2246 dated 1966-07-30	No. 2 September 1977	(i) Clauses 2.1.1, 2.1.1.1 and 6.2 have been substituted by new ones. (ii) Existing foot-note at page 8 has been substituted by a new one.	1977-09-30												
26.	IS : 3412-1965 Specification for electric water boilers.	S.O. 2419 dated 1966-08-13	No. 3 August 1977	Clauses 3.2, 3.3.1 and 10.3.1 have been substituted by new ones	1977-08-31												
27.	IS : 3934-1974 Specification for aluminium plug type spindles for spinning and doubling frames (first revision)	S.O. 1596 dated 1976-05-08	No. 2 August 1977	(i) Clause 4.3 has been substituted by a new one (ii) (Page 11, Fig. 3)—Delete	1977-08-31												
28.	IS : 3961 (Pt. II)—1967 Recommended current ratings for cables Part II PVC insulated and PVC sheathed heavy duty cables	S.O. 4562 dated 1967-12-23	No. 2 July 1977	Existing figures of Tables 19 and 20 have been substituted by new ones and foot notes have also been added under the Tables.	1977-07-31												
29.	IS : 5000 (OB2)—1969 Dimensions of semi-conductor devices base outline OB2	S.O. 4114 dated 1969-10-11	No. 1 July 1977	Table at page 1 has been ammended	1977-07-31												
30.	IS : 5000 (OB5)—1969 Dimensions of Semi-conductor devices base outline OB5	S.O. 4311 dated 1969-10-25	No. 1 July 1977	(Page 1, Note 2)—Add the following new note after Note 2 : 'Note 3—The minimum axial length from the seating plane within which the leads may be bent at right angles is 3.8 mm'	1977-07-31												
31.	IS : 5000 (OC1)—1969 Dimensions of semi-conductor devices case outline OC1	S.O. 4114 dated 1969-10-11	No. 1 September 1977	(i) Note 2 at page 1 has been substituted by a new one (ii) Table at page 1 has been amended	1977-09-30												
32.	IS : 5000 (OC3)—1969 Dimensions of semi-conductor devices case outline OC3	S.O. 436 dated 1970-02-07	No. 1 August 1977	(Page 1, sub-table under 'Dimensions of A')—Substitute the following for the existing matter :	1977-08-31												
				<table><tr><td></td><td>Type A</td><td>Type B</td><td>Type C</td></tr><tr><td>A Min</td><td>1.53</td><td>2.93</td><td>4.32</td></tr><tr><td>A Max</td><td>2.15</td><td>3.81</td><td>5.33</td></tr></table>		Type A	Type B	Type C	A Min	1.53	2.93	4.32	A Max	2.15	3.81	5.33	
	Type A	Type B	Type C														
A Min	1.53	2.93	4.32														
A Max	2.15	3.81	5.33														
33.	IS : 5000 (OD1)—1969 Dimensions of semi-conductor devices device outline OD1	S.O. 4311 dated 1969-10-25	No. 1 July 1977	Note 1 at page 1 has been suusituted by a new one	1977-07-31												
34.	IS : 500 (OD2)—1969 Dimensions of semi-conductor devices device outline OD2	S.O. 4114 dated 1969-10-11	No. 1 July 1977	Note 1 at page 1 has been substituted by a new one	1977-07-31												
35.	IS : 5000 (OD3)—1969 Dimensions of semi-cunductor devices device outline OD3	—	No. 1 July 1977	Note 1 at page 1 has been substituted by a new one	1977-07-31												
36.	IS : 5000 (OD4)—1969 Dimensions of semi-conductor devices device outline OD4	S.O. 4311 dated 1969-10-25	No. 1 July 1977	(Page 2, Note 3, Line 1)—Substituted '5.21' for '5.30'.	1977-07-31												
37.	IS : 5000 (OD5)—1969 Dimensions of semi-conductor devices device outline OD5	S.O. 4848 dated 1969-12-06	No. 1 July 1977	(i) Table at page 1 has been amended (ii) (Page 2, Note 3, line 1)—Substituted '7.01' for '8.4'.	1977-07-31												
38.	IS : 5000 (OD8)—1969 Dimensions of semi-conductor devices device outline OD8	S.O. 4311 dated 1969-10-25	No. 1 July 1977	(Page 2, Note 4, line 1)—Substituted '7.01' for '7.00'	1977-07-31												
39.	IS : 5055-1969 Specification for lecitchin food grade.	S.O. 3939 dated 1969-09-27	No. 1 August 1977	(i) [Page 6, Table 1, Sl. No. (i), Col 3]—Substitute '50 †'— for '50'. (ii) [Page 6, Table 1, Sl. No. (iii)]—Delete the entries and renumber the subsequent serial numbers. (iii) (Page 6, Table 1, Foot-note with mark '*')—Add the following foot note after the existing foot note. '† Equivalent to 2.2 percent of phosphorous when determined by the method given in Appendix D'.	1977-08-31												

1	2	3	4	5	6
40. IS: 5473-1969 Specification for double flanged boddins used in woolen and worsted mills	S.O. 1910 dated 1970-05-30	No. 1 July 1977	(i) Clause 2.1 has been substituted by a new one (ii) [Page 4, foot note with asterisk (*) mark]—Substitute the following for the existing foot note : “Code of practice for seasoning of timber (first revision) ; (iii) (Page 5, clause 3.3.1 line 4)—substitute ‘0.5 mm’ for ‘1.5 mm’.	1977-07-31	
41. IS:5509-1969 Specification for fire retardant plywood	S.O. 3015 dated 1971-08-14	No. 1 July 1977	(i) Clause 9.1 has been substituted by a new one. (ii) A foot-note has been added at page 8 after the existing in foot-notes.	1977-07-31	
42. IS:5801(Pt. III-1970 Specification for flexible coaxial radio frequency cables with characteristic impedance 50 Ω Part III Cable type 50-7-1	S.O. 1277 dated 1972-05-27	No. 1 July 1977	(Page 3, Fig.1)—Substitute ‘Nominal A = 7.25 mm’ for ‘Nominal A = 2.95 mm’	1977-07-31	
43. IS:6149-1971 Specification for single-ended open jaw adjustable wrenches	S.O. 3163 dated 1973-11-10	No. 1 September 1977	(i) Table 1 has been amended and a foot-note has also been added at the end of the table. (ii) Clause 5.1 has been amended	1977-9-30	
44. IS : 6381-1972 Specification for construction and testing of electrical apparatus with type of protection ‘e’	S.O. 423 dated 1975-02-15	No. 2 July 1977	(Page 13, Fig. 3 G)—Substituted the symbol \geq for ‘ \leq ’	1977-07-31	
45. IS:6580-1972 Specification for train lighting belt fasteners	S.O. 115 dated 1975-01-11	No. 1 September 1977	(i) Clause 0.4 has been amended (ii) Table 1 has been amended (iii) [Page 5, Fig 1, Outer Plate (with 2 holes)] Substitute ‘22.5’ for ‘21.85’. (iv) [Page 5, Fig. 1,—Outer Plate (with 3 holes)]—Substitute ‘3R’ for ‘3.5R’. (v) (Page 3, clause 1.1.1.)—Add the following new sentence at the end : ‘Fasteners with two holes are meant for belting of 75 mm width’. (vi) [Page 5, Fig 1, Bolt with SQ Neck (enlarged)]—Add 2.5 mm as the length of square neck of bolt. (vii) Clause 3.2 has been added after clause 3.1 (viii) (Page 5, Fig 1.—Add the following note : NOTE—Tolerance of ± 0.2 mm shall apply on all dimensions except where otherwise stated.	1977-09-30	
46. IS:7218-1974 Specification for dry batteries for hearing aids.	S.O. 1596 dated 1976-05-08	No. 2 August 1977	Clause 0.5 has been added after clause 0.4 and the existing clause 0.5 has been renumbered as clause 0.6	1977-08-31	
47. IS:7241-1974 Glossary of terms used in gas cylinder technology	S.O. 987 dated 1976-03-06	No. 3 September 1977	Clause 2.5.11 has been added after clause 2.5.10	1977-09-30	
48. IS:7285-1974 Specification for seamless manganese steel cylinders for permanent and high pressure liquefiable gases	S.O. 1596 dated 1976-05-08	No. 2 July 1977	(i) Clauses 4.1 and 6 have been substituted by new ones (ii) Existing formula of clause 4.3 has been substituted by new ones.	1977-07-31	
49. IS:7316-1974 Specification for Decorative plywood using plurality of veneers for decorative faces.	S.O. 1232 dated 1976-04-03	No. 1 August 1977	Clause 9.1.1 has been substituted by a new one.	1977-08-31	
50. IS:7575-1975 Emergency Indian Standard Specification for Diesel fuels (alternative to IS : 1460-1974.)	S.O. 3279 dated 1976-09-16	No. 1 August 1977	Page 5 Table 1, Sl. No. (xii), col (3)]—Substitute ‘1.1’ for ‘1.2’	1977-08-31	
51. IS:7595-1975 General requirements for flat rectangular otter boards	S.O. 2547 dated 1977-08-13	No. 1 July 1977	(i) (IS Designation.)—Substitute ‘IS : 7595 (Pt. D)—1975’ for ‘IS:7595-1975’ (ii) Title at first cover page, pages 1 and 3 has been substituted by a new one (iii) Clause 0.5 has been added after clause 0.4	1977-07-31	
52. IS:8060-1976 Specification for heel-tip and toe-tip with nails for footwear	—	No. 1 July 1977	(Page 7, Table 2, col. 3, last line) Substitute ‘1’ for ‘11’.	1977-07-31	
53. IS:8323 E-1977 Specification for plam oil	—	No. 1 August 1977	(i) (First cover page and page 1, Title)—Delete the word ‘Emergency’ (ii) (First cover page)—Delete the words ‘Emergency Standard’ (iii) (Designation)—Substitute ‘IS : 8323-1977’ for ‘IS : 8323 E-1977’ wherever it appears in the Standard. (iv) Clause 0.1 has been substituted by a new one.	1977-08-31	

1	2	3	4	5	6
54. IS: 8361E—1975 Specification for palmolein	—	No. 1 August 1977	(i) (First cover and page 1, Title) Delete the word 'Emergency'. (ii) (First cover)—Delete the words 'Emergency Standard' (iii) (Designation)—Substitute 'IS:8361-1977, for IS : 8361-E-1977, wherever it appears in the standard. (iv) Clause 0.1 has been substitute by a new one.	1977-08-31	

Copies of these amendments are available with Indian Standards Institution, Manak Bhavan, 9 Bahadur Sahah Zafar Marg, New Delhi-110002 and also from its Branch Office at Ahmedabad, Bangalore, Bombay, Calcutta, Chandigarh, Hyderabad, Kanpur, Madras, Patna and Trivandrum.

New Delhi, 1980-03-31

S.O. 1227.—In pursuance of regulation 4 of the Indian Standards Institution (Certification Marks) Regulations, 1955, the Indian Standards Institution, hereby, notifies that amendment (s) to the Indian Standard(s) given in the Schedule hereto annexed have been issued under the powers conferred by the sub-regulation (1) of Regulation 3 of the said Regulations.

SCHEDULE

Sl. No. No.	and title of the Indian Standard amended	No. and Date of Gazette Notification in which the establishment of the Indian Standard was notified	No. and Date of the Amendment	Brief particulars of the Amendment	Date from which the amendment shall have effect
(1)	(2)	(3)	(4)	(5)	(6)
1.	IS : 367—1965 Specification for electric kettles (Revised)	S.O. 2033 dated 1965-07-17	No. 3 July 1977	(i) Clauses 3.2, 10.3.1 and 10.3.5 have been substituted by new ones (ii) A note has been added under clause 6.11.1	1977-07-31
2.	IS : 381—1972 Specification for sodium silicate (First revision)	S.O. 115 dated 1975-01-11	No. 1 Sep 1977	Since Twaddell hydrometers are going out of use in the industry, the Sectional Committee responsible for the preparation of this standard decided to prescribe relative density to be determined by hydrometer or pycnometer.	1977-09-30
3.	IS : 651—1971 Specification for salt-glazed stoneware pipes and fittings (Third Revision)	S.O. 3255 dated 1973-11-24	No. 1 Oct 1977	(i) Page 8. note under clause 7.6—Delete (ii) Fig. in table 12 at page 26 has been substituted by a new one.	1977-10-31
4.	IS : 731—1971 Specification for porcelain insulators for overhead power lines with a nominal voltage greater than 1000 V (Second Revision).	S.O. 751 dated 1974-03-16	No. 1 Sep 1977	Page 10, Clause 5.1—Add the following new note at the end of this clause : Note—Type A insulators are of solid core type.	1977-09-30
5.	IS : 774—1971 Specification for flushing cisterns for water closets and urinals (Valveless siphonic type) (Third Revision)	S.O. 231 dated 1974-01-26	No. 3 Oct 1977	(i) Page 6, clause 4.3, line 2—Substitute '38 mm' for '40 mm'. (ii) Clause 4.3.1 has been amended. (iii) Clauses 4.3.1. and 6.6 have been substituted by new ones.	1977-10-31
6.	IS : 940—1976 Specification for portable chemical fire extinguisher, water type (Gas pressure) (Second Revision).	—	No. 1 Oct 1977	Page 4, clause 4.1, Line 2—Substitute '1.25 mm' for '1.60 mm'.	1977-10-31
7.	IS : 1063—1963 Specification for 14-mm sparking plugs (Revised).	S.O. 2370 dated 1963-08-24	No. 2 Aug 1977	Table II has been amended	1977-08-31
8.	IS : 1287—1965 Specification for electric toasters (Revised)	S.O. 2042 dated 1965-06-26	No. 3 Aug 1977	(i) Clauses 1.1, 10.3.1 and 10.3.7 to 10.3.7.2 have been substituted by new ones, (ii) Clause 5.1.5 has been amended	1977-08-31
9.	IS : 1328—1970 Specification for veneered decorative plywood (First Revision)	S.O. 1555 dated 1972-06-24	No. 1 Aug 1977	(i) Clause 9.1.1 has been substituted by a new one. (ii) Page 8, foot-note—Substitute the following for the existing footnote : *Methods of test for plywood : Part I Determination of density and moisture content (first revision). (iii) Page 7, clause 11.4 line 3—Substitute water resistance test for glue adhesion.	1977-08-31
10.	IS : 1711—1970 Specification for self-closing taps (First Revision)	S.O. 1277 dated 1972-05-27	No. 2 Sep 1977	(i) Page 5, Table 1, Sl. No. (iii), col 4—Substitute 'IS : 7608—1975' for 'IS : 1385—1968' (ii) Foot note '//' mark of Table 1 has been substituted by a new one.	1977-09-30
11.	IS : 1283—1968 Specification for bicycle free-wheels and chains (First Revision)	—	No. 3 Sep 1977	(i) Clauses 3.1 and 10.2 have been substituted by new ones. (ii) Foot-note with '+' mark at page 4 has been substituted by a new one.	1977-09-30

(1)	(2)	(3)	(4)	(5)	(6)
12. IS : 1294—1974	Specification for bobbins for sewing machines for household purposes (Second Revision).	S.O. 3494 dated 1976-10-02	No. 2 Oct 1977	(i) Page 1, clause 3.1, line 1—Substitute 'C15' for 'C40' (ii) Clause 3.2 has been substituted by a new one.	1977-10-31
13. IS : 1310—1974	Specification for endrin emulsifiable concentrates (First Revision)	S.O. 3494 dated 1976-10-02	No. 2 Oct 1977	A note has been added at the end of clause 2.3.1 and a footnote has also been added at the end of page 5.	1977-10-31
14. IS : 1781—1975	Specification for urea, technical (First Revision)	S.O. 3530 dated 1977-11-19	No. 1 Oct 1977	Page 4, clause 2.2, line 3—Substitute '0.85 mm' for '1.00 mm'.	1977-10-31
15. IS : 1795—1974	Specification for pillar tapes for water supply purposes (First Revision)	S.O. 1597 dated 1976-05-08	No. 3 Oct 1977	(i) Clause 4.1 has been substituted by a new one (ii) Foot-note with '†' mark at page 4 has been substituted by a new one.	1977-10-31
16. IS : 1929—1961	Specification for rivets for general purposes (12 to 48 mm diameter)	S.O. 553 dated 1963-03-02	No. 3 Jul 1977	Clause 4.2 has been added after clause 4.1	1977-07-31
17. IS : 2082—1965	Specification for storage type automatic electric water heaters (Revised)	S.O. 2246 dated 1966-07-30	No. 6 Jul 1977	(i) Clauses 9.3.1, 7.3.2.3 and C-1.4 have been substituted by new ones. (ii) Clause 4.2.12.2 has been added after 4.2.13.1 (re-numbered as 4.2.12.1) (iii) Clause 8.1.4 has been added after clause 8.1.3	1977-07-31
18. IS : 2155—1962	Specification for rivets for general purposes (below 12 mm diameter)	S.O. 898 dated 1963-03-30	No. 2 Aug 1977	Clause 4.2 has been added after clause 4.1	1977-08-31
19. IS : 2429 (Part I)—1970	Specification for Round steel short link chain (electric butt welded), Grade 30 Part I Non-calibrated load chain for lifting purposes (Second Revision)	S.O. 120 dated 1973-01-13	No. 1 Apr 1977	(i) Table 1 has been substituted by a new one (ii) Table 2 has been amended (iii) Clause 3.1.1.2 (a) has been amended.	1977-04-30
20. IS : 2494—1974	Specification for V-belts for industrial purposes (First Revision)	—	No. 1 Oct 1977	(i) Table 3A has been amended (ii) Clause 8.3 has been added after clause 8.2	1977-10-31
21. IS : 2576—1975	Specification for dry batteries for transistor radio receivers (First Revision)	—	No. 2 Jul 1977	Clause 0.4 has been added after clause 0.3 and the existing clause 0.4 has been re-numbered as clause 0.5	1977-07-31
22. IS : 2898—1976	Specification for steel balls for rolling bearings (First Revision)	—	No. 1 Oct 1977	Page 5, clause 11.3.1, line 4—Substitute 'crushes' for 'cracks'	1977-10-31
23. IS : 2923—1974	Specification for carmoisine, food grade (First Revision)	S.O. 424 dated 1975-02-15	No. 2 Oct 1977	(i) Table 1 has been amended and a footnote has been added at the end of the table (ii) Clause A-1.1 has been amended.	1977-10-31
24. IS : 2924—1974	Specification for fast red E, food grade (First Revision)	S.O. 424 dated 1975-02-15	No. 3 Oct 1977	(i) Table 1 has been amended and a footnote has been added at the end of the table (ii) Clause A-1.1 has been amended.	1977-10-31
25. IS : 3224—1971	Specification for valve fittings for compressed gas cylinders (First Revision)	S.O. 120 dated 1973-01-13	No. 4 Jul 1977	(i) Clauses 3.2 and 6.2 have been substituted by new ones (ii) Page 8, informal table under Fig. 3, col. 4—Substitute '17.67' for '17.87'. (iii) Page 16, Outlet No. 2, caption Substitute the following for the existing caption 'Outlet No. 2 Outlet Connection for Acetylene and Dimethyl Ether'. (iv) Page 20, Outlet No. 9 and 10, Fig. of hexagon nut—Substitute '14.3' for '17.5'. (v) Clauses 3.3 and 7.2 have been added after clauses 3.2 and 7.2 respectively.	1977-07-31

(1)	(2)	(3)	(4)	(5)	(6)
26. IS : 3351—1968 Methods of test for diesel engine full filters	S.O. 3745 dated 1968-10-26	No. 1 Oct 1977	Existing matter of the footnote with “*” mark at page 8 has been substituted.	1977-10-31	
27. IS : 4159—1976 Specification for mineral filled sheathed heating elements (First Revision)	---	No. 1 Aug 1977	(i) Page 6, informal table under clause 5.2 second column, third entry—Substitute ‘0.92’ for ‘0.92’ (ii) A note has been added after clause 7-2	1977-08-31	
28. IS : 4246—1972 Specification for domestic gas stoves for use with liquefied petroleum gases (First Revision).	S.O. 2557 dated 1975-08-09	No. 3 Aug 1977	Clause C-1,1.1 has been substituted by a new one	1977-08-31	
29. IS : 4761—1968 Specification for unsupported PVC rainwear	S.O. 368 dated 1969-01-25	No. 2 Jul 1977	Clause 3.2.2 has been added after clause 3.2.1.3.	1977-07-31	
30. IS : 4800 (Part V)—1968 Specification for enamelled round winding wires Part V wires for elevated temperatures	S.O. 368 dated 1969-01-25	No. 3 Oct 1977	This standard, at present, covers wires corresponding to Type 1 wires of the IEC Recommendations. This amendment is being issued to include the wires corresponding to Type 2 wires of the IEC Recommendation also.	1977-10-31	
31. IS : 4894—1968 Specification for centrifugal fans.	S.O. 2330 dated 1969-06-14	No. 4 Oct 1977	Page 19, Table 2, heading of col 5—Substitute ‘Class E Insulation’ for ‘Class C Insulation’.	1977-10-31	
32. IS : 4989—1974 Specification for foam compound for producing mechanical foam for fire fighting (First Revision)	S.O. 987 dated 1976-03-06	No. 2 Oct 1977	Page 4 of Amendment No. 1, clause T-3.5—Substitute the following for the existing clause : ‘T-3.5 Evaluation of Results—The sample of foam compound shall be deemed susceptible to microbial attack, if there is any growth of the fungi and the bacteria in the test petri dishes.’	1977-10-31	
33. IS : 5048—1969 Specification for equipment fasteners (web equipment pattern).	S.O. 3098 dated 1969-08-02	No. 1 Oct 1977	Clauses 5.1 and 5.2 have been amended.	1977-10-31	
34. IS : 5210—1969 Specification for high impact polystyrene sheet	S.O. 89 dated 1970-01-10	No. 1 Oct 1977	(i) Page 4, clause 3.1, line 2 Substitute ‘type 3 of IS : 2267—1972’ for ‘type 2 of IS:2267—1962’ (ii) Page 4 foot-note with asterisk (*) mark—Substitute the following for the existing matter : *Specification for polystyrene moulding materials (first revision). (iii) Clause A-2.1 has been substituted by a new one. (iv) Fig. 1 at page 7 has been substituted by a new one.	1977-10-31	
35. IS : 5346—1975 Specification for coaltar food colour preparations and mixtures (First Revision)	S.O. 2755 dated 1975-08-23	No. 3 Oct 1977	(i) Clause 5.1 has been amended. (ii) A note has been added after clause 4.1	1977-10-31	
36. IS : 5604—1970 Specification for universal gearless hand operated pulling and lifting machines	S.O. 3544 dated 1971-09-25	No. 3 Aug 1977	(i) Clause 3.2 has been substituted by a new one (ii) Page 5, foot-note with mark ‘††’ Delete	1977-08-31	
37. IS : 6117—1977 Specification for tapes, cotton (First Revision)	—	No. 1 Oct 1977	Informal table under clause 8 at page 2 has been amended	1977-10-31	
38. IS : 6365—1971 Specification for laboratory electric ovens	S.O. 2241 dated 1974-08-31	No. 2 Aug 1977	(i) Page 10, clause 9.2.4.1, line 5 and 6—Substitute ‘0.5C°’ for ‘0.3° C’. (ii) Clause 9.3.1 has been substituted by a new one	1977-08-31	
39. IS : 6390—1971 Specification for domestic electric clothes washing machine (Non-automatic)	S.O. 1265 dated 1974-05-25	No. 2 Aug 1977	(i) Clause 10.3.1 has been substituted by a new one (ii) Existing note under clause 10.3.6.2 has been substituted by a new one	1977-08-31	

(1)	(2)	(3)	(4)	(5)	(6)

ए० पी० बनर्जी, अपर महा निदेशक

S. O. 1228.—In pursuance of regulation 4 of the Indian Standards Institution (Certification Marks) Regulations, 1955, the Indian Standards Institution, hereby notifies that amendment(s) to the Indian Standard(s) given in the schedule hereto annexed have been issued under the powers conferred by the sub-regulation (1) of Regulation 3 of the said Regulations.

SCHEDULE

Sl. No. and title of the Indian Standard amended	No. and Date of Gazette Notification in which the establishment of the Indian Standard was notified	No. and Date of the Amendment	Brief particulars of the Amendment	Date from which the amendment shall have effect	
(1)	(2)	(3)	(4)	(5)	(6)
1. IS : 226—1975 Specification for Structural Steel (Standard quality) (Fifth revision).	S.O. 3279 dated 1976-09-11	No. 3 Jan 1978	(i) [Page 9, Table 1, Note 4 (see also Amendment No. 2)]—Delete (u) (Page 12, clause 14.2, lines 2 and 3)—Substitute '10mm' for '25 mm'.	1978-01-31	
2. IS : 302—1973 General and Safety requirements for Household and Similar Electrical Appliances (Fourth Revision)	S.O. 2858 Dated 1976-08-07	No. 4 Mar 1978	(i) Clauses 7.35, 27.1 and 27.1.2 have been substituted by new ones; (ii) Clause 43.5.2 has been amended; (iii) Clause 3.2.2.3 has been added after the Note of clause 3.2.2.2; (iv) (Page 54, Table 1, item 19)—Add asterisk mark(*) at this item and the following corresponding foot-note under the table; *In case the appliance with heating element(s) is taken from shelf and subjected to leakage current and high voltage tests in isolation, the tests shall be conducted after 10 minutes preheating. (v) A note has been added at the end of clauses 39.1 and 42.3.1 and (vi) New Appendices H and J have been added after appendix 'G'.	1978-03-31	
3. IS : 303—1975 Specification for plywood for general purposes (Second revision)	S.O. 2547 dated 1977-08-13	No. 2 Jan 1978	(i) Table 1 has been amended; (ii) Clause 6.1.1 has been substituted by a new one and (iii) Clause 5.2.1 has been added after clause 5.2	1978-01-31	
4. IS : 365—1965 Specification for electric hot-plates (revised)	—	No. 4 Mar 1978	Clause 7.2 has been substituted by a new one	1978-03-31	
5. IS : 625—1963 Specification for bicycle handle bars (revised)	S.O. 575 dated 1964-02-29	No. 1 Feb. 1978	(i) Informal table under clause 2.2 has been amended and (ii) Clause 5.1 has been substituted by a new one.	1978-02-38	
6. IS : 633—1975 Specification for DDT emulsifiable concentrates (First revision)	—	No. 1 Oct 1977	(i) Clauses 2.3.1, 2.3.1.1 and 3.1 have been substituted by new ones (ii) Existing matter of clause 2.2.4 has been substituted (iii) (Page 5, clause 3.2, line 1)—Delete the words 'shall be securely closed and'. (iv) [Page 5, clause 3.2 para (f)]—Substitute 'mass/mass' for 'mass/volume'. (v) [Page 5, clause 3.2 (g)]—Substitute the following for the existing matter. '(g) the cautionary notice worded as in the insecticide Act and Rules'. (vi) (Page 8, clause A-1 2 3.3, line 1 in the formula)—Substitute '3 546' for '35.46'.	1977-10-31	

(1)	(2)	(3)	(4)	(5)	(6)
				(vii) (Page 3, clause 0.2)—Add the following at the end of the clause: 'DDT emulsifiable concentrates are manufactured to contain 25 percent DDT (m/m)'	
				(viii) [Page 5, foot-note with mark (*)]—Add the following foot-note after the existing matter: '†Requirements for packing of pesticides: 'Part II Liquid pesticides.'	
7. IS : 754—1974	Specification for — handloom cotton SARIS (First revision)		No. 1 Feb 1978	(i) Table 1 has been amended (ii) Table 2 has been substituted by a new one (iii) (Page 6, Clause 6.1, line 3)—Substitute 'IS : 1347—1972*' for 'IS : 1347—1959*'. (iv) (Page 6, foot-note with '**' mark)—Substitute the following for the existing matter : **Code for inland packaging of cotton cloth and yarn (first revision)'	1978-02-28
8. IS : 909—1975	Specification for — underground fire hydrant, sluice-valve type (second revision)	S.O. 3350 dated 1977-10-19	No. 2 Feb 1978	Fig 2 has been substituted by a new one	1978-02-28
9. IS : 919—1963	Recommendations for — limits and fits for engineering (Revised)		No. 1 Mar 1978	Fig 4 alongwith its note has been substituted by a new one	1978-03-31
10. IS : 961—1975	Specification for — structural steel (high tensile) (Second revision)	S.O. 3279 dated 1976-09-11	No. 3 Dec. 1977	[Pages 10 and 11, Tables 1 and 2, Note 3 (see Amendment No. 2)]—Delete Note 3 in both the tables.	1977-12-31
11. IS : 1161—1968	Specification for — steel tubes for structural purposes (second revision)	S.O. 4599 dated 1968-12-28	No. 1 Jan 1978	(i) (Page 7, Table 1, col 5, against 'Nominal Bore 110')—Substitute '13.6' for '12.2'. (ii) (Page 9, Table 2, Note—Delete (iii) Page 11, heading of Section IV)—Substitute the following for the existing matter: SECTION IV SPECIFIC REQUIREMENTS FOR ELECTRIC RESISTANCE WELDED STEEL TUBES (ERW) (iv) Clause 17.1 has been substituted by a new one (v) (Page 12, heading of clause 19.2)—Substitute the following for the existing matter: 'Bend Test up to and including 50 mm Nominal Bore'.	1978-01-31
12. IS : 1242—1975	Specification for — handloom cotton shirting (first revision)	S.O. 1072 dated 1977-04-07	No. 1 Feb 1978	(i) Table 1 has been amended (ii) Table 2 has been substituted by a new one	1978-02-28
13. IS : 1306—1974	Specification for — aldrin, technical (First Revision)	S.O. 2855 dated 1976-08-07	No. 1 Apr 1978	(i) Table 1 has been amended (ii) Clause 3.1 has been substituted by a new one (iii) Page 5, clause 3.2(g)—Substitute the following for the existing matter: (g) The cautionary notice, worded as in insecticides Act and Rules. (iv) (Page 5, foot-note with '**' mark)—Add the following new foot-note after the foot-note with '**' mark : '† Requirements for packing of pesticides : Part I Solid pesticides.	1978-04-30

(1)	(2)	(3)	(4)	(5)	(6)
14. IS : 1431—1973	Specification for Cotton Mosquito netting, round mesh (First Revision)	S.O. 3069 dated 1975-09-13	No. 2 Mar 1978	This amendment is being issued to modify the number of holes on base and bias as well as the mass of mosquito netting and to specify the mild method for determining scouring loss.	1978-03-31
15. IS : 1959—1974	Specification for kerosene (second revision)	S.O. 987 dated 1976-03-06	No. 1 Oct 1977	Table 1 has been amended	1977-10-31
16. IS : 1786—1966	Specification for cold twisted steel bars for concrete reinforcement (revised)	S.O. 4023 dated 1966-12-31	No. 6 Feb 1978	Clause 9.1.3 has been substituted by a new one	1978-02-28
17. IS : 1879 (Pts I to X)—1975	Specification for malleable cast iron pipe fittings Part 1 general requirements (first revision)	—	No. 3 Mar 1978	(i) Clauses 5.2, 9.1 10.1 and 12.1 have been substituted by new ones (ii) (Page 7, first column, foot-notes with ‘*’ and ‘j’ marks)—Substitute the following for the existing matter : * Specification for whiteheart malleable iron casting (first revision). † Specification for blackheart malleable iron castings (first revision) (iii) Existing entries of Col. 3 of table 2 at page 7 have been substituted (iv) A note has been added after clause 13.2 (v) New matter has been added under respective columns of tables 1 and 2 at page 11 and 15 respectively	1978-03-31
18. IS : 1939—1975	Specification for handloom cotton handkerchiefs (First Revision)	S.O. 1092 dated 1977-04-09	No. 1 Feb 1978	(i) Table 1 has been amended (ii) Table 2 has been substituted by a new one	1978-02-28
19. IS : 2048—1975	Specification for parallel keys and keyways (First Revision)	S.O. 3081 dated 1977-10-08	No. 1 Feb 1978	Table 3 has been amended	1978-02-28
20. IS : 2266—1970	Specification for steel wire ropes for general engineering purposes (First Revision)	S.O. 3163 dated 1973-11-10	No. 1 Dec 1977	(i) IS : 1835—1966 has been substituted by IS : 1835—1976 appearing in clauses 1.2, 4.1, 7.2, 9.1.1 and 9.3 (ii) Foot-note with ‘*’ mark at page 5, 23 and 24 has been substituted by a new one	1977-12-31
21. IS : 2516 (Pt I/Sec 2)—1963	Specification for alternating current circuit-Breakers Part I Requirements Section 2 Voltage Range 1000 to 11 000 volts	S.O. 415 Dated 1964-02-01	No. 3 Dec 1977	Table 1 has been amended	1977-12-31
22. IS : 2813—1970	Terminology for foodgrains (First Revision)	S.O. 3015 dated 1971-08-14	No. 1 Feb 1978	(i) (Page 4, clause 2.6.5) Add the following sentence at the end: ‘In case of rice broken the following definitions shall apply.’ (ii) Clauses 2.6.5.1, 2.6.5.2 and 2.6.5.3 have been added after clause 2.6.5 (iii) (Page 4, clause 2.6.10)—Add the following foot note after the clause : ‘*Specification for test sieves (revised).’	1978-02-28
23. IS : 2887—1974	Specification for laundry soap powders (First Revision)	S.O. 3279 dated 1976-09-11	No. 1 Feb 1978	(i) Clause 6.2.1 has been substituted by a new one (ii) Clause 0.4 1 has been added after 0.4 (iii) Table 1 has been amended	1978-02-28

1	2	3	4	5	6
24.	IS : 3017—1965 Specification for thermostats for use with electric water heaters	S.O. 2673 dated 1965-08-28	No. 4 Feb 1978	Clauses 6.2 and 11.3.5 have been substituted by new ones	1778-02-28
25.	IS : 3370 (Pt IV)—1967 Code of practice for concrete structures for the storage of liquids Part IV design tables	S.O. 1455 dated 1969-04-19	No. 2 Feb 1978	Table 6 has been amended	1778-02-28
26.	IS : 3431—1975 Specification for steel for volute, helical and laminated springs for automotive suspension (First Revision)	—	No. 2 Dec 1977	Table 3 has been amended	1977-12-31
27.	IS : 3455—1971 Gauging practice for plain workpieces (First Revision)	S.O. 1265 dated 1974-05-25	Errata	(Applicable only to Amendment No. 1, — Dec 1976) (Page 12, clause 11.2, matter under 'Snap gauge size can be calculated as under') (a) Calculation against '+' GO size new—Substitute 'H ₁ ' — for 'H _{1/2} ' 2 (b) Calculation against '+' NO GO size—Substitute 'H ₁ ' — for 'H _{1/2} ' 2	
28.	IS : 3514—1966 Specification for electric coffee percolators (non-regulator type)	S.O. 241 dated 1967-01-21	No. 4 Feb 1978	Clause 10.3.7 has been substituted by a new one	1978-02-28
29.	IS : 3530—1966 Specification for rib-knitted cotton stockings	S.O. 241 dated 1967-01-21	No. 2 Feb 1978	(i) Table 2 has been substituted by a new one (ii) (Pages 11 and 12, clauses A-6 and A-7)—Delete	1978-02-28
30.	IS : 3545—1966 Specification for meat choppers	S.O. 241 dated 1967-01-21	No. 1 March 1978	(i) Fig 1 has been substituted by a new one (ii) (Page 4, Clause 3.2)—Add new clause 3.3 as under : '3.3 The width of bevelling of blade at cutting edge near the handle end shall be 8 mm.	1978-03-31
31.	IS : 3555—1966 Specification for cotton singlets, white with blue welting	S.O. 3065 dated 1966-10-15	No. 1 Feb 1978	(i) Table 2 has been amended (ii) (Page 12, clause A-6 and foot-note with '*' mark)—Delete	1978-02-28
32.	IS : 3600 (Pt 1)—1973 Method of testing fusion welded joints and weld metal in steel Part I general tests (First Revision)	S.O. 2939 dated 1975-09-06	No. 1 Feb 1978	(Page 7, clause 6.3, line 2)—Substitute 'Fig. 4' for 'Fig 5.'	1978-02-28
33.	IS : 3854—1966 Specification for switches for domestic and similar purposes	S.O. 287 dated 1968-01-20	*No. 3 Dec 1977	(i) (Page 3, clause 0.5, line 2)—Substitute 'Appendix C' for 'Appendix D'. (ii) Page 14, clause 11.1 (P)—Delete the test and renumber the subsequent tests accordingly (iii) Page 15, clause 11.1.2 (g) (see also Amendment No. 1)—Delete the test and renumber the subsequent tests accordingly. (iv) Page 15, clause 11.1.3 (b)—Delete the test and renumber test (c) as test (b). (v) Clauses 11.7.1 and 11.13 have been substituted by a new one (vi) Note has been added under clauses 5.3 and 11.14.2.2	1977-12-31
34.	IS : 3975—1967 Specification for mild steel wires, strips and taps for armouring cables	S.O. 3336 dated 1967-09-23	No. 6 Feb 1978	Page 9, clause 9.5.1, second sentence (see Amendment No. 5)—Substitute 14.5 × 10 ⁻⁶ ohm. cm' for '14.5 × 10 ⁶ ohm. cm'.	1978-02-28

1	2	3	4	5	6
35. IS : 4148—1967	Specification for surgical rubber gloves	S.O. 4562 dated 1967-12-23	No. 2 Dec 1977	Page 5, Fig. 1, dimension line 'Q' (see also Amendment No. 1)—Substitute dimension line 'Q' from BB to the top of middle finger for from BB to the top of first finger.	1977-12-31
36. पेट्रोलियम, रसायन और उर्बरक मंत्रालय

(पेट्रोलियम विभाग)

नई दिल्ली, 26 मार्च, 1981

क्रा० आ० 1229.—यतः पेट्रोलियम और खनिज पाइपलाइन (भूमि में उपयोग के अधिकार का अर्जन) अधिनियम 1962 (1962 का 50) की धारा 3 की उपधारा (1) के अधीन भारत सरकार के पेट्रोलियम, रसायन और उर्बरक मंत्रालय (पेट्रोलियम विभाग) की अधिसूचना क्र० आ० सं० 1798 दिनांक 5-7-80 द्वारा केन्द्रीय सरकार ने उस अधिसूचना से संलग्न अनुसूची में विनिर्दिष्ट भूमियों के उपयोग के अधिकार को पाइप लाइनों को बिछाने के प्रयोजन के लिए अर्जित करने का अपना प्राण्य घोषित कर दिया था,

और यतः सक्षम प्राधिकारी ने उक्त अधिनियम की धारा 6 की उपधारा (1) के अधीन सरकार को रिपोर्ट दे दी है,

और आगे, यतः केन्द्रीय सरकार ने उक्त रिपोर्ट पर विचार करने के पश्चात् इस अधिसूचना से संलग्न अनुसूची में विनिर्दिष्ट भूमियों में उपयोग का अधिकार अर्जित करने का निश्चय किया है।

अब अतः उक्त अधिनियम की धारा 6 की उपधारा (1) द्वारा प्रवृत्त शक्ति का प्रयोग करते हुए केन्द्रीय सरकार एतद्वारा घोषित करती है कि इस अधिसूचना में संलग्न अनुसूची में विनिर्दिष्ट उक्त भूमियों में उपयोग का अधिकार पाइपलाइन बिछाने के प्रयोजन के लिए एतद्वारा अर्जित किया जाता है,

और आगे उस धारा की उपधारा (4) द्वारा प्रवृत्त शक्तियों का प्रयोग करते हुए केन्द्रीय सरकार निवेदन देती है कि उक्त भूमियों में उपयोग का अधिकार केन्द्रीय सरकार में गिहित होने के बजाय इंडियन ग्रॉस कारपोरेशन लिमिटेड में सभी बाधाओं से मुक्त रूप से घोषणा के प्रकाशन की इस तारीख को निहित होगा।

MINISTRY OF PETROLEUM, CHEMICALS AND FERTILISER**(Department of Petroleum)**

New Delhi, the 26th March, 1981

S.O. 1229.—Whereas by a notification of Government of India in the Ministry of Petroleum, Chemicals and Fertilizer (Department of Petroleum) (S.O. 1798 dated 5-7-80 under Sub-section (1) of Section 3 of the Petroleum and Minerals Pipelines (Acquisition of Right of User in Land) Act, 1962 (50 of 1962) the Central Government declared its intention to acquire the Right of User in the lands specified in the schedule appended to that notification for the purpose of laying pipeline.

And whereas the Competent Authority has under Sub-section (1) of Section 6 of the said Act submitted report to the Government.

And further the Central Government has after considering the said report, decided to acquire the right of user in the lands specified in the schedule appended to this notification.

Now therefore, in exercise of the power conferred by Sub-section (1) of Section 6 of the said Act, the Central Government hereby declares that the right of user in the said lands specified in the schedule appended to this notification hereby acquired for laying the pipelines.

And further, in exercise of the power conferred by Sub-section (4) of that section, the Central Government directs that the right of user in the said lands shall instead of vesting in the Central Government vest on this date of the publication of this declaration in the Indian Oil Corporation Limited free from all encumbrances.

MINISTRY OF WORKS & HOUSING

New Delhi, the 4th April, 1981

S.O. 1240.—Whereas certain modification, which the Central Government proposes to make in the Master Plan for Delhi regarding the area mentioned hereunder, was published with notice No. F. 20(13)/80-MP, dated 4-10-80, in accordance with the provisions of section 44 of the Delhi Development Act, 1957 (61 of 1957) inviting objections and suggestions, as required by sub-section (3) of section 11A of the said Act, within thirty days from the date of said notice;

And whereas no objection or suggestion has been received with regard to the aforesaid modification;

Now, therefore, in exercise of the powers conferred by sub-section (2) of section 11A of the said Act, the Central Government hereby makes the following modification in the said Master Plan for Delhi with effect from the date of publication of this notification in the Gazette of India, namely :—

MODIFICATION

“The land use of an area, measuring about 0.85 hect. (2.11 acres) situated in Zone F-6 (Moti Bagh area) out of the ‘recreational’ area (district parks, play grounds and open spaces) is changed to ‘public and semi-public facilities’ (Higher Secondary School).”

[No. K-13011/15/80-DD.IIA]

S. BALAKRISHNAN, Desk Officer

सूचना और प्रसारण मंत्रालय

भाषण

नई दिल्ली, 30 मार्च, 1981

MINISTRY OF LABOUR ORDER

New Delhi, the 1st January, 1981

S.O. 1244.—Whereas the Central Government is of opinion that an industrial dispute exists between the employers in relation to the Singareni Collieries Company Limited, Belampalli Division-I and their workmen in respect of the matter specified in the Schedule hereto annexed ;

And whereas the Central Government considers it desirable to refer the said dispute for adjudication;

Now therefore, in exercise of the powers conferred by section 7A, and clause (d) of sub-section (1) of section 10 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby constitutes an Industrial Tribunal of which Shri V. Neeladri Rao shall be the Presiding Officer, with headquarters at Hyderabad and refers the said dispute for adjudication to the said Tribunal.

SCHEDULE

Whether the action of the Divisional Superintendent, Singareni Collieries Company Limited, Belampalli Division I, Belampalli (PO) Adilabad District (AP) in laying of the coal fillers, daily rated and monthly rated workmen of Mahaveerkhani No. 1 incline from first shift of 8-1-80 to second shift of 12-1-80 is justified ? If not, to what relief are the workmen concerned entitled ?

[No. L-21011(17)/80-D IV(B)]

New Delhi, the 3rd April, 1981

S.O. 1245.—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the following award of the Central Government Industrial Tribunal, Calcutta, in the industrial dispute between the employers in relation to the management of Girmint Colliery Girmint Sub-Area, of Eastern Coalfields Limited, P.O. Charanpur (Burdwan) and their workmen, which was received by the Central Government on the 28th March, 1981.

CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL AT CALCUTTA

Reference No. 58 of 1978

PARTIES :

Employers in relation to the management of Girmint Colliery, Girmint Sub-Area, P.O. Charanpur, Burdwan

AND

Their Workmen

APPEARANCES :

On behalf of Employers—Mr. A. Choudhury, Counsel with Mr. M. N. Kar, Advocate, and Mr. Shreechand Sahezwani, Manager, Girmint Colliery of Sreipur Area.

On behalf of Workmen—Mr. Sitaram Singh, and Mr. Bishwar Nunia, the two concerned workmen.

AWARD

This is a reference under Section 10 of the Industrial Disputes Act, 1947 sent to this Tribunal by the Government of India on the basis of its Order No. L-19012(38)/77-D.IV (B) dated 3rd June, 1978 for adjudication of an industrial dispute between the employers in relation to the management of Girmint Colliery, Girmint Sub-Area, P.O. Charanpur (Burdwan) of Eastern Coalfields Limited, hereinafter referred to as the "colliery" and their workman represented by the Organisation Secretary, Khan Shramik Congress, China Road, P.O. Ukhra (Burdwan), hereinafter referred to as the "Union". The dispute has been mentioned in the Schedule to the Reference as follows :

"Whether the action of the management of Girmint Colliery under Girmint Sub-Area of Eastern Coalfield Limited in not placing Sarvashri Sitaram Singh and Bishwar Nunia, Wagon Shunting Supervisors as Clerk in Grade III is justified ? If not, to what relief are the concerned workmen entitled ?"

2. The parties appeared and filed their respective written statement and several dates were fixed for peremptory hearing but the hearing was adjourned from time to time on the application of the parties. It appears from the record that on 20-11-80 a petition of compromise was filed by the parties. On that date nobody appeared on behalf of the Union but the learned Advocate representing the Colliery was present. I explained the contents of the petition and terms of compromise but the concerned workmen were not willing to accept the terms and therefore the said petition for compromise was not accepted by me. On 17-2-81 the case was taken up for hearing. The management was ready for hearing but nobody appeared on behalf of the Union. The two concerned workmen were present with one witness and as the Union did not come an application for adjournment was filed by the workmen. Today was fixed for preematory hearing.

3. When the matter is taken up for hearing to-day a petition has been filed by the two concerned workmen stating that the matter has been amicably settled between them and the Colliery and that a separate petition of compromise has been filed. It has been stated that the Union which sponsored the case is now unwilling to attend the Tribunal and is not looking to the best interest of the workmen concerned and hence the workmen filed the petition of compromise. The prayer is for consideration of the compromise filed to-day and in the petition of compromise it has been jointly prayed by the concerned workmen as well as the Colliery that an award may be passed by treating the settlement filed as a part thereof.

4. The contents of the petition filed by the two concerned workmen as well as those of the joint petition of compromise containing the terms of settlement have been explained to the concerned workmen in Hindi before this Tribunal and I have ascertained that they have understood the said contents and that they have willingly signed the petition as well as the joint petition of compromise.

5 Now the question is whether an award may be passed on the basis of the terms of compromise treating the same as part of the award. This reference has been the result of the espousing of the dispute by the Union on behalf of the workmen and the parties are the Colliery and the Union. I am satisfied that Union is not taking any interest in the affairs of the workmen as submitted by the workmen themselves. On the last occasion the Union was not present. Even today the Union has not taken any steps whatsoever in the matter of hearing of this reference. It is now 2.30 P.M. No representative of the Union has attended this Tribunal nor has any step been taken by the Union in this reference. From the absence of the Union as well as from the facts and circumstances I have no doubt that the Union

has lost its interest in the dispute and that the present dispute is no longer in existence particularly in view of the fact that the dispute has been amicably settled by and between the management of the colliery and the concerned workmen who are affected according to the dispute. I, therefore, find that there is at present no dispute and as such I pass a "No dispute" award. As there is a compromise between the management of the colliery and the concerned workmen and in order to make the circumstances clear, the joint petition of compromise shall be made Annexure "A" to this award.

6. I make it clear that on going through the terms of compromise I have no doubt that the mutual terms between the management of the colliery and the two concerned workmen filed today are legal, reasonable, voluntary and for the benefit of the workmen. As between the parties, there will be no bar to the management of the colliery to make it effective from today as prayed for by the parties, presented before me.

Dated, Calcutta,

The 23rd March, 1981.

R. BHATTACHARYA, Presiding Officer
[No. L-19012(38)/77-D.IV(B)]

ANNEXURE 'A'

BEFORE THE HON'BLE PRESIDING OFFICER
CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL,
CALCUTTA

Reference No. 58/78

PARTIES :

Employers in relation to the management of Girmint Colliery under Girmint Agent Office, ECL;

AND

Their workmen.

The employers and the concerned workmen jointly beg to state :

(i) That the subject matter of the above reference is in regard to the dispute over not placing S/Sri Sitaram Singh and Biseswar Nunia, Wagon Shunting Supervisors of Girmint Colliery in Clerical Gr. III by its management

(ii) That in the schedule of order of reference the said dispute has been framed as under.

"Whether the action of the management of Girmint Colliery under Girmint Agent Office, ECL in not placing S/Shri Sitaram Singh and Bisheswar Nunia, Wagon Shunting Supervisors as Clerk Gr. III is justified, if not to what relief are the concerned workmen entitled."

(iii) That the parties by mutual discussion explored the possibility of settling the said dispute amicably and as a result thereof the parties have been able to resolve the said dispute on the following terms :

(a) It has been agreed that the said two workmen will continue to work as Wagon Shunting Supervisors with that designation until otherwise decided by the management.

(b) That although there is no such designation in the Central Coal Wage Board Recommendations still it is agreed by the parties that in view of the nature of work being performed and to be performed by the said two workmen they will be placed in Tech. and Supv. Gr. 'E' of the Central Coal Wage Board Recommendations with the basic salary of Rs. 572 (Rupees five hundred and seventy two per month) the scale of Rs. 460-16-652 of the National Coal Wage Agreement (II). The next annual increment will fall due after one year from the date the settlement becomes effective.

(c) That the concerned two workmen will be fully responsible for arranging proper supervision of all jobs in connection with the incidental to the

shunting of wagons in the Colliery and to take all precautions in avoiding any accident in the performance of the above work.

(d) It is specifically agreed to by the parties that the aforesaid nomenclature and designation with corresponding grade as has been agreed to by the parties will not create any precedent in this Colliery and anywhere else.

(e) It has been agreed that this settlement will become operative from the date of the ward which will be passed by the Hon'ble Tribunal on the basis of the settlement.

(f) It is agreed by the workmen that there will be no claim for any arrear wages or for any other compensation or relief.

That inviting the attention of the Hon'ble Tribunal to the aforesaid terms the parties beg to state that the settlement as agreed to is quite justified and legal and the same is going to be approved by the Hon'ble Tribunal for maintaining harmonious relations between the parties and industrial peace at the establishment.

That the parties will bear their respective cost of this proceedings.

The parties jointly pray that the Hon'ble Tribunal may be pleased to accord its approval to the proposed settlement and to pass an award accordingly by treating this settlement as a part thereof and for this your petitioners shall ever pray.

New Delhi, the 3rd April, 1981

S.O. 1246.—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the following award of the Central Government Industrial Tribunal, Hyderabad, in the industrial dispute between the employers in relation to the management M/s. Singareni Collieries Company Ltd., Yellandu Colliery, Khammam District, Yellandu, Andhra Pradesh and their workmen, which was received by the Central Government on the 28-3-1981.

BEFORE THE INDUSTRIAL TRIBUNAL (CENTRAL)
AT HYDERABAD

Industrial Dispute No. 35 of 1978

BETWEEN

Workmen of Singareni Collieries Co. Ltd., Yellandu Colliery, Khammam District, Yellandu (A.P.)

AND

The Management of Singareni Collieries Co. Ltd., Yellandu Colliery, Khammam District, Yellandu (A.P.)

APPEARANCES :

Sri D. S Varma, Advocate—for the Workman.

Sri K. Srinivasa Murthy, Hony. Secretary, Federation of Andhra Pradesh Chambers of Commerce and Industry and Sri P. Krishnaji, Divisional Personnel Officer—for the Management.

AWARD

Under Sections 7A and 10(1)(d) of Industrial Disputes Act, 1947, the Government of India, Ministry of Labour referred to this Tribunal the following dispute between the

Workmen and the Management of Singareni Collieries Company Limited, Yellandu Colliery, Khammam District, Yellandu (A.P.) by its Order F.No. L-24012(17)/78-D IV (B), dated 20th October, 1978 :—

SCHEDULE

Whether the action of the management of Singareni Collieries Company Limited, Yellandu Division in dismissing Sri P. Satyanarayana ex. Watchman from service from 1-2-77 is justified? If not, to what relief is the concerned workman entitled?

2. My learned Predecessor, by the order dated 12-3-1980, held that the domestic enquiry relating to the present industrial dispute was fair and proper and it was in conformity with the principles of natural justice. Hence there is no need to refer to the pleadings in regard to the same, and I refer to the remaining pleadings.

3. The case of the Petitioner-Workman is briefly as follows :—This workman never violated any standing orders of the Company. Actually the area for which this workman was posted to watch is vast in extent and without any fencing. The stolen property was lying in an open space in a corner without any fencing or safety in that vast area, and behind that there is a big thick mangotope. It is very difficult and humanly impossible also to watch the entire area by one watchman. There were thefts a number of times but the Management did not take any care of those things. This watchman and some other watchman also brought to the notice of the concerned authorities about the unsafety position of the property of the Management and the necessity of appointing more watchman in the yard. They were informed that only one watchman is sufficient. On the night of 29-8-1977 at which this theft had taken place, it was raining and under such circumstances, no ordinary prudent watchman can watch each and every article lying in open place in a vast area particularly during night times. The conduct of this workman shows that he had been quite vigilant and the theft on that night took place under circumstances which were beyond the control and reach of this workman. Hence the said theft was not due to the negligence in duty of this workman. This workman had been participating in the union activities since a long time. For about one year prior to this incident, he had been functioning as the delegate of departmental watchman, and he had been dealing efficiently with the problems of the workers. He had to face the authorities of the Management many a times regarding the problems of the workers and the irregularities of the Management. After this workman was charge sheeted for this theft, many thefts had taken place where large properties were involved and after the concerned workmen were charge sheeted on similar grounds, they were given punishments simply by way of suspension for few days only. This workman alone was dismissed even though he had been working from the last 16 years. The Management took the occurrence of theft as an advantage to remove this workman from service, and thus it is a case of victimisation. The reference to the previous punishments on charges which are not relevant for the present purpose is illegal and untenable.

4. The case of the Respondent-Management is briefly as follows :—It will take about 8 minutes for the watchman to make a round of the complete area under his charge. The posting from which the pipes were stolen were adequately illuminated and it is also small when compared to the other single watchman postings at Yellandu Collieries. It is not necessary to post more than one watchman at Jawahar Khani No. 1 Incline on working days, as other workmen would also be available near about the posting to help the watchman in case of emergency. The day, on which these pipes were stolen from Jawahar Khani No. 1 Incline posting was a working day. The pipes could also be seen by the watchman from several points while making round of the posting. It is therefore impossible for any thief to steal 8 Nos. of 3/4" full length pipes from the area without being noticed by the watchman, had he been vigilant. This Management is not aware of the union activities of this workman. The allegation that this workman was dismissed for the union activities is false. This workman failed to

carry out the main duties in guarding the property of this Management. Further the loss of pipes caused damage to the progress of Company's work. The action taken by this Management against this workman is just and proper, and the punishment awarded is not excessive for he was suspended for various days on 4 occasions between 1975 and 1977 for sleeping while on duty and for absence, and he was also punished several times prior to 1975.

5. Except the assertion for the workman that he was taking active part in the union activities and hence the Management had taken this incidence of theft as an excuse to weed him out, there is no other material to substantiate the same when the Management denied it. Hence in view of the material on record, it cannot be stated that this punishment is an act of victimisation.

6. So the only other points that have to be considered are:

(1) Whether the theft in question was due to the negligence on the part of this workman? and

(2) If so, whether there are any circumstances warranting interference with punishment of dismissal?

7. Point 1.—The watchman for Jawahar Khani No.1 incline at Yellandu Collieries work in 3 shifts. During the days on which the mine works, only one watchman was appointed in each shift while on holidays, more than one watchman were appointed in each shift. This workman was the watchman for the night shift for this incline on the night of 29th August, 1977. The watchman relieved by this workman handed over 8 full length pipes of 3/4" diameter to this workman and they were found lying before a shed in the open. By that time, there was no compound wall for this area and there was only a fencing. There is a big mangotope on the left side corner of the site. This watchman could not hand over the pipes to his reliever as they were stolen when this workman on duty. Even this workman admitted the theft of the same. It is not even the case of the Management that this workman joined hands with persons who had stolen them.

8. It was urged for this workman as follows:—The area to be watched by the watchman is very vast and it is not possible for a single watchman to watch the same. This watchman and other watchmen represented to the Junior Inspector and the other authorities about the necessity of appointment of more watchman, but the Management had not chosen to appoint. So even if the watchman is vigilant, there is a possibility of theft being committed without the knowledge of the watchman. Hence in the circumstances it cannot be stated that the theft was due to the negligence of this watchman.

9. It was urged for the Management as follows:—It is possible for a single watchman to see all the points of this site from any portion of the site. As other workmen of the mine would be available during the working days and as the watchman can have the assistance of those workmen in case of any emergency, the Management did not find any necessity of appointing more than one watchman in each shift during working days. If this watchman was vigilant, there was no possibility for any intruder to come into this site and remove the articles of the Management. Hence it has to be stated that the theft was due to the negligence of this workman.

10. In view of the contentions, I felt that it would be proper to have a local inspection of the site, as there is not sufficient material on record in regard to the topographical details of the site. Hence I inspected the site in question in the presence of this workman and union representatives and the representatives of the Management and the learned counsels for both sides. By the date of inspection there was a compound wall for the site in question and it was represented for the Management that it was constructed long after the incident as a part of a phased programme for the construction of compound wall for the entire site of this mine at Yellandu. There were flood lights in the right portion of the site and hence there was good illumination. But while it was represented for the workman that by the date of incident there were no flood lights, it was represented for the Management that there were flood lights in the back side and the middle side in the right portion of the site and the flood lights in the middle were shifted to the right front side by the date of inspection. Again while according to the Management, the watchman on duty need not go on the right side of the bank head and hauler room as this Management

was not keeping any movables of value on that side, the case of the workman is that it is necessary for the watchman to go on the right side of bank head and hauler room along the route in which the watchman on duty at the time of inspection had gone when he was asked to show the route along which he used to go for rounds in discharge of his duties as watchman, and thus when the watchman is on the right side of the bank head and hauler room in his rounds, the bank head and hauler room would be obstructions for the view of the place at which the stolen rods were kept, and hence there was a possibility of committing theft of those rods without the knowledge of the watchman. Further when according to the Management there was electric light near the place where those pipes were kept, there was no such light within the reach of illumination of that portion according to the watchman. Thus the Management and the workman did not agree in regard to some of the points which are relevant for consideration and there is no possibility of accepting the versions of one or the other on the basis of mere inspection of the site in question.

11. Anyhow it is admitted even for the Management that the watchman on duty has to see the seal of the lock of the canteen which is behind the lamp room, and that lamp room will be an obstruction from the place where pipes were kept if the watchman is on back side of the lamp room. So if the watchman goes to that canteen, then the place where the stolen pipes are kept will be out of his sight.

12. In the evidence recorded by Enquiry Officer, it was noted that it takes 8 minutes for the watchman to complete one round of the site while it is urged for the workman that when he stated it as 30 minutes it was recorded as 8 minutes. Even assuming that it takes 15 to 30 minutes for completing a single round of the site, if the watchman was vigilant he would have noticed the loss of the pipes in question after he had come to that place on his round, if he found those pipes there in his earlier round. But this watchman had not stated that when he found them missing he raised an alarm. If an alarm was raised, there was a possibility of mobilising the workmen of this mine to trace the culprits. But it was stated for the workman that if culprits went to the mangotop on the left side of the site, there is no possibility of tracing them. But if the said mangotop is such a thick and vast top, the watchman should be vigilant in focussing the light towards that mangotop in order to see whether any persons were moving or hiding in that top. If the watchman takes that precaution, there is no possibility for any intruder to come from the direction of the mangotop. Further when the Management does not keep any articles of value on the right side of the bank head and hauler room, there will not be any need for the watchman to go along that side for all the rounds for mere sake of formality. Again when the watchman are in the habit of handing over the pipes in question to the reliever, it means that such items were specially entrusted to the watchmen and it is for the watchmen to take necessary precautions to see that they are not stolen and they have to keep them at such places which are not within the easy reach of outsiders. Even assuming that the illumination by the date of the incident was not to the extent it was by the date of inspection, the little illumination in the darkness would have been sufficient to observe the movements of the persons even though the identity of such persons cannot be noticed from a distance. So simply because only one watchman was appointed during the shifts, it cannot be stated that it was not possible for a single watchman to watch this site in question. Hence there is force in the contention for the Management that if this watchman was vigilant, the theft would not have taken place and hence I find this point against the workman.

13. Point—The value of these 8 stolen pipes was Rs. 200/-. The Management dismissed this workman for this misconduct as he was suspended for 4 times between 1975 and 1977 for sleeping while on duty and for absence from duty on some days. It was urged for the Management that in view of the earlier lapses on the part of this workman, the punishment of dismissal of this watchman for this misconduct cannot be treated as harsh, especially when it can be stated that the Management had lost confidence in this workman who was a workman as theft was committed when he was on duty.

14. It was urged for the workman as follows—After this workman was charge sheeted for this misconduct, some other workmen of this mine were charge sheeted when thefts were committed when those workmen were on duty as can be seen from Exs W1 to W6 and in none of those cases, the workmen were dismissed even though the charges were proved.

12 GI/81—14

and hence the punishment of this workman by way of dismissal should be held as harsh.

15. It is true that the orders of punishment in regard to the cases referred to in Exs. W1 to W6 are not filed for workman. But when it was represented for the workman that none of them was dismissed even though charges against them were held proved and they were given lesser punishments, the Management had not chosen to file any record to show that in fact they were dismissed even though the orders of punishment in regard to those cases are available with them. Hence adverse inference had to be drawn against the Management in regard to the same, and so the contention for the workman that none of them was dismissed even though the misconducts in their cases are similar to the misconduct of this workman can be accepted.

16. Now it has to be seen whether in view of the suspension of this workman on 4 occasions in the two years before the date of misconduct can be treated as an aggravating circumstance warranting dismissal. On one occasion this workman was suspended for absence probably without permission. It is not a case of absence from duty for some hours during the duty period. So the said act of misconduct is not having any bearing in regard to this misconduct.

17. On the 3 other occasions referred to, this workman was suspended as he was found sleeping during duty periods as watchman. But no thefts had taken place during those periods. It is not known whether during the said periods, properties of value were left in the open yard. Anyhow when the Management did not take the same seriously even when this workman was sleeping during his duty period as watchman and he was punished only by way of suspension for a few days, the same incidents cannot be taken as an aggravating circumstance for punishing this workman for this misconduct by way of dismissal when other workmen for similar misconduct were punished less severely. Hence I feel that in the circumstances the punishment given by the Management in dismissing the workman had to be treated as severe.

18. In the circumstances, I felt that it is proper to order reinstatement of this workman without back wages, as back wages can be disallowed by way of punishment and hence there is no need to impose any other punishment and I find accordingly.

19. In the result, the Management had to reinstate this workman without back wages.

Award is passed accordingly.

Dictated to the Stenographer, transcribed by him and corrected by me and given under my hand and the seal of this Tribunal, this the 19th day of March, 1981.

ORDER

New Delhi, the 21st February, 1981

S.O. 1247.—Whereas the Central Government is of opinion that an industrial dispute exists between the employers in relation to the Food Corporation of India, Tadepalligudem and their workmen in respect of the matter specified in the Schedule hereto annexed ;

And, whereas the Central Government considers it desirable to refer the said dispute for adjudication ;

Now, therefore, in exercise of the powers conferred by section 7A, and clause (d) of sub-section (1) of section 10 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby constitutes an Industrial Tribunal of which Shri M. Srinivasa Rao shall be the Presiding Officer, with headquarters at Hyderabad and refers the said dispute for adjudication to the said Tribunal.

SCHEDULE

Whether the action of the management of Food Corporation of India, Tadepalligudem (H.G. District) in terminating the services of the following workmen without following the provisions of Section 25F of the Industrial Disputes Act, 1947 is justified? If not, to what relief are the workmen entitled?

1. Smt. C. H. Anamma
2. Smt. U. Easteramma
3. Smt. B. M. Sampurna
4. Smt. J. Venkyamma.

ORDER

New Delhi, the 28th February, 1981

S.O. 1250.—Whereas the Central Government is of opinion that an industrial dispute exists between the employers in relation to the management of New Mangalore Port Trust, Panambur and their workmen in respect of the matters specified in the Schedule hereto annexed;

And, whereas, the Central Government considers it desirable to refer the said dispute for adjudication.

Now, therefore, in exercise of the powers conferred by Section 7A, and clause (d) of Sub-section (1) of Section 10, of the Industrial Disputes Act, 1947 (14 of 1947) the Central Government hereby constitutes an Industrial Tribunal of which Shri H. Shanmukhappa shall be the Presiding Officer with headquarters at Bangalore and refers the said dispute for adjudication to the said Tribunal.

SCHEDULE

Whether the demand of the New Mangalore Port and Dock Workers union for re-fixation of pay of Shri Balakrishnan Nair, Senior Signaller, in the scale of pay of Rs.380-560 for the period from 1st January, 1973 to 3rd August, 1975, is justified? If so, to what relief is the workmen concerned entitled?

[No. I 45012/1/80-D.IV(A)]

New Delhi, the 4th April, 1981

S.O. 1251.—In pursuance of section 17 of the Industrial Disputes Act 1947 (14 of 1947), the Central Government hereby publishes the following award of the Central Government Industrial Tribunal, Madras, in the industrial dispute between the employers in relation to the management of Standard Surveillance Corporation, Madras and their workmen, which was received by the Central Government on the 28th March, 1981.

BEFORE THIRU T. SUNDARSANAM DANIEL, B.A., B.L.,
PRESIDING OFFICER, INDUSTRIAL TRIBUNAL,
MADRAS

(Constituted by the Government of India)

Wednesday, the 18th day of March, 1981

Industrial Dispute No. 64 of 1980

(In the matter of the dispute for adjudication under Section 10(1)(d) of the Industrial Disputes Act, 1947 between the workmen and the Management of Standard Surveillance Corporation, Madras.)

BETWEEN

The workmen represented by

The General Secretary,

Madras Harbour Workers' Union,

Bhagat House, 204, Broadway, Madras—600001.

AND

M/s. Standard Surveillance Corporation,

No. 17, Second Line Beach, Post Box No. 1250,

Madras-600001.

REFERENCE:

Order No. L-33011/2/80-D.IV(A), dated 9th September, 1980 of the Ministry of Labour, Government of India.

This dispute coming on for final hearing on Saturday, the 14th day of February, 1981 upon perusing the reference, claim and counter statements and all other material papers on record and upon hearing the arguments of Thiruvallargal R. Ganesan and P. Gunaraj, Advocates for the workmen and of Thiruvallargal T. S. Gopalan, I. Ibrahim Kalifulla and P. Raghunathan, Advocates for the Management and this dispute having stood over till this day for consideration, this Tribunal made the following

AWARD

This is an Industrial Dispute between the workmen and the Management of M/S. Standard Surveillance Corporation, Madras-1 referred to this Tribunal for adjudication under Section 10(1) (d) of the Industrial Disputes Act, 1947 by the Government of India in Order No. L-33011/2/80-D.IV (A), dated 9-9-1980 of the Ministry of Labour, in respect of the following issue:

Whether the action of the management of Standard Surveillance Corporation, Madras in terminating the services of the undermentioned 24 workmen with effect from 1st June, 1980 is lawful and justified? If not, to what relief are the concerned workmen entitled?

Name of the workmen

1. Shri B. Baskaran
2. Shri C. Dilli Babu
3. Shri M. Ganesan
4. Shri N. Muthu
5. Shri T. V. Madhanagopal
6. Shri J. A. Navin Kumar
7. Shri D. Panneerselvam
8. Shri V. Parthiban

9. Shri D. Ramesh Babu
10. Shri K. Ramesh Babu
11. Shri K. Ramachandran
12. Shri S. Ramachandran
13. Shri G. V. Raghavan
14. Shri S. Subramanian
15. Shri N. Sukumar
16. Shri G. Sethuraman
17. Shri R. M. Sankaran
18. Shri S. Syed Sultan
19. Shri S. Srinivasan
20. Shri R. Seshagiri
21. Shri A. Venkatesan
22. Shri T. V. Venkata Prasad
23. Shri P. V. Veera Raghavan
24. Shri V. K. Ranganathan

(2) Facts leading upto this dispute are as follows :

The Management is M/s. Standard Surveillance Corporation, No. 17, Second Line Beach, Post Box No. 1250, Madras-1, Tamil Nadu. The Management is a partnership firm engaged in survey, loss assessment and recovery agency in respect of cement shipments and general cargo. The Oriental Fire and General Insurance Company Limited, New Delhi are the insurers for cement shipments and general cargo. The work of surveying and loss assessment can be attended to only by persons licensed by the Controller of Insurance. The Management was acting as claim recovery agents for third parties on subrogation. On behalf of the Insurance Companies, the Management also undertook supervision of discharge and delivery of specialised nature of general cargo such as sophisticated machinery etc. Generally, our country was producing adequate quantity of cement to meet its internal requirements and as a matter of fact it was also in a commanding position and even exporting cement to foreign countries. However, the supply of cement fell short of demand towards the end of 1977 and therefore the Government of India decided to import adequate quantity of cement through the State Trading Corporation of India to meet the urgent requirements and the shortage of about 2 million tonnes arising out of demand from housing, irrigation and public works. Even according to the claim of the Union in paragraph (2) of the claim statement at page (2), the Management has been engaged by the Oriental Fire and General Insurance Corporation continuously since January, 1978. Ex.M-2 is the Management's offer to carry out the supervision of discharge and delivery of shipment of cement at Madras, Visakapatnam and Cochin ports. Ex.M3 is the letter from the Oriental Fire and General Insurance Company Limited, New Delhi dated 2-1-1978 appointing the Management to undertake supervision of discharge and delivery of cement at the ports of Madras, Cochin, Visakapatnam. Pursuant to Ex. M-3, the Management undertook the supervision of discharge and delivery of cement in the Madras Port. We are not concerned with the work at Cochin or Vishakapatnam. In order to attend to this work the Management engaged workman primarily for attending to work connected with the supervision of discharge and delivery of cement in Madras Port and these workmen were almost exclusively drafted to supervise the cement shipments. The Management had employed the 24 workmen mentioned in the reference made by the Government of India. These workmen were attending to the work of survey, delivery, weightment and cross checking of the cement consignment. The first ship carrying cement shipment arrived at Madras Port and commenced discharge of cement on 28-1-1978. Naturally, the number of men drafted for supervision of cement shipment used to vary depending on the progress of discharge and the discharge operation will go on continuously day after day necessitating engagement of men on multiple shifts. Hence the engagement of these workmen depended on the arrival of ships and none of these workmen would be engaged when no ship carrying cement was berthed in the Madras Port. Ex.M5, M6 and M7 are statements showing the days worked by the various workmen during the years 1978-1979 and 1980. From Ex.M5, M6 and M7; it can be gathered that out of the 24 workers mentioned in the order of reference made by the Government of India excepting three persons, all others were engaged only after September, 1978 and about 19 of them never worked during 1978. At this juncture, it will be pertinent

to point out that the work of survey and loss assessment is certainly different from the work of supervision of discharge and delivery of cargo in the Port. So to say, survey of loss assessment is a port-mortem while the supervision of discharge and delivery of cargo is for prevention of loss. In other words, the supervision of discharge and delivery of cargo is only a preventive measure, as any loss arising out of the shipment will have to be borne by the Insurance Company and in their own interest the Insurance Companies want to supervise the discharge and delivery though they are done under the auspicious of the steamer agent and the Madras Port Trust. Apparently, the object of supervision is that the presence of a representative of the Insurance Company at the time of delivery and discharge will minimise the scope for loss at that stage.

(3) While so, the workmen so employed by the Management at Madras Port Trust purported to place a charter of demands on the Management through the Madras Harbour Workers' Union. Ex. W-29 is the charter of demands of the Union dated 30-1-1980. It may also be remembered that the claim statement on behalf of these 24 workmen has been filed by the Madras Harbour Workers' Union. A tentative agreement was reached between the workmen and the Management on 3-5-1980—vide Ex. M-8 and the draft given to the Union is also marked as Ex. W-35. Under Ex. M-8, the wages of these 24 workmen were considerably increased and they will also be paid a bonus of 8.33 per cent of the gross wages earned by them during each of the accounting years and the settlement was intended to be in force till 31-12-1982. However, the settlement was not finalised and according to the Union as seen from page (4) paragraph (7) of the claim statement, after signing the memorandum of settlement with the Union, the Management have gone back on their commitment and acted illegally in terminating the services of the 24th workmen. Certain developments had taken place in between the date of the draft settlement entered into between the parties under Ex. M-8 on 3-5-1980 and 30-5-1980. Eventually, on 30-5-1980, individual notices were sent by the Management to all the workmen stating that the Management has decided to cease their activities in supervision of discharge and delivery of imported cement shipments in Madras Harbour with effect from 1-6-1980 and therefore their services will not be required on and from 1-6-1980 and the workmen were asked to surrender the property belonging to the Management and to settle their individual accounts. Ex. W-34 is the communication from the Petitioner's Union to the Management calling on them to cancel the termination orders issued to all the employees forthwith, failing which the Union has to take appropriate steps to redress their grievances. Ex. W-33 is a letter from the Union to the Assistant Labour Commissioner (Central)—I regarding termination of these 24 workmen. Ex. M-12 is the Conciliation Failure Report dated 22-7-1980. Eventually, the Government of India has made the present reference to this Tribunal on 9-9-1980.

(4) The crux of the issue is :

Whether the Management had closed down the undertaking of the supervision of discharge and delivery of general cargo or cement with effect from 1-6-1980.

Therefore in the first place, it has to be seen whether the closure of the business or undertaking carried on by the Management is real or only a pretence of closure as the Union would have it. It is common ground that the Management was licensed by the Controller of Insurance for conducting survey and assessing losses. They were acting as claim recovery agents for third parties on subrogation. The Management also undertook supervision of discharge and delivery of specialised nature of general cargo such as sophisticated machinery etc. Ex. M-5 is a statement showing the days worked by the workmen during the year 1978. Even according to the Union, all these 24 workmen were working under the Management from January, 1978 onwards. That only confirms the origin of the employment of these workmen by the Management viz., in the last quarter of 1977 the Government of India decided to import cement from Korea and Rumania and import of cement was channelised through the State Trading Corporation of India and was insured with the Oriental Fire and General Insurance Company Limited, New Delhi. Ex.M-2 would indicate the offer made by the Management to carry on the supervision of discharge and delivery of cement in certain ports including Madras port and the terms stipulated by the Oriental Fire and General Insurance

Company Limited, New Delhi and eventually appointment of the Management under Ex.M-3 to undertake the supervision of discharge and delivery of cement at the ports of Madras, Cochin and Visakapatnam. In this background, it can be appreciated that from Ex.M-5 that only three persons out of the 24 persons mentioned in the order of reference were engaged by the Management in 1978 upto August, 1978. In September and October, 1978 only five out of these 24 workmen were engaged and November, 1978 only four and in December, 1978 only two. Ex.M-4 is a statement showing the name of the Vessel, commencement of discharge, completion of delivery and total number of working days and also the total number of non-working days between these ships from January, 1978 upto March, 1980. During the relevant period from 1978, 1979 and 1980 as borne out by Ex.M-4, cement cargo had not been handled for periods ranging from three days to 77 days. Depending on the quantity of cement discharged by the ship general it will last for 10 days to 30 days. Discharge of cement cargo in three shifts will be attended to all 24 hours. From the unchallenged evidence of the partner of the Management M.W.1, it is clear that excepting on one rare occasion during the last three years there was no occasion an another ship was discharging cement while an earlier ship was discharging cement cargo. Normally 8 workmen per shift are engaged to supervise discharge of cement cargo. M.W.1 has also explained that in general cargo, it may involve discharge of one item or 100 items and therefore each item has to be discharged. But in the case of cement cargo, the discharge of cargo would be one of continuous process and in the general cargo supervision, the Management used to employ only 2 or 3 workmen to attend to the work and in the case of employing the workmen to cement cargo, the responsibility is given to the shift in-charge to engage the required employees. As the cement cargo is discharged, for the first few days, few workmen will be employed and this will be gradually increased and later towards the end of the discharging again lesser number of workmen will be employed. On these materials, it is not difficult to find that the Management has employed these 24 workmen whenever needed in order to attend to the supervision of discharge and delivery of cargo, i.e., all the business as entrusted to the Management by Oriental Fire and General Insurance Company Limited, New Delhi.

(5) As already pointed out the grievance of the Union is that after signing the memorandum of settlement with the Union under Ex.W-35, the Management have gone back on their commitment and acted illegally in terminating the services of the 24 workmen. Therefore it is a unique case where both the Union and the Management swear by the terms of settlement entered into under Ex. M-8 on 3-5-1980. Of course it did not fructify into any regular settlement as envisaged under Section 12(3) of the Industrial Disputes Act, 1947. However, there is absolutely no controversy about the terms of settlement agreed to between the parties under Ex.M-8 or Ex. W-35. As seen from these two drafts, clause (1) states that the settlement will apply only to the 24 workmen presently engaged in the supervision of the discharge of cement in the Madras Port. Clause (3) states that the concerned workmen will be provided with work in all the days when the work of discharge of cement is carried on under the supervision of the Management. Therefore, it is manifest that the services of these 24 workmen were intended to be continued in the activities of the Management in supervision of discharge and delivery of cement shipments at Madras port. No doubt, at times the Management has to supervise discharge and delivery of general cargo entrusted by Insurance Company. However, this work of supervising discharge and delivery of general cargo was negligible when compared with the work of supervision of discharge and delivery of cement. From the evidence, it is clear that while the discharge of cement will be of a very large quantity involving continuous operation for a long periods from 10 to 30 days in the case of general cargo it may be a few consignments and the work itself will be restricted to a very few days. Even W.W.1 admits that during the tenure of his employment for two or three calendar years he had worked on general cargo for 23 days as against his working for more than 400 days on cement. This fact should be borne in mind along with the terms of settlement entered into between the parties under Ex.W-35 on 3-5-1980 stating that these workmen will be engaged in the supervision of discharge of cement in Madras Port. That apart, after the formation of Marine Cargo Loss Minimisation Cell under the auspicious of General Insurance Corporation of India, the Management was not getting business of general cargo. From Ex. M-14 one fact

can be gathered, viz., formation of marine Cargo Loss Minimisation Cell at Madras General Insurance Corporation of India and the main function of the cell was to deal with loss minimisation, prevention, supervision and tracing in respect of the Marine Cargo. This was sometime in November, 1979. Therefore, after November, 1979, it can be safely found as spoken to by M.W. 1 that the Management was only engaged in supervision of discharge of cement cargo in the Madras Port and this was also the assurance extended by the Management under Ex. W-35 and Ex. M-8 that they continued to do the business of supervising the discharge of cement cargo at Madras Port.

(6) At this juncture, I may refer to the unforeseen developments that took place between the draft settlement entered into between the parties under Ex. M-8 on 3-5-1980 and the stoppage of business by the Management with effect from 1-6-1980. Management says that for reasons best known to the Petitioner-Union the agreement could not be signed between the parties on the basis of the understanding arrived at under Ex. M-8 or Ex. W-35. According to the Management, the workmen started behaving in a high handed fashion and disobedience and insubordination became order of the day ever since the draft settlement under Ex. M-8 dated 3-5-1980. M.W. 1 says that between 3-5-1980 and 30-5-1980, these workmen began to resort to fictitious attendance, disobedience and insubordination and he also says that he tried his best to contact the Union leader W.W. 2 on the phone, but could not contact him. Therefore the Management decided to close the venture and on 23-5-1980, he went to Delhi and informed in person to the Insurance Company that the Management can no longer continue to do the work entrusted to him. Ex. M-9 is the telex message from the Oriental Fire and General Insurance Company Limited, New Delhi received by the Management. This confirms M.W. 1's claim that he had informed the Insurance Company at Delhi that the Management cannot continue to do the work. That apart, the Insurance Company had immediately made alternative arrangement with M/s. Metcalf and Hodgkinson Private Limited. Therefore it is abundantly clear that the Management ceased to act or do business on behalf of the Oriental Fire and General Insurance Company Limited with effect from 1-6-1980. Thus the closure of the business of the Management in supervising the discharge and delivery of cement and general cargo on behalf of the Oriental Fire and General Insurance Company Limited, New Delhi is real with effect from 1-6-1980. The Management procured business from the Oriental Fire and General Insurance Company to supervise the discharge and delivery of cement and general cargo under Ex. M-3 from January, 1978 and only in order to carry out that undertaking the Management had at various periods employed these 24 workmen and so when under Ex. M-9, the business of the Oriental Fire and General Insurance Company Limited entrusted to the Management is taken away, then there remains no business or undertaking of the Management to enable them to continue to employ these 24 workmen. Hence, as a matter of fact, the Management has closed down the business with effect from 1-6-1980 which earlier enabled them to engage the services of these 24 workmen.

(7) I may also advert to the case of the Union that the so-called closure was not real but only a pretence of closure. In paragraph (9) of the claim statement filed by the Petitioner-Union it is said that the Management has not ceased its activities in the supervision of discharge and delivery of imported cement shipments in the Madras Harbour and in fact the survey work regarding supervision of discharge and delivery of cement shipment in Madras Harbour is still being done by the Management in a clandestine manner and through a benami device. It behoves me to find out if there is any truth in these allegations. In paragraph (14) of the counter statement filed by the Management, the Management would say that these allegations are deliberately made with the full knowledge that the said allegations were untrue. Nowhere in the claim statement filed by the Petitioner-Union is there any whisper as to how the Management carries on the same business even after 1-6-1980. While so, for the first time at the time of recording evidence the oral evidence was adduced by the Union to the effect that the Management is carrying on the supervision of discharge and delivery of cement at Madras Port in the name of M/s. Metcalf and Hodgkinson Private Limited. As already pointed out that the Management was doing this business of supervision of discharge and delivery

of cement only on being licensed from the Oriental Fire and General Insurance Company Limited, New Delhi at the Madras Port. Ex. M-9 is a telex message from the Oriental Fire and General Insurance Company Limited, New Delhi in forming that cement vessels henceforth calling at Madras and Tuticorin Ports would be attended to by M/s. Metcalf and Hodgkinson, Supervisors and Surveyors on their behalf and that the Management, viz., M/s. Standard Surveillance Corporation, Madras is no longer working for them. Therefore, in the face of Ex. M-9, it is difficult to accept the one-sided oral testimony of W.W. 1 to 3 to the effect that the Management is continuing the same business even after 1-6-1980 under the name of M/s. Metcalf and Hodgkinson Private Limited. M.W. 1, the partner of the Management has clearly stated that their firm has absolutely no dealing and undertaking with M/s. Metcalf and Hodgkinson Private Limited. On the other hand, the Senior Assistant working in the Oriental Fire and General Insurance Company Limited at the Regional Office at Madras has been examined as M.W. 2. He has spoken to the fact that he is working in the Marine Department and has to deal with the Management as they were attending to supervision of discharge and delivery of cement and general cargo on their behalf. He has categorically stated that the Management is not attending to their work since June, 1980 and in the place of the Management, the Corporation has appointed M/s. Metcalf and Hodgkinson Private Limited to attend to their work at Madras Harbour from June, 1980. He has also stated that the Headquarters at New Delhi had issued the necessary orders to M/s. Metcalf and Hodgkinson Private Limited even on 28-5-1980. (He had the order with him when he gave evidence before this Tribunal). In the face of these unimpeachable materials, the claim of Union that the Management is carrying on the business of supervision of discharge and delivery of cement at Madras Port even after 1-6-1980 in the name of M/s. Metcalf and Hodgkinson Private Limited cannot be accepted. There is also little or no satisfactory evidence whatsoever to support the case of the Union in paragraph (10) of the claim statement "that the survey work in respect of the general cargo is even today directly attended to by the respondent firm by engaging new workers."

(8) In paragraph (8) of the claim statement filed by the Union it is stated that the action of the Management is vindictive and mala fide and that the Management has drawn inspiration from another similar Company M/s. J. B. Boda Marine and General Survey Agencies who have refused to give employment to workmen and entrusted survey work to so-called sub-contractor. There is no acceptable material placed before this Tribunal to find out when the aforesaid M/s. J. B. Boda Marine and General Survey Agencies had terminated the services of their workmen and how their work is being turned out after such alleged termination. W.W. 1 is one of the 24 workmen referred to in this reference by the Government of India. W.W. 2 is the Vice-President of the Petitioner-Union. Both of them would say that after the workmen employed by M/s. J. B. Boda Marine and General Survey Agencies had joined the Petitioner-Union, the said Company had terminated the services of those employees but continued to carry on the business through sub-contractor. W.W. 2 has frankly admitted in cross-examination that he does not know the relationship of the Management either with M/s. J. B. Boda Marine and General Agencies or M/s. Metcalf and Hodgkinson Private Limited. But significantly, W.W. 2 has admitted that M/s. J. B. Boda Marine and General Survey Agencies had terminated the services of their employees even with effect from 19-2-1980 whereas the 24 workmen of the Management became members of the Petitioner-Union in December, 1979 and the charter of demands presented by the Petitioner-Union is dated 30-1-1980—vide Ex. W-29. After the receipt of the charter of demands, M.W. 1 states that he invited the Petitioner-Union for discussion and discussion had lasted from sometime in March, 1979 till the 1st week of May, 1980 when eventually a tentative agreement was reached between parties on 3-5-1980 under Ex. M-8. As seen from the terms of settlement Ex. M-8, the Management has agreed to raise the wages of the workmen from Rs. 7 per day to Rs. 12 per day. W.W. 1 has admitted that the Management had agreed to this wage raise even at the outset. Therefore, it is clear that the Management was anxious to continue the workmen in employment. Moreover, the terms of Ex. W-35 would also throw considerable light that at that time, the Management was very much anxious to continue the present business and affording employment to the 24 workmen. If the settlement under Ex.

W-35 had materialised, it would have been force till 31-12-1982. I must mention that the demeanour of M.W. 1 in the witness box really impressed me that he is telling the truth. In particular, I may advert to his answer to a suggestion made to him in cross-examination appearing at page 19 of deposition to the effect that he had drawn any inspiration from M/s. J. B. Boda Marine and General Survey Agencies in terminating the services of these 24 workmen is unequivocal reply is insignificant. His answer is: "On the other hand I told my boys (24 dismissed workmen) either I do the business with you all or I do no business." This would definitely demonstrate the absolute bona fides of the action of M.W. 1. Therefore, all these factors would go to dispel any lingering thought that the Management was vindictive or that the Management had drawn any inspiration from M/s. J. B. Boda Marine and General Survey Agencies to discontinue the services of these 24 workmen. It is true that the Management is firm functioning at Madras ever since 1963. As a firm, they are insurance surveyors and loss assessors. They also act as recovery agents and they also recover claims on behalf of parties concerned from carriers. But they have been licensed by the Controller of Insurance to do the business on behalf of the Insurance Company surveying and loss assessment from January, 1978 and this has lasted till May, 1980 and simply because after May, 1980 the Management continues to do their normal work prior to January, 1978 it does not very much assist the Union to find that the closure is not real. On the other hand, the employment of these 24 workmen had commenced only from January, 1978 after the Controller of Insurance had licensed the Management to do the business on behalf of the Insurance Company and once that work is withdrawn from the Management, it cannot be concluded that the Management continues to do the business as before to enable these workmen to be engaged by them. Under these circumstances, I have no hesitation to find that the closure of the undertaking by the Management which necessitated the employment of these 24 workmen was real as a matter of fact.

(9) That leads me to the final consideration as to the relief to these 24 workmen would be entitled to under Section 25-FFF of the Industrial Disputes Act, 1947. Admittedly, no notice and compensation in accordance with the provisions of Section 25-F of the Industrial Disputes Act, 1947 had in fact been issued to any of these 24 workmen. That would take me to the consideration as to whether these 24 workmen or any of them had been in continuous service for not less than one year under the Management. The Management does not dispute the fact that all these 24 workmen were under their employment until their services were terminated by the Management with effect from 1-6-1980. In 1970-II-L.L.J. Page 306 (Ramakrishna Ramnath vs. The Presiding Officer, Labour Court, Nagpur and another), the Supreme Court has held that "if there is a closure of a business within the meaning of Section 25-FFF a workman who has been in continuous service for not less than one year in that undertaking immediately before the closure becomes entitled to notice and compensation in accordance with the provisions of Section 25-F of the Industrial Disputes Act, 1947 as if he or she had been retrenched. Section 25-F specifies the measure of compensation". Exs. M-5 to M-7 are statements showing the days worked by the 24 workmen during the years 1978, 1979 and 1980 respectively. M.W. 1 has in chief-examination stated that "Exs. M-5, M-6 and M-7 contain particulars of attendance of these 24 workmen employed by us to work at a harbour for 1972, 1979 and 1980." In cross-examination he has clearly stated that "the figures furnished by us under Exs. M-5, M-6 and M-7 are correct." Therefore even on the strength of Exs. M-5, M-6 and M-7, it has to be seen whether the 24 workmen or any of them had actually worked under the employer for 240 days in the preceding period of 12 months before 1-6-1980. In AIR 1981-Vol. 68 Page 422 (Surendra Kumar Verma vs. Industrial Tribunal-Labour Court, New Delhi), the Supreme Court has clearly pointed out that in order to claim the relief under Section 25-F of the Industrial Disputes Act, 1947, there is no stipulation that workman should have been in employment or service under the employer for a whole period of 12 months. In fact the thrust of the provision is that he need not be. A workman who has actually worked for not less than 240 days during a period of 12 months shall be deemed to have been in continuous service for a period of one year whether or not he has in fact been in such continuous service for a period of one year and that it is enough that he has worked for 240 days in a period of 12 months, it is not necessary that he should have been in the service of the employer for

one whole year. Therefore, culling out the data from Exs. M-5, M-6 and M-7, learned counsel for the Union Thiru R. Ganesan had submitted a list (containing 23 workers) showing the total number of days worked during the calendar year preceding the termination from 1-6-1979 to 31-5-1980. Hence if these figures are examined, it can be seen that the following seven out of the 24 workmen have not worked for 240 days in a period of 12 months under the Management as on 31-5-1980. They are :—

	Total No. of days worked
(1) Thiru A. Venkatesan	205
(2) Thiru V. K. Ranganathan	188
(3) Thiru J. A. Navinkumar David.	191
(4) Thiru S. Syed Sultan	182
(5) Thiru P. V. Veeraraghavan	233
(6) Thiru N. Muthu	213
(7) Thiru S. Ramachandran	225

Therefore it follows that the remaining 16 workmen, namely, Thiruvalargal R. M. Sankaran, V. Parthibhan, D. Pannecselvam, D. Ramesh Babu, T. V. Madhana Gopal, S. Subramaniam, G. Sethuraman, K. Ramesh Babu, B. Baskaran, G. V. Raghavan, N. Sukumar, T. V. Venkataprasad, C. Dillibabu, K. Ramachandran, S. Srinivasan and M. Ganesan would be entitled to the notice pay and closure compensation under Section 25-FFF of the Industrial Disputes Act, 1947. However, learned counsel for the Management Thiru Gopalan would say that these workmen can work out their right by independent proceedings under Section 33-C(2) of the Industrial Disputes Act, 1947. There is no need to drive these workmen to another bout of litigation. Even the reference made by the Government of India gives this Tribunal jurisdiction to decide if the workmen are entitled to any relief. That will be good enough to clothe me with jurisdiction to ascertain the notice pay and closure compensation with regard to these 16 workmen under Section 25-FFF of the Industrial Disputes Act, 1947. As already referred to even according to M.W. 1, the Management has parted with these boys in good faith and therefore the Management can easily without any delay pay this closure compensation to these 16 workmen under Section 25-FFF of the Industrial Disputes Act, 1947. Excepting this relief, the workmen are not entitled to any other relief.

(10) In the result, an Award is passed holding that the action of the Management in terminating the services of these 24 workmen consequent on the closure of their undertaking with effect from 1-6-1980 is justified, but 16 out of these 24 workmen as detailed in this Award would be entitled to notice pay and closure compensation under Section 25-FFF of the Industrial Disputes Act, 1947. In the circumstances, I direct the Management to pay this compensation to these 16 workmen within three months from the date of the publication of this Award. If however, any concerned workmen is dissatisfied with the quantum of compensation determined by the Management, it is open to him to seek appropriate relief by taking proceedings under Section 33-C(2) of the Industrial Disputes Act, 1947. In the peculiar circumstances of the case, I direct the parties to bear their respective costs.

Dated, this 18th day of March, 1981.

ORDER

New Delhi, the 20th March, 1981

S.O. 1252.—Whereas the Central Government is of opinion that an industrial dispute exists between the employers in relation to the management of Canara Bank and their workmen in respect of the matter specified in the Schedule hereto annexed ;

And whereas the Central Government considers it desirable to refer the said dispute for adjudication;

Now, therefore, in exercise of the powers conferred by section 7A and clause (d) of sub-section (1) of section 10 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby constitutes and Industrial Tribunal of which Shri H. Shanmukhappa shall be the Presiding Officer, with headquarters at Bangalore and refers the said dispute for adjudication to the said Tribunal.

SCHEDULE

"Whether the action of the management of Canara Bank, Head Office, Bangalore, in terminating the services of Shri M.C. Kanakeri, Messenger with effect from 7-11-78 is justified? If not, to what relief is the workman concerned entitled?"

[No. L-12012/35/80-D.II(A)]

New Delhi, the 3rd April, 1981

S.O. 1253.—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the following award of the Central Government Industrial Tribunal No. 2, Bombay, in the industrial dispute between the employers in relation to the management of State Bank of India, Garhchiroli Branch, Chandrapur District, Maharashtra and their workmen, which was received by the Central Government on 24-3-1981.

BEFORE THE CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL No. 2, BOMBAY

Reference No. CGIT-2/27 of 1980

PARTIES :

Employers in relation to the management of State Bank of India, Garhchiroli Branch, Chandrapur Dist., Maharashtra State.

AND

Their workmen.

APPEARANCES :

For the Employers—Shri K. I. Presswala, Advocate & Solicitor.

For the workman—1. Shri S. M. Dharap, Advocate.

2. Shri P.S. Sadavarte, Workman in person.

Industry : Banking

State : Maharashtra

Bombay, dated 2nd March, 1981.

AWARD

The Government of India, in the Ministry of Labour in exercise of the powers conferred on them under Section 10(1)(d) of the Industrial Disputes Act, 14 of 1947 have referred the following industrial dispute to this Tribunal for adjudication as per their order No. L-12025/17/775-D.IIA. dated 24th November 1975 :—

“Whether the action of the State Bank of India in discharging from service Shri P. S. Sadavarte, Clerk in the Garhchirol Branch of the said Bank is legal and justified? If not to what relief is the said workman entitled?”

On behalf of the workman the Vice-President of the Vidarbha Bank Employees' Federation has filed a written claim statement dated 5th January, 1976 stating that the workman Shri P.S. Sadavarte (referred to as workman hereinafter) joined the service of the State Bank of India (referred to as the Bank hereinafter) on 20-3-62 as a Clerk. Towards the end of 1966 he was transferred to Garhchirol Branch in Chandrapur District (Maharashtra State). The present dispute relates to the period September and October 1967, when one Mr. Kohad was the Bank Agent. On 28-9-67 the workman went to the Bank at 11-10 A.M. the office time being 10.45 A.M. when the Agent asked him why he was late he denied having been late and added if the Agent felt otherwise, he would apply for casual leave for the whole day. A little later the workman entered the chamber of the Agent and shouted at him imputing partiality to him. He felt that the Agent was enforcing punctuality in his case alone and not in the case of the other members of the staff. While leaving the Agent's chamber he is said to have uttered the following in decent words in Marathi तुम्हाला जेवढे खाजवायचे आहे ते खाजवून घ्या. On 30-9-67 the workman is said to have again rushed into the Agents cabin to question him why he was marked late on 28-9-67. During the course of this incident the workman is alleged to have threatened the Agent in the following words “I shall see you” it will have very serious and dangerous results”. The further complaint against the workman is that during the period 24-1-67 to 31-1-67 and 13-11-67 to 20-11-67 he failed to do the work assigned to him. Another charge levelled against him was that he misused the Ration Card issued in favour of the President Local Implementation Committee (L.I.C. for short) by collecting 15 kgs. of Sugar for each of the months of October and November, 1967. The Sugar was meant for the benefit of the staff canteen run by the L.I.C. The workman was duly served with a charge-sheet. Mr. A.V. Raiwade, Staff Officer was appointed as the Enquiry Officer. The Agent Mr. Kohad was the Presenting Officer. The workman conducted his defence in person before the Enquiry Officer. The Enquiry Officer held the enquiry on 20-1-68 at the place of occurrence i.e. Garhchirol Branch itself. The Enquiry Officer submitted his findings on 15-2-68. He held charges 1 and 2 (imputing of offensive words on 28-9-67 and 30-9-67) proved. He also held that part of charge 3 relating to refusal to discharge duties assigned to him for the period 24-10-67 to 31-10-67 proved. The other charges were held not established. The Staff Superintendent who is the competent disciplinary authority issued the notice dated 20-9-68 informing the workman that he was in agreement with the findings arrived at by the Enquiry Officer and calling upon him to show cause why the punishment of dismissal should not be imposed on him. The workman submitted his explanation dated 12-10-68 giving several reasons why the proposed punishment should not be imposed on him. He also sought personal hearing before the disciplinary authority. The disciplinary authority (Staff Superintendent) after hearing the workman's representative imposed the punishment of discharge from service on payment of one month's wages in lieu of notice, vide his order dated 9-4-80. Against this order the workman appealed to the Deputy Secretary and Treasurer of the Bank who declined to interfere either with the findings or the punishment imposed vide his order dated 30-9-70. Thereafter the workman through the Union placed the matter before the Assistant Labour Commissioner (C) Nagpur for his intervention as per the letter dated 20-4-70. The Assistant Labour Commissioner (C) advised the workman to exhaust his remedies open to him within the organisation itself before approaching him for conciliation. Accordingly the workman preferred an appeal to the

Deputy Secretary and Treasurer, which was rejected by the order dated 30-5-70. Thereafter the conciliation proceedings before the A.L.C. were reopened. The efforts at conciliation having failed the A.L.C. submitted a failure report. On going through the concerned papers the Government of India declined to refer the dispute for adjudication by their order dated 6-11-71. The Government however changed its mind and referred the dispute to this Tribunal for adjudication, on a further representation made on behalf of the workman. The Union assails the enquiry proceedings on the grounds that the enquiry was conducted in violation of the provisions of Sastry Award, that the workman was not allowed to be represented by another to conduct his defence at the enquiry, that sufficient opportunity to cross examine the management's witnesses was not given, that the procedure followed by the Enquiry Officer in asking the stenographer to record the proceedings is bad, copies of the statements of management's witnesses were not made available to the workman, before he could cross examine them etc. On the merits he denied the very incidents, that are the subject matter of charges 1 and 2. He further states that the objectionable words which are the subject matter of charge 1 were in fact not obscene or vulgar. Regarding charge 3 he stated that the Agent did not allow him to discharge his normal functions and therefore he could not do the work entrusted to him.

The management in their written statement contended that the enquiry was fair and proper and that ample opportunity was given to the workman to cross-examine the management's witnesses and to lead evidence in his defence. They also say that the punishment awarded is not excessive having regard to the gravity of the offence. They also questioned the validity of the reference for the reason that they were not heard before the Government changed its mind and decided to make the reference after having refused to do so earlier.

The parties filed their rejoinders each denying the several averments made in the others' statement.

On the above pleadings the issues that arise for consideration are :

- (1) Whether the findings of guilty arrived at by the Enquiry Officer on charges 1, 2 and part of charge 3 are based on no evidence and are perverse?
- (2) Whether the punishment of discharge from service is disproportionate to the offence proved?
- (3) To what relief?

This dispute was originally referred to Central Government Industrial Tribunal No. 1, Bombay as per their order dated 24-11-75 and registered on their files as Ref. 47/75. Before Shri J. Narain, Presiding Officer, Central Government Industrial Tribunal No. 1, Mr. Kohad, the Bank Agent was examined as MW-1 and the workman as WW-1 in connection with the preliminary objections raised regarding the fairness and propriety of the enquiry. Before Shri J. Narain 2 preliminary points were canvassed.

- (1) Whether the domestic enquiry is vitiated?
- (2) Whether the present reference is maintainable?

The first point is held against the workman and the second point against the Bank (vide order dated 18-12-78).

As per the order dated 8-5-80 the Government of India have been pleased to transfer this reference to the file of this Tribunal with a direction that it should be heard from the stage at which it was left off by Central Government Industrial Tribunal No. 1, Bombay.

Issue 1 :

Shri Dharap for the workman submitted that there is absolutely no material to substantiate charge No. 1. His argument is that no such words were uttered and the witnesses for the management could not have heard the exchange of words from the respective places at which they were standing and that even if the objectionable words were in fact uttered, they were not obscene as sought to be made out by the management. Shri Prasswala for the Bank submits that these questions were considered by Mr. J. Narain in his order on the preliminary points and that in the light of the

findings recorded by him it is not open to the workmen to canvass these questions once again.

The charge against the workman on the first count is that on 28-9-67 he went to the office late i.e. 11-10 or 11.15 A.M. instead of at 10.45 A.M. and when questioned by the Agent Mr. Kohad regarding his late coming, he is alleged to have told the Agent that if the Agent had any objection to his late coming he would apply for casual leave for that day. Later the workman changed his mind and decided to attend duty. Within five minutes thereafter he rushed into the Agent's chamber accusing him of partiality in singling him out alone for late coming. While leaving the chamber he uttered the following words in Marathi "तुम्हाला जेवढे खाजवायचे आहे ते

खाजवायचे कुठ्या" which are said to be obscene. The Agent Mr.

Kohad, M/s. Mahajan and Fernandes Class II staff and Shri Barbatkar and Shri Diwate (Peon) spoke to this incident. As against this Mr. Totre and Mr. Paranjpai were examined on behalf of the workman. The Enquiry Officer accepted the evidence of the management's witnesses and found the workman guilty on this count. The correctness of the finding of the Enquiry Officer was questioned before Mr. Kripalani, the Staff Superintendent, who issued the second show cause notice regarding the punishment proposed. Before the Staff Superintendent, the workman's case was argued at great length by the Union leader Shri Choudhari and the elaborate order passed by the Superintendent bears ample testimony to the patient and exhaustive hearing given. The arguments addressed on workman's behalf were rejected. The Deputy Secretary and Treasurer who is the Appellate Authority applied his mind to the evidence on record and again held against the workman. Before Shri J. Narain, the Presiding Officer of Central Government Industrial Tribunal No. 1, that disposed of the preliminary issues the following points were urged:—

- (a) The distance between the Agent and Shri Sadavarte when he spoke the words on the 28th September morning was not noticed by the Enquiry Officer.
- (b) He has not discussed the evidence of the two witnesses examined on behalf of Shri Sadavarte.
- (c) Evidence of witness Shri Bargetkar has been accepted in respect of charge No. 1, but not in respect of charge No. 2 and that he has not given out the meaning of the Marathi words used in charge No. 1.

The learned Judge held against the workman on all those points. It is not open to the workman to request this Court to reappraise the evidence. Even if it is open to me to re-examine the findings, I do not think I can be persuaded to come to a different conclusion. It may also be seen that in para. 14(c) of the claim statement the uttering of objectionable words is admitted. His endeavour was to show that the words objected to did not in fact convey such obscene meaning.

Shri Dharap once again tried to convince the Court that the objectionable words can also have an innocent meaning. This very argument was considered by Shri J. Narain and held against. The Enquiry Officer Mr. Rajwade who is a Maharashtrian and whose mother tongue is Marathi understood the words to be indecent and objectionable in the context of the facts of the present case. Mr. Rajwade's finding may be usefully extracted.

"I find that charge No. 1 has been proved and, in particular, that Shri Sadavarte did utter words substantially the same as he has been charged with. Having regard to the meaning normally associated with these words, I view the utterance as a gross misconduct, vide para. 521(4)(a) of the Sastry Award."

Further, it was not put to Mr. Kohad, the Agent during the enquiry that these words objected to even if uttered were not so objectionable as sought to be made out. Nor were the other witnesses asked about it.

Charge No. 2—On 30-9-67 the workman is said to have rushed into the Agent's cabin and questioned him in a threatening manner as to why he marked him late on 28-9-67 in the attendance register. When the Agent did not reconsider his stand, the workman is alleged to have gone near the Agent in an assaulting posture. While leaving the cabin the workman is said to have uttered certain words in Marathi

meaning "I will see" or "beware" "the consequences will be very serious and far reaching". In support of this charge also there is the evidence of Mr. Kohad, the Agent, M/s. Mahajan and Fernandes and the Peon Diwate. The Enquiry Officer accepted their evidence and found that the workmen did utter certain words in Marathi meaning "I shall see" "the consequences will be very serious" Shri Dharap once again took me through the evidence of these witnesses and tried to show several improvements and variations in their evidence. These points were urged before the Enquiry Officer and the Staff Superintendent and rejected. Their appreciation of the evidence seems to be correct and does not call for any interference at the hands of this Court. I have also been taken through the evidence of the concerned witnesses and I see no reason to reject the same.

Similarly on charge III the Enquiry Officer found that the workman was guilty of neglect of work assigned to him during the period 24-10-67 to 31-10-67. This finding has been accepted by the disciplinary authority after a reappraisal of the evidence on the point. An appeal against the finding has been rejected by the Appellate Authority. On going through the record I am satisfied that their finding is based on proper evidence.

Issue 1 found against the workman.

Issue 2 :

The above three items of misconduct held proved against the workman have been considered to be gross misconduct warranting the punishment of dismissal. The disciplinary authority, the Staff Superintendent, gave a lesser punishment viz. discharge from service, subject to payment of one month's notice pay having regard in particular to the young age of the employee. Shri Dharap for the workman strongly pressed upon the Court that the punishment of discharge is absolutely out of proportion to the offence proved. He submits that any punishment short of termination from service may be imposed. Shri Presswala for the Bank submits that all the extenuating circumstances have already been considered by the competent departmental authorities in imposing the punishment of discharge from service and that there is no case for reducing the punishment still further. The workman says he has put in 8 years of service by the date of his discharge (1970). After joining service as a Clerk he says he has passed the B. Com. degree examination. At the age of about 38 years, it is said it would be very difficult to obtain another job elsewhere. Shri Presswala brought to the notice of the Court that the workman's performance in another State undertaking during the year 1970 or 1971 was no better and therefore no further opportunity need be given to him. Shri Dharap for the workman objected to this new fact being brought to the notice of the Court at the stage of argument. He objected to the filing of the document giving information regarding this subsequent misbehaviour of the workman in another concern. This document was not filed by Mr. Presswala. I agree that the misconduct committed by the workman is of a serious nature and cannot be condoned. Coming late to office very frequently is bad. When called upon to explain why he was late, rushing into the Agents' room, accusing him of partiality and uttering indecent words is worse. Two days after this incident the workman again goes inside the Agent's room and asks the Agent to explain then and there why he circled in red pencil in the attendance register against his name for the date 28-9-67. When the Agent asked him to put his grievance in writing, the workman tells him that he would properly deal with him and that 'the consequences would be very serious. From 24-10-67 to 31-10-67 he does not perform the work assigned to him. Shri Dharap submits that it was the Agent that provoked the workman to behave this way. In particular he draws attention to the evidence of the Bank Agent to the effect that on 28-9-1967 he was standing in the garden waiting for the workman. Mr. Dharap asks why should the Agent wait in the garden for the workman except it be to catch him coming late? This conduct of the Agent is said to show his anxiety to take action against the workman on one pretext or the other and this attitude of his provoked the workman to utter the indecent words in question. I do not agree. Even if there be provocation the workman should not have uttered the obscene words in question, five or ten minutes after he was caught by the Agent coming late. For the incident on 30-9-67 there does not appear to be any provocation at all on the part of

the Agent. Shri Presswala also invites attention to the following portion (para 5) of the reply given by the workman to the Memo. issued by the Agent on 3-10-67 :

"..... Before concluding I have to add that while issuing memos, keep your brain intact and invariably refrain from writing the most rebaldrous language, which even the street reffians are ashamed to utter."

Having regard to the above misconduct of the workman the punishment imposed on him cannot be considered excessive justifying any interference at the hands of this Tribunal.

In the result this reference is answered against the workman.

S.O. 1254.—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the following award of the Central Government Industrial Tribunal Calcutta, in the industrial dispute between the employers in relation to the management of Grindlays Bank Ltd. Gauhati and their workman, which was received by the Central Government on the 24-3-1981.

CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL AT CALCUTTA

Reference No. 61-of 1978

PARTIES :

Employers in relation to the management of the Grindlays Bank Ltd., Gauhati

AND

Their Workmen.

APPEARANCES :

On behalf of Employers.—Mr. M. N. Chowdhury, Operations Manager, Eastern India.

On behalf of Workmen.—Mr. Ajit Banerjee, General Secretary, B.P.B.E.A.

AWARD

This is a reference under Section 10 of the Industrial Disputes Act, 1947 sent to this Tribunal by the Central Government by its Order No. L-12011/57/78-D.II.A dated 17th/23rd June, 1978 for adjudication of an industrial dispute between the employers in relation to the management of Grindlays Bank Ltd., Gauhati, hereinafter referred to as the "Bank" and their workmen represented by the General Secretary, National and Grindlays Bank Employees Association, Raj Singh Palace, S. S. Road, Gauhati, hereinafter called as the "Union". The dispute has been mentioned as follows in the Schedule to the Reference :

"Whether the action of the management of Grindlays Bank Ltd., Gauhati in proposing to withdraw special allowance being paid to S/Shri S. Kakati, J. Talukdar and D. K. Deka working in the Cash Deptt. of the Gauhati Branch of the Bank as per notice dated 23-3-77 is justified? If not, to what relief are the workmen concerned entitled?"

2. Both the Bank and the Union filed their respective written statements. When the case was ready for hearing an attempt was made for settlement of the dispute. Today ultimately a petition of compromise has been filed by both the parties along with a Memorandum of Settlement. Mr. M. N. Chowdhury, Operations Manager, Eastern India, Grindlays Bank Ltd., appeared on behalf of the Bank and Mr. Ajit Banerjee, General Secretary of the Bengal Provincial Bank Employees Association duly authorised representative of the union is also present on behalf of the workmen. It is submitted by both of them that the matter has been amicably settled between the parties and their prayer is that an award may be passed in terms of the Memorandum of Settlement attached to the petition.

3. I have gone through the petition and the Memorandum of Settlement which has been signed by Mr. Ajit Banerjee, duly authorised on behalf of the Union and Mr. M. N. Chowdhury, Operations Manager, Eastern India, Grindlays Bank Ltd., on behalf of the Bank. I find the terms of the settlement reasonable and legal. As prayed for by the parties, I pass an award in terms of the joint petition of compromise which shall form part hereof as Annexure A along with the Memorandum of Settlement as Annexure A1.

Dated, Calcutta,

The 18th March, 1981.

Their Workmen

May it please the Hon'ble Tribunal

1. The following reference made by the Government of India by its order No. L-12011/57/78-D.II.A dated 23rd June 1978 is pending before this Hon'ble Tribunal :—

"Whether the action of the Management of Grindlays Bank Limited, Gauhati in proposing to withdraw special allowance being paid to Shri S. Kakati, Shri J. Talukdar and Shri D. K. Deka working in the cash department of the Gauhati branch of the Bank as per Notice dated 23-3-1977 is justified? If not to what relief are the workmen concerned entitled?"

2. The Management of Grindlays Bank Limited (hereinafter referred to as the Bank) and the National and Grindlays Bank Employees Association, Gauhati (hereinafter referred to as the Association), however, continued their efforts to resolve the above referred dispute.

3. As a result of these discussions the Bank and the Association have arrived at a Settlement on 12-3-1981 which the parties consider to be fair and reasonable. A copy of the settlement dated 12-3-1981 marked Annexure I is attached hereto.

4. The Bank and the Association humbly pray that the Tribunal may be pleased to accept the settlement at Annexure I and make an award in terms of the Settlement for which act of kindness the parties shall ever pray.

Short Recital of the Case

An Industrial Dispute between the Management and the Association regarding the withdrawal of the special allowance which was being paid to Messrs. S. Kakati, J. Talukdar and D. K. Deka working in the Cash Department of the Gauhati Branch of Grindlays Bank Ltd, is pending adjudication before the Central Government Industrial Tribunal at Calcutta vide reference No. 61 of 1978. The Management and the Association, however, continued their efforts to resolve the said dispute amicably. As a result of the discussion, the Management and the Association have, without prejudice to their respective contentions and submissions before the Tribunal, arrived at a settlement of the dispute as under :—

Terms of Settlement

1. The Association agrees that the special allowance in dispute will stand withdrawn from Messrs S. Kakati, J. Talukdar and D. K. Deka with effect from 9th May 1978.

2. The Management agrees to pay to Messrs Kakati, Talukdar and Deka an ad hoc sum of Rs. 2150 (Rupees two thousand one hundred and fifty only) each.

3. The Management and the Association agree that the ad hoc payment of Rs. 2150 (Rupees two thousand one hundred fifty only) mentioned in clause 2 above, will not rank for calculation of bonus, Provident Fund and Overtime wages.

4. The Association agrees that 3 cashiers-cum-clerks viz. Messrs S. Kakati, J. Talukdar and D. K. Deka will continue to discharge all the normal duties of a cashier-cum-clerk which they have been performing hitherto.

5. The Management and the Association agree to jointly file this Settlement before the Central Government Industrial Tribunal, Calcutta and to make a joint prayer to the Hon'ble Tribunal to dispose of Reference No. 61 of 1978 by passing an Award in terms of this settlement.

6. The ad hoc amount mentioned in para 2 above will be paid by Management to Messrs S. Kakati, J. Talukdar and D. K. Deka within 15 days of the date of publication of the Award in terms of para 5 above.

Signed this 12th day of March 1981 at Calcutta.

SIATL : Rajasthan

The General Secretary, Rajasthan Bank Employees' Union, Provincial Office, Parvana Bhavan, Madho Bagh Jodhpur .. Petitioner

Versus

The General Manager, New Bank of India Limited, Central Office, 1. Tolstoy Marg, New Delhi .. Respondent.

AWARD

The Central Government as appropriate Government vide its order No. L-12012/88, 79-D.II/A dated the 11th August, 1980 referred an Industrial Dispute u/s 10 of the I.D. Act, 1947 to this Tribunal in the following terms :—

Whether the action of the management of New Bank of India in relation to their Bikaner Branch in treating that Shri Sharma Dutt had deserted the employment after January 2, 1978 of his own accord is justified ? If not, to what relief is the workman concerned entitled ?

2. On receipt of the reference usual notices were sent to the parties. In pursuance whereof the Bank's representative appeared but none appeared for the workman side in spite of the fact that four notice having been issued to the workman. In these circumstances ex-parte proceedings were ordered against the workman side vide my order dated 23-1-1981 and the bank was directed to file its statement of claim and in pursuance of the orders a statement of claim was filed by the bank. Thereafter ex-parte evidence of the bank was recorded which consists of statement of Shri Hardev Singh, an officer of the Bank. I have gone through the statement of claim and also the statement of Shri Hardev Singh recorded on affidavit apart from documents Ex. M.W. 1/2 to Ex. M. W. 1/4. I have also given my considered thought to the matter before me and I have come to the conclusion that the action of the Management of New Bank of India in relation to their Bikaner Branch in treating that Shri Sharma Dutt had deserted the employment after January 2, 1978 of his own accord is justified and I further come to the conclusion that the workman is not entitled to any relief what-so-ever.

2. From the perusal of statement of claim filed by the Bank I find that it is stated by the bank that the workman concerned was appointed on temporary basis to look after the Godown of M/s. J. J. Woolen Mills (P) Ltd. at Bikaner on the stipulation that his services would automatically come to an end on the expiry of the stipulated period. The workman had continued to work from 3-11-77 to 2-1-78. Thereafter it is stated by the bank that he did not report for duty and deserted the employment. It is further stated by the bank that the workman was not entitled to any relief. Ex. M.W. 1/2 is the appointment letter for one month issued on 16-7-77. Ex. M.W. 1/3 is another appointment letter dated 3-11-77. From the perusal of Ex. M.W. 1/1, affidavit of Shri Hardev Singh it appears prima facie that the workman had abandoned the services of his own accord from 2nd January, 1978 and did not turn up thereafter. There is nothing on record to hold that the affidavit Ex. M.W. 1/1 is not correct or that the workman had not abandoned his services as stated in the affidavit. In view of my discussions above, I have come to the conclusion that certainly the contention of the bank that the workman had abandoned and deserted the employment after 2nd January, 1978 is established and as such it is awarded that the action of the Management of New Bank of India in relation to their Bikaner Branch in treating that Shri Sharma Dutt had deserted the

employment after January 2, 1978 of his own accord is justified and that the workman was not entitled to any relief. Parties however are left to bear their own costs.

Further Ordered :

That requisite number of copies of this award may be sent to the appropriate Government for necessary action at their end.

Dated the 28th February, 1981

STATE : West Bengal

INDUSTRY : Banking.

AWARD

By an Order No. L-12012/126/77-D.II.A dated 26th April 2nd May, 1978, the Central Government has referred this industrial dispute to this Tribunal for adjudication. The parties are the employers in relation to the management of the Central Bank of India, Calcutta (hereinafter described as the "Bank") and their workman represented by the General Secretary, Central Bank National Employees Union (West Bengal), (hereinafter called the "Union"). The subject for decision is described in the schedule to the reference as follows :

"Whether the action of the management of the Central Bank of India Calcutta in withdrawing Shri Ashok Kumar Mukherjee from the Reserve Bank clearing House in Calcutta w.e.f. 1-11-76 and in discontinuing payment to him of special Assistants Allowance with effect from the same date without due notice under sec. 9A of the Industrial Disputes Act 1947 is legal and justified. If not what relief is the workman entitled to?"

2. The parties appeared and filed their respective written statements

3. In short, the case of the Union is, that Ashok Kumar Mukherji was appointed as a clerk on 17-8-1972 and thereafter he was posted as a Bank's representative at the Reserve

Bank Clearing House. At this posting he was brought to the category no. XIX (Special Assistant in Part I of Appendix 'B' to the Bipartite Settlement of 1966 and became entitled to the special allowance of Rs. 91 per month. The payment of this allowance is a condition of service relating to the workman posted at the Reserve Bank of India Clearing House as representative of the Bank. At first no such allowance was paid to A. K. Mukherjee but after protest he got the same. The case of the Union is that as the concerned workman worked as Bank's representative at the Clearing House from 1-11-72 to 31-10-76 continuously and not in any leave vacancy, he was treated as a permanent incumbent for the said post at the Clearing House. The Bank on or about 1st November 1976 arbitrarily and without notice transferred the workman from the Clearing House to the Calcutta Main Branch office depriving him of the official allowance illegally. Again on and from 16-5-77, A. K. Mukherjee was reposted at the Clearing House as the Bank's representative. Coming to know that he would again be transferred from the post of Bank's representative at the Clearing House, the Union referred the matter to the Assistant Labour Commissioner (C), Calcutta for intervention. The Bank bent upon victimising the workman issued an order on 28-10-77 transferring the workman from Clearing House. The matter was at once reported to the Assistant Labour Commissioner. Joint discussions failed. This transfer, according to the term depriving A. K. Mukherjee of the special allowance he was getting at the Clearing House was a change of his service condition and it was illegal and motivated. It was in contravention of sec. 9A of the Industrial Disputes Act. In any event the Bank ought to have offered the workman after transfer any other post having special allowance. The prayers of the Union in the written statement are that the discontinuance of Special allowance which was paid to A. K. Mukherjee without notice under Section 9A of the Industrial Disputes Act should be declared illegal and that the said workman should be reposted at the Clearing House as the Bank's representative as a permanent incumbent with special allowance from 1-11-76 onwards.

4. In brief, the case of the Bank appearing in its written statement may be stated. At the outside, a preliminary objection regarding the jurisdiction of the Tribunal has been taken on the ground that the present dispute is not an industrial dispute as the Union raising the present dispute does not represent a substantial number of workman of the Bank. It has been further alleged that service in a bank is transferable not only within a branch itself but also from one branch to another. According to the Settlement dated 19-10-66 for performance of certain enumerated duties a Special allowance would be paid as mentioned in Annexure 'B' to the Settlement. After the Supreme Court decision reported in 1976 (1) LLJ 90 and other decisions of the Labour Court in application under section 33C(2) of the Industrial Disputes Act, such allowances were paid. In terms of paragraphs 5-9 of the Settlement of 1966, a workman would be entitled to a special allowance only so long as he performs the duties which attracted such allowance. Ashoke Kumar Mukherjee was appointed in the service of the Bank as a clerk on 17-8-72. As it was considered that the work at the Clearing House was of a routine clerk, he was transferred there with a little less than two months and he continued to work upto 11th November, 1976. With effect from 12-11-76, he was transferred in writing through the instruction book to the duties in the Bill Payable Department of the Bank's Main Office. After this transfer he ceased to perform the duties which attracted special allowance. At that time there was no objection from A. K. Mukherjee. At the Clearing House another clerk, Tarak Nath Chattopadhyay senior to A. K. Mukherjee had been working since December, 1970. The Bank found that it could utilise the services of one of its Special Assistants, Sukh Mohan Nagar in the Clearing House and he was deputed to the Clearing House to sign vouchers and documents and to check vouchers, statement etc. With the posting of S.M. Nagar and the assignment to him of the said duties, both Mukherjee and Chattopadhyay were not paid the Special Assistant's allowance from 1-11-76 as they were not required to perform the duties attracting such allowance. S. M. Nagar due to his ill health took long leave and resumed his duties at the Clearing House on 10-10-77. During the absence of Nagar, A. K. Mukherjee was transferred to duties at the Clearing House to assist Tarak Nath Chattopadhyay. During their performance of the duties attracting special allowance, such allowance was paid to both. When S. M. Nagar was to resume at the Clearing House on 10-10-77, the Bank decided to withdraw A. K. Mukherjee, the junior most clerk from the Clearing House and was about

to issue the order of transfer but the Bank was prevented from doing so as a result of the status quo order obtained by Mukherjee from Conciliation machinery. The Bank has a definite promotion policy embodied in a Settlement to officers' cadre and for appointment as Special Assistant. A panel of successful candidates is prepared after they have gone through a written test. The Bank could not have made A. K. Mukherjee a Special Assistant, as he was junior in the clerical grade. He remained a routine clerk and so long as he performed some duties entitling him to get allowance, he was getting the same. According to his service condition, his services were transferable and so long as he was to do duties attracting special allowance of Special Assistant he got it. There was no violation of Sec. 9A of the Industrial Disputes Act, 1947 and he cannot claim Special Assistant's allowance. He was legally transferred. The Bank's prayer is that the reference should be answered in its favour.

5. Mr. S. Sarkar, learned advocate appeared on behalf of the Bank and Mr. A. K. Basu, learned Advocate represented the Union. On the pleadings of the parties, a preliminary issue was raised as to the jurisdiction of the Tribunal and it was held by the Tribunal on 13-11-79 that it has got jurisdiction to adjudicate upon the issue which is held to be industrial dispute raised by the Union having representative character on behalf of the workman. At the final hearing on merit, Mr. A. K. Basu proposed not to adduce oral evidence and it was submitted that the Union will rely on the exhibits made in this case. Similarly, Mr. Sarkar for the Bank stated that no oral evidence would be adduced but the documentary evidence would be relied upon.

6. The contention of Mr. Basu, the learned Advocate for Union is that as the concerned workman, A. K. Mukherjee was placed in a post which is permanent in nature in the Clearing House for which he was to do some of the duties of a Special Assistant getting special allowance for such duty he should not be deprived of the benefit of such allowance and if at all the Bank intends to discontinue the allowance a notice under Section 9A of the Industrial Disputes Act should have been given.

7. The argument of Mr. Sarkar for the Bank is that according to the conditions of service in the Settlement the workman concerned was to be transferred from one place to another and only so long as he was to do the duties as mentioned in Appendix 'B', he was entitled to the allowance. He cannot claim the allowance as of right after the transfer from the Clearing House.

8. At the very beginning of the argument Mr. Basu submitted that the concerned workman and the Union did not claim the status of the Special Assistant and that the Bank's right to transfer the concerned workman was conceded as such transfer is a condition of service and as in fact the workman in question was not appointed or transferred to the post of any Special Assistant, such argument cannot be advanced in view of the letter of appointment of A. K. Mukherjee marked on both sides as Exts. M-5 and W-6 terms whereof are accepted by the workman. The term is "It is a condition of service that he should be prepared to be transferred to any of the Bank's Branches if and when required." Admittedly he was appointed a clerk during the relevant time. Admittedly again, he was performing some of the duties of the Special Assistant at the Clearing House, though a clerk. Both the parties admitted the facts of performance of additional duties as mentioned in Appendix B at the Clearing House by the workman and his transfer.

9. The main argument of Mr. Bose is that as the concerned workman was getting compensatory allowance when working at the Clearing House, his right to get such allowance was a part of service condition and, therefore, such compensation cannot be discontinued without any notice under Sec. 9A of the Industrial Disputes Act. For this purpose he relied on the Fourth Schedule to the Industrial Disputes Act. In support of his contention Mr. Bose has drawn my attention to Chapter V of the Settlement dated 19th October, 1966 particularly to Para. 5.13 thereof and Appendix 'B' to the Settlement.

10. The admitted facts are that the concerned workman Ashoke Kumar Mukherjee accepted his appointment as clerk in the Bank on 17-8-72. He was working at the Clearing House from 1-11-72 to 31-10-76 and again from 16-5-77 to

9-10-77, performing additional duties as per Appendix 'B' during those periods, that during the said period at the Clearing House he was getting special allowance according to the Settlement dated 19-10-66 for performing some of the duties of a Special Assistant, that he was again transferred to the main branch of the Bank to do his usual duties of his clerical cadre and that with the non-performance of the additional duties and his transfer from the Clearing House, allowance he was getting at the Clearing House was stopped.

11. There is no dispute that the parties to this Reference are governed by the Settlement on the Industrial Disputes between certain Banking Companies and their workmen arrived at on 19th October, 1966, hereinafter referred to as the Settlement. Admittedly again, as the Chapter I of the Settlement says, the provisions of the Sastry Award as modified by the Desai Award shall govern the service conditions of the workmen of the Bank except to the extent that the same have been modified in the Settlement. Chapter V of the Settlement relates to special allowances. This chapter includes Paragraph 5.1 to paragraph 5.13. According to paragraph 5.2, a member of the clerical staff shall be entitled to get special allowance at a certain rate mentioned therein for undertaking the duties/responsibilities of a Special Assistant as mentioned in Part I of Appendix 'B' to the settlement. The Appendix 'B' says that the list of duties of the Special Assistant does not include the routine duties which a workman of clerical cadre has to perform but enumerates that special duties, which, if performed in addition to the routine duties, will entitle him to the special allowance on the terms and conditions provided in Chapter V. There is no dispute before me that A. K. Mukherjee was performing at the Clearing House some of the additional duties of the Special Assistant besides his routine duties as clerk and for that he was getting the special allowance.

12. Reading paragraph 5.2 of the Settlement along with the Appendix 'B', it is crystal clear and there is no doubt that if an employee of the Bank belonging to the clerical cadre is required to perform the duties of a Special Assistant as enumerated in Part I of Appendix 'B', he shall be entitled to get the special allowance as mentioned in paragraph 5.2 so long as he performs those duties or any of them besides his own routine duties as clerk. These provisions in the Settlement are service conditions. If the concerned clerk is not required to perform such duties and he does not perform those duties due to the order of transfer or otherwise, he shall not be entitled to claim the same. There is no ambiguity in this matter. Paragraph 5.6 of the Settlement says that special allowance are intended to compensate a workman for doing some additional works besides the function of the routine duties of his own cadre. Paragraph 5.7 states that ordinarily special allowances will be payable for all or any of the duties listed in Appendix 'B'. Paragraph 5.8 is significant. It provides that a workman will be entitled to a special allowance 'if' he is required to perform duty/duties and/or undertakes the responsibilities listed against the category. The word 'if' in the paragraph indicates that in case he is not required to perform the duties or to undertake responsibilities as mentioned besides those of his own cadre, he will not be entitled to any allowance.

13. Paragraph 5.9 is important. It has made the position clear. According to this paragraph, "A workman will be entitled to a special allowance only so long as he is in charge of such work of the performance of such duties which attract special allowance". Of course, whether a workman can be asked not to do the works entitling him to special allowance will depend on the terms of employment of the said workman. As an example, it has been stated that a workman employed permanently as a Head Clerk or a Stenographer cannot be deprived of the allowance by asking him not to do the relevant work. In the present case A. K. Mukherjee was appointed as a clerk but as he was doing some of the duties of a Special Assistant at the Clearing House, he was getting the allowance for doing additional duties besides the duties of his own clerical cadre. He was liable to be transferred as per his own service condition on appointment as a clerk. The Bank had legally with its right transferred the concerned workman from the Clearing House to work at the office of the Main Branch, and on such transfer he could not have claimed special allowance because he was not to perform any of the duties mentioned in Appendix 'B'.

14. Mr. Bose has made an attempt to argue that the Bank could not change the service condition of the workman in respect of compensatory allowance in this case by effecting withdrawal of special assistant's allowance by transferring

him from the Clearing House without serving any notice under Section 9A of the Industrial Disputes Act. For this purpose my attention has been drawn to the Fourth Schedule to the Industrial Disputes Act. This argument is of no avail. The service condition of the workman in respect of the special allowance is embodied in the Settlement and according to the Settlement, as I have already discussed, so long as he is required to perform any of the duties of the Special Assistant in addition to his own routine duties of the cadre, he will get the allowance and as soon as his additional duty or responsibility ceases, he shall not get the allowance. In view of the provision, on the transfer of A. K. Mukherjee from Clearing House to his routine work at the Main Branch office, his additional duty ceased and he could not claim the allowance. There was, therefore, no necessity of any notice under Section 9A of the Industrial Disputes Act, 1947.

15. Mr. Bose next argued that the Bank had no right to discontinue the allowance A. K. Mukherjee was getting for his work at the Clearing House, first because there is no provision in the Settlement to stop allowance once given and secondly because he was placed to work in a permanent post of the Representative of the Bank at the Clearing House which attracted special allowance. In this connection I have been referred to Paragraph 5.10 and 5.13 of the Settlement.

16. Regarding the first line of argument, I find no reason in it. In Settlement the provision is that so long as the workman performs the additional duties as mentioned, he will get the allowance. As soon as he is not required to do the additional duties but required to perform his routine duties of his own cadre, he cannot claim the special allowance. Thus the management of the Bank will not be liable to pay the allowance as soon as the workman ceases to do any of the additional duties entitling him to earn it. There is no question of withdrawal of any compensation.

17. In respect of the second branch of contention, the post of the Representatives of the Bank at the Clearing House requires some of the additional duties as mentioned in Appendix 'B' to the Settlement over and above the routine duties of a clerk. A. K. Mukherjee, a clerk had been doing the works there. At first he was not getting the allowance as he belonged to the clerical cadre and was not promoted to the rank of a Special Assistant. Then a case under Section 33C(2) of the Industrial Disputes Act was started by a clerk of a Bank posted at the Clearing House demanding special allowance. That was allowed. The bank concerned appealed and the Supreme Court upheld the decision which has been reported in AIR 1976 SC 729. As per paragraph 5.10 relied on by Mr. Basu I find no indication in that paragraph that once a clerk works as representative of the Bank at the Clearing House would for all the time to come be entitled to draw special allowance even if he ceases to perform the additional duties attracting special allowance either due to transfer or otherwise. On the other hand it says that a workman would be entitled to the special allowance for the period during which he occupies the post which allows special allowance. I do not think that paragraph 5.10 is relevant and helpful to Mr. Bose. It does not say that once a workman is posted as Representative of the Bank at the Clearing House shall remain there till retirement or that he cannot be transferred.

18. Coming to Paragraph 5.13 I do not find that it in any way supports Mr. Bose. On the contrary Explanation (i) therein goes against him. I quote it below :

EXPLANATION :

- (i) In case where a workman, not in receipt of a special allowance at the date of this Settlement, has been performing duties/responsibilities which will now attract a special allowance in terms of this Settlement, banks will be free to withdraw such duties/responsibilities and in that case no special allowance will be payable. Alternatively such a workman may be required to perform if necessary, by reallocation the duties/responsibilities which attract the special allowance and in that case the appropriate special allowance will be payable to him."

The Settlement was arrived at on 19-10-1966 and the workman concerned, A. K. Mukherjee, was employed by the Bank in 1972 in the clerical cadre as clerk. I cannot accept the contentions of Mr. Bose as put forward before me.

19. I shall now deal with the relevant case laws relied on by the parties during argument. Both Mr. Bose and Mr. Sarkar relied on the decision of the Supreme Court in the case of *Central Bank v. S. K. Shaw*, reported in AIR 1976 SC at page 929. While dealing with Paragraph 5.2 of the Settlement connected with allowance payable to the clerical staff, the Supreme Court in that case held as follows :

"In Paragraph 5.6 of that agreement the special allowance provided for under Paragraph 5.2 is said to be intended to compensate a workman for performance or discharge of certain additional duties and functions requiring greater skill or responsibilities, over and above the routine duties and function of a workman in the same cadre."

It has been further held, "Admittedly in order to be entitled to the special allowance one need not do all the duties mentioned in Appendix 'B'. Referring to Paragraph 5.6 the Supreme Court has stated in the same decision as given below :

"It is obvious from a reading of that Paragraph that all workmen are entitled to special allowance provided they discharge certain additional duties and functions requiring greater skill or responsibilities over and above routine duties and functions of a workman in the same cadre mentioned in Appendix B."

19. Mr. Bose relied upon the decision of the Supreme Court in the case of *Management of Indian Oil Corporation Ltd. v. Its workman* reported in 1978 Indian Factories and Labour Reports, Vol. 31 at page 178 for his proposition that special allowance given to Mr. A. K. Mukherjee was a condition of service which could not be withdrawn without a notice under Section 9A of the Industrial Disputes Act from the facts of this we get that the Central Government by a notification granted compensatory allowance to its employees posted in Assam. The Oil Corporation thought it fit, though the notification of the Central Government was not binding upon it, to grant compensatory allowance to its employees in its own wisdom without indicating that it was temporary. Subsequently the Oil Corporation unilaterally withdrew the concession. The question arose whether grant of such concession was a condition of service. It was found that the grant of compensation was not temporary, that it was given in order to enable the workers to meet the high cost of living and that it was a very charitable act which showed that the employers were extremely sympathetic towards the needs of the workers. It was in those circumstances held that the grant of compensation was an implied condition of service so as to attract the provision of Section 9A of the Industrial Disputes Act.

20. In the case before me the fact are otherwise. According to the provision of the Settlement, so long as the workman does, besides his own routine duties, some additional duties as mentioned in Appendix 'B', he will get the special allowance and when he ceases to do that additional duties, he will not be entitled to get it. The provision of Section 9A of the Industrial Disputes Act will not be attracted.

21. I find that Ashoke Kumar Mukherjee, a clerk of the Bank was placed at the Clearing House of the Reserve Bank of India and he performed some additional duties as stated in Annexure 'B' to the Settlement besides his own routine duties of his clerical cadre for which he got special allowance as indicated in Paragraph 5.2 of the Settlement. The Bank had the right to withdraw him from the Clearing House and place him for doing the usual duties of his own cadre for which he cannot claim special allowance which he was getting for working at the Clearing House. Such cessation of special allowance does not attract section 9A of the Industrial Disputes Act. The concerned workman cannot claim that he should be reposted at the Clearing House for getting the special allowance. Neither can he claim any special allowance from 1-11-76 as from that day he was not required to do any additional duty under Appendix 'B' besides his routine duties. So long as he did the additional duties, he got the special allowance.

22. In view of my discussions and findings above and in answer to the points raised in the Schedule to the Reference I hold that the action of the management of the Bank in withdrawing Ashoke Kumar Mukherjee from the Reserve Bank Clearing House as stated there was legal and justified. Equally legal and justified is the discontinuance of the payment of Special Assistant's allowance to him. There was no necessity of service of any notice under Section 9-A of the Industrial Disputes Act, 1947. The stoppage of the special allowance is automatic with the cessation of the additional responsibilities and duties of the workman concerned as detailed in Appendix 'B' to the Settlement. Ashoke Kumar Mukherjee is not entitled to get any relief in this case as claimed by the Union.

Accordingly, I pass this award and the Order dated 13-11-79 shall form part hereof as Annexure 'A'.

Dated, Calcutta,

The 25th March, 1981.

R. BHATTACHARYA, Presiding Officer.

[No. I-12012/126/77-D.II(A)]

ANNEXURE 'A'

CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL :
CALCUTTA

Reference No. 49 of 1978

PARTIES :

Employers in relation to the management of the Central Bank of India, Calcutta.

AND

Their Workmen.

PRESENT :

Sri Justice S. K. Mukherjee—Presiding Officer.

APPEARANCES :

On behalf of Employers.—Sri S. Sarkar Advocate.

On behalf of Workmen.—Sri A. K. Basu, Advocate.

ORDER

Dated, the 13th November, 1979

By their order No. I-12012/126/77-D.II.A dated 26th April/2nd May, 1978, the Government of India, Ministry of Labour referred an industrial dispute existing between the employers in relation to the management of the Central Bank of India, Calcutta and their workmen, the schedule to which reads as :

"Whether the action of the management of the Central Bank of India, Calcutta in withdrawing Shri Ashoke Kumar Mukherjee from the Reserve Bank Clearing House in Calcutta w.e.f. 1-11-76 and in discontinuing payment to him of Special Assistance Allowance with effect from the same date without due notice under Sec. 9A of the Industrial Disputes Act, 1947 is legal and justified. If not to what relief is the workman entitled ?"

2. In their pleadings the management have taken a preliminary objection as to the jurisdiction of the Tribunal to entertain and try the reference inasmuch as what is referred to is not an industrial dispute, the dispute not having been raised by a substantial number of the bank's employees or by a trade union of the bank's employees. The union which represents the vast majority of bank employees is the Central Bank of India Employees' Association, West Bengal. That Union has not raised any dispute in the matter.

3. The parties agree that the preliminary objection should be disposed of before the tribunal goes into the merits of the case.

4. Sri Gopi Krishna Avasthi, General Secretary of the Central Bank National Employees' Union gave evidence. The union he said is a registered union. In April, 1978 that is to say, at the time when the dispute was referred to the tribunal by the Central Government the total strength of workmen in all the offices i.e., Head office as well as other branches in Calcutta was below 1,500. The number of members of the Union from amongst the workmen of Central Bank in all the branches was nearly 500. Out of those 20 or 25 might have been officers. Subscriptions from members are collected through the Central Bank every quarter. There are of course a few members who pay their subscriptions direct. The Union takes part in settlement of issues with the management. The concerned workman Ashoke Mukherjee is a member of the union and his name appears in the membership register as well as the subscription register. He pays his subscriptions through the bank.

5. The case was taken up by the union after receipt of a letter from the concerned workman, pursuant to a resolution passed at a meeting of the Executive Committee on 30th September, 1977. The minutes of the meeting of the Executive Committee held on 30th September, 1977 have been made an exhibit. They were signed by the General Secretary and the President. The Membership Register for 1978 has been made exhibit W-4. The name of the concerned workman appears in the Membership Register. The deponent proved and tendered an application for membership by the concerned workman which is of December, 1976, Ext. W-2. The application was accepted. He tendered a letter dated 30th September, 1977 addressed by the concerned workman to the General Secretary of the Union by which he requested the union to take up his case immediately and take all necessary action in that regard, Ext. W-3. A copy of a letter addressed by the concerned workman to the Chief Manager, Central Bank of India, Calcutta dated 30th September, 1977 which is a copy of Ext. M-3, by which he asked for redress of his grievance was made an enclosure to the said Exhibit. The deponent stated in his evidence that the letter was considered by the Executive Committee at its meeting held on 30th September, 1977 and the Executive Committee passed a resolution under which the Union decided to sponsor the case of the concerned workman. The minutes of the meeting have been made Ext. W-1. In cross-examination, the deponent was asked why there were some blank pages in the minutes book.

6. He answered that some blank pages were left in the Minutes Book at the end of 1978 and before the beginning of the proceedings of meeting in January, 1979, the reason having been that a notice had been issued for holding a general conference on 18th January, 1979 but on account of the agitation in the Banking Industry, the conference had to be postponed. By the time they decided on postponement, the election of the representatives of the Executive Committee had already been completed. The records of the election are maintained separately in a separate book and they are subsequently incorporated in the Minutes. As the general conference could not be held, no minutes of the conference could be incorporated and some pages have been left blank. The deponent further stated that rough notes are taken at the meeting and subsequently resolutions are written in the minutes book. He deposed that the concerned workman Ashok Mukherjee was enrolled as a member of the Union in December, 1976.

7. On behalf of the management Sri A. K. Sanval gave evidence. In 1977-78 he was posted at 3, Netaji Subhas Road branch of the bank as Deputy Chief Officer in the Staff Department. He tendered a letter by the concerned workman addressed to the Branch Manager, Central Bank of India, Calcutta branch authorising him to remit his subscription to the Central Bank National Employees' Union from his salary falling due for payment in April, July, October and January every year. The letter does not bear any date, but the date must be one subsequent to 14th April, 1978 as it is stated in the printed application that he undertook to abide by the provisions contained in management's circular dated 14th April, 1976, Ext. M-1. The deponent also tendered a letter dated 7th January, 1977 addressed by the concerned workman to the Chief Manager, Central Bank of India by which he requested the bank to review the mode of payment made to him and pass necessary order to make an early payment of the arrears without making certain deductions. The letter has been made Ext. M-2. He also tendered a letter from the concerned workman to the Chief Manager, Central Bank of India dated 30th September, 1977 by which he protested against his withdrawal from his assignment as a representative at the Reserve Bank Clearing house, Calcutta thereby causing him loss to the extent of Rs. 91/- per month, Ext. M-3. He also proved a certificate of salary drawn by the concerned workman during the month of June, 1976, Ext. M-4. It will appear from the certificate that the union subscription of Central Bank of India Employees' Association was deducted from his salary for that month. In a foot-note to the certificate, it is stated that from July, 1976 upto June, 1978 no deductions were made on account of trade union subscriptions. At the end of the evidence in this case, a circular of the Central Bank of India dated April 14, 1978 was marked by consent as Ext. M-5. It appears from the circular that in April, 1976 the management has decided to withdraw the "check-off" facilities whereunder trade union subscriptions of employees were paid by the management by deducting them from their salaries on the basis of the indi-

vidual employees's written authority. It was notified that with effect from 1st April, 1978 the trade union subscriptions of employees would be remitted from their salary on the basis of the written authority given by them and the amount would be credited to the union's account, such remittance to be made once in a quarter from the employee's salary due for payment in April, July, October and January every year. In other words, by this circular the management decided to reintroduce the "check-off" facilities. If, under trade union subscriptions were to be paid by the management directly by deducting subscription amounts from the salaries of the employees on the basis of the written authority given by individual employees and crediting the amounts to the union.

8. On the question as to whether the concerned workman was a member of the Central Bank National Employees' Union at the material time, the management relied on Ext. M-1 from which it appeared that he authorised the bank to remit subscription by a letter of authority of a date subsequent to 14th April, 1978. From this it was sought to be argued that prior to that date he was no a member of this union. The argument lacks substance, especially in the context of the circular dated April 14, 1978. The fact remains that the bank had discontinued "check-off" facilities and therefore there was no occasion for the workman to make his application earlier. In any event, absence of an application to the bank for remittance of trade union subscription does not necessarily imply that the employee in question is not a member of a trade union nothing has been said in course of evidence to impugn the application made by the concerned workman in December, 1976 for membership for the union. Ext. M-4 merely proves that in June, 1976 he was a member of the Central Bank of India Employees' Association. Moreover, the membership register for 1978 proves that he was a member of the union at all material times. No evidence has been led on behalf of the bank to satisfy the tribunal that the concerned workman was not a member of the Central Bank National Employees' Union. The document evidence as well as the oral evidence given by the General Secretary of the Union on this point should therefore be accepted.

9. On the other question, namely, whether the union is of a sufficiently representative character, the evidence given by the Union Secretary that at the material time 500 out of 1500 employees of the Calcutta office and branches of Central Bank of India are members of the Union, has not been contradicted. The membership register of the Union has also been made an exhibit. In these circumstances it must be held that the union, having on its roll 1/3rd of the total number of employees of the main office and all other branches at Calcutta, has a representative character.

10. It was sought to be argued from the bar that the resolution under which the union sponsored the dispute on behalf of the concerned workman was not a genuine and authentic resolution properly passed at the meeting of the Executive Council and no request was made by the concerned workman to the union to sponsor the dispute. On behalf of the concerned workman learned advocate pointed out that these issues have not been raised by the management in their pleadings. The only objection which was made of preliminary issue was the lack of genuineness of the union. He submitted that in these circumstances the management should not be allowed to prefer this objection. I am inclined to agree with the learned advocate on this point. Be that as it may, it is abundantly clear from the letter of the concerned workman to the General Secretary of the Union dated 30th September, 1977 that a request was made by the concerned workman to the union to sponsor his cause. Moreover, there is no reason for doubting the authenticity of the minutes of the proceedings of the Executive Committee meeting held on 30th September, 1977. In my opinion the Secretary has given a reasonable explanation for leaving some blank pages in the Minutes book. The fact that the concerned workman approached the management for redress of his grievance at an earlier stage without the intervention of the union does not vitiate the resolution passed by the Executive Committee of the Union.

11. Learned advocate appearing on behalf of the management relied on a decision of the Madras High Court in the case of Nellal-Cotton Mills, Tirunelveli and Labour Court, Madras and another, 1965 (1) LLJ 95, for the proposition that before a dispute can become a collective dispute, it

should not merely be sponsored by a union which has not a substantial number of the employees of the particular concern on its rolls, but it is also necessary that a substantial number of the employees of the concern should have supported the decision of the union to take up the cause of the individual worker. This case has neither been pleaded nor has evidence been led on this point. It appears from the resolution passed by the Executive Committee that a number of workmen, presumably members of the Executive Committee, were present. It was not suggested to the Secretary of the Union that a sufficient number of members were not present to support the resolution. In that view of the matter, this objection cannot be sustained.

12. In the view I have taken of the evidence, I hold that the union has a representative character and is therefore competent to sponsor the dispute in the reference. I further hold that a resolution was passed by the Executive Committee of the Union under which the Union has sponsored the dispute and the resolution was passed at the instance of a written request made by the concerned workman to the Union requesting the Union to espouse his cause. The preliminary objection taken by the management is therefore dismissed.

The reference will now be heard on merits.

Dated : 13-11-79

S. K. MUKHERJEA, Presiding Officer

New Delhi, the 7th April, 1981

S.O. 1258.—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the following award of the Central Government Industrial Tribunal, Hyderabad in the industrial dispute between the employers in relation to the management of State Bank of Hyderabad and their workman, which was received by the Central Government on the 28-3-81.

BEFORE THE INDUSTRIAL TRIBUNAL (CENTRAL)

AT HYDERABAD

Industrial Dispute No. 6 of 1980

BETWEEN

Workmen of State Bank of Hyderabad ;

AND

The Management of State Bank of Hyderabad.

APPEARANCES :

Sarvasri K. Srinivasa Murty and K. Satyanarayana Rao, Advocates—for the Management.

None—for the Workmen.

AWARD

Under Sections 7A and 10(1)(d) of the Industrial Disputes Act, 1947, the Government of India, Ministry of Labour referred to this Tribunal the following dispute between the Workmen and the Management of State Bank of Hyderabad by its Order No. L-12012/72/79-D.II.A, dated 7th June, 1980:—

SCHEDULE

"Whether the action of the management of State Bank of Hyderabad, Region VIII in transferring Shri R. K. Desai, Branch Secretary from Tavargere to Deodurg Branch is justified? If not to what relief the workman is entitled?"

2. In this case, notices were issued to both sides after this reference was registered. On 22-10-1980 the date on which this reference was posted and which date was intimated to both sides, both sides were called absent and claims statement was not filed. Then the matter was again adjourned to 4-11-1980, and on that date, the Management was represented, but no one represented for the workman or the union. Then notice to workman was ordered to be issued informing that the case was adjourned to 25-11-1980 for filing the claims statement. Though the General Secretary, State Bank of Hyderabad Employees' Association acknowledged that notice, no one represented for the said union or the workman on 25-11-1980 and the matter was adjourned to 9-12-1980. And when no one was present for the workman on 9-12-1980 also, notice to the concerned workman was ordered to 30th December, 1980 and that notice was acknowledged by the concerned workman. On 30th December, 1980 M/s. M. Pandu Ranga Rao and V. S. Ranga Rao filed vakalat for workman and the matter was adjourned from time to time for filing claims statement but it was not filed. On 18-3-1981 the learned advocates for the workman reported no instructions and the workman and the union were called absent.

12 GI/81—17

3. Rule 22 of Industrial Disputes (Central) Rules, 1957 is as follows:—

22. Board, Court, Labour Court, Tribunal, National Tribunal or arbitrator may proceed ex-parte:—If without sufficient cause being shown, any party to proceedings before a Board, Court, Labour Court, Tribunal, National Tribunal or arbitrator fails to attend or to be represented, the Board, Court, Labour Court, Tribunal, National Tribunal or Arbitrator may proceed, as if the party had duly attended or had been represented.

4. It is clear from the above rule that if without sufficient cause being shown, any party to the proceedings fails to attend or to be represented, the Tribunal may proceed as if the party had duly attended or the party had been represented. Though a number of adjournments were given the union or the concerned workman failed to file the claims statement. No material is placed to show the justification for absence of the concerned workman or the representative of the union to attend the Court on 18-3-1981 the date on which the matter was posted for filing claims statement after number of adjournments were given for that purpose, and the learned counsels for the workman reported no instructions. Hence in the circumstances, it is proper to proceed under Rules 22 referred to above.

5. As no claims statement is filed, it is not known under what circumstances the concerned workman or the union is challenging the order of transfer of the concerned workman. It is represented for the Management that as claims statement was not filed for the workman or the union, there is nothing for the Management to rebut and hence it has no need to file any counter.

6. It is open to the Management to transfer an employee for justifiable reasons and hence there is nothing prima facie irregular or illegal in the impugned action of the Management. Hence in view of the material on record, it has to be held that there is nothing to show that the action of the Management in transferring Shri R. K. Desai, Branch Secretary from Tavargere to Deodurg Branch is unjust and I find accordingly.

7. Ex-parte Award is passed accordingly.

Dictated to the Stenographer, transcribed by him and corrected by me and given under my hand and the seal of this Tribunal, this the 20th day of March, 1981.

V. NEELADRI RAO, Presiding Officer

नई दिल्ली, 24 मार्च, 1981

का० अ० 1259.—केन्द्रीय सरकार, जूना पत्थर और डोलोमाइट खान अम कल्याण निधि अधिनियम, 1972 (1972 का 62) की धारा 10 के अनुसरण में, वित्तीय वर्ष 1979-80 के दौरान उक्त अधिनियम के अधीन वित्तपोषित अपने क्रियाकलापों का वृत्त देते हुए उस वर्ष के लेखा विवरण के साथ निम्नलिखित रिपोर्ट प्रकाशित करती है :—

सामान्य : जूना पत्थर और डोलोमाइट खान अम कल्याण निधि, जूना पत्थर और डोलोमाइट खान अम कल्याण निधि अधिनियम, 1972 (1972 का 62) के अधीन गठित की गई थी, जिसमें किसी खान में उत्पादित उतने जूना पत्थर और डोलोमाइट पर, जितना जूना पत्थर और डोलोमाइट खानों में नियोजित व्यक्तियों के कल्याण की अभिवृद्धि करने के लिए —

(1) किसी कारखाने के अधिष्ठाता को विनियमित किया जाता है या अन्यथा व्ययन किया जाता है; या

(2) ऐसी खान के स्वामी द्वारा सीमेंट, कोह्ला या इस्पात के निर्माण में किसी प्रयोजन के लिए उपयोग में लाया जाता है।

यथास्थिति जूना पत्थर या डोलोमाइट पर एक रुपये प्रति मीटरी टन से अनधिक दर से उत्पादन शुल्क के उद्ग्रहण और संग्रहण की व्यवस्था की गई है। इस समय उद्ग्रहण की वास्तविक दर बीस पैसे प्रति मीटरी

तन है। उपकर के आगम मुख्यतः लोक स्वास्थ्य और स्वच्छता में सुधार चिकित्सा सुविधाओं की व्यवस्था, आवास और पोषण कार्यक्रमों, आदि के लिए आर्थिक सहायता देने के लिए उपयोग में लाए जाते हैं।

2. प्रशासनिक सुविधाओं के लिए, उन्नीस राज्यों और संघ शासित क्षेत्र गोवा और दिल्ली को, जिनमें देश की चूना पत्थर और डोलोमाइट खाने हैं, पांच क्षेत्रों में बांटा गया है और इन क्षेत्रों के कल्याण आयुक्तों को इस अधिनियम और इसके अधीन बनाए गए नियमों को लागू करने के लिए कल्याण और उपकर आयुक्तों के रूप में नियुक्त किया गया है। क्षेत्रों का आबंटन इस प्रकार किया गया है :—

क्रमिक पदनाम और अधिकारी	मुख्यालय	उनके क्षेत्राधिकार में आने वाले राज्य
1. कल्याण आयुक्त, श्रम मंत्रालय, भारत सरकार, जबलपुर।	जबलपुर	मध्य प्रदेश, महाराष्ट्र और संघ शासित क्षेत्र गोवा।
2. कल्याण आयुक्त, श्रम मंत्रालय, भारत सरकार भुवनेश्वर	भुवनेश्वर	उड़ीसा, पश्चिम बंगाल, असम और मेघालय।
3. कल्याण आयुक्त, श्रम मंत्रालय, भारत सरकार, इलाहाबाद।	इलाहाबाद	बिहार, उत्तर प्रदेश, जम्मू और कश्मीर, और संघ शासित क्षेत्र दिल्ली।
4. कल्याण आयुक्त, श्रम मंत्रालय, भारत सरकार भिलवाड़ा	भिलवाड़ा	राजस्थान, गुजरात, हरियाणा, पंजाब और हिमाचल प्रदेश।
5. कल्याण आयुक्त, श्रम मंत्रालय, भारत सरकार बंगलौर	बंगलौर	तमिलनाडु, कर्नाटक और आन्ध्र प्रदेश।

चूना पत्थर और डोलोमाइट खानों के श्रमिकों के लिए निम्नलिखित कल्याण सुविधाओं की व्यवस्था की गई है :—

(आवस्था)

3.1 पहले से स्थापित घाट आयुर्वेदिक और दस एलोपैथिक औषधालयों के अलावा, आलोच्य अवधि के दौरान चार और औषधालयों बिर-मिश्रपुर (उड़ीसा), चरखी-दादारी (हरियाणा), राजूर (महाराष्ट्र) और बारा (राजस्थान) में एक-एक की मंजूरी दी गई। इन औषधालयों से 1.5 लाख से अधिक गोगी लाभ उठाते हैं।

3.2 आलोच्य वर्ष के दौरान खान प्रबंधकों की निम्नलिखित प्रयोजनों के लिए सहायता अनुदान भी मंजूर किए गए हैं :—

	लाख रुपये
(क) एम्बुलेंस बेंच	1.97
(ख) एकसरे मशीन	0.18
(ग) चेस्ट स्क्रीनिंग मशीन	0.15
(घ) अन्य अस्पताल उपकरण	0.13

3.3 हमके अतिरिक्त, मेसर्स ए० सी० सी० चान्वा (महाराष्ट्र) को औषधालय भवन के विस्तार के लिए 62,500 रुपये की राशि मंजूर की गई। घाटक और गम्भीर दुर्घटना योजना के अन्तर्गत 21 व्यक्तियों को लाभ प्राप्त हुआ और 121 तपेदिक के रोगियों का इलाज किया गया। बंगलौर क्षेत्र में तपेदिक से पीड़ित रोगियों के लिए छः पलंग आरक्षित किए गए और भुवनेश्वर क्षेत्र में पच्चीस पलंग आरक्षित किए गए।

शिक्षा

4 चूना-पत्थर और डोलोमाइट श्रमिकों के पुत्रों और पुत्रियों को छात्रवृत्तियां देने की योजना के अन्तर्गत 1900 छात्रों को छात्रवृत्तियों

के रूप में 3.78 लाख रुपये की राशि का भुगतान किया गया। इनमें से भिलवाड़ा क्षेत्र के 435, इलाहाबाद क्षेत्र के 186, बंगलौर क्षेत्र के 839, जबलपुर क्षेत्र के 240 और भुवनेश्वर क्षेत्र के 200 छात्र थे ;

आवास

5. आलोच्य वित्तीय वर्ष के दौरान, वित्तीय वर्ष 1979-80 के अन्त तक विभिन्न क्षेत्रों में टाइप-1 आवास योजना के अन्तर्गत 780 मकानों का निर्माण किया गया, जबकि उससे पहले 1992 मकानों का निर्माण किया जा चुका था।

मनोरंजन

6. आलोच्य वर्ष के दौरान विभिन्न स्थानों पर 16 सिनेमा प्रोजेक्टरों (16 एम० एम०) और 11 रेडियो सेटों की व्यवस्था की गई। हमने पहले के वर्षों में स्वीकृत 25 प्रोजेक्टरों और 28 रेडियो सेटों की सेवाओं का लाभ श्रमिकों को प्राप्त होता रहा।

6.1 इसके अतिरिक्त, विभिन्न प्रबंधकों द्वारा चलाए जा रहे कल्याण क्षेत्रों को 10,544.31 रुपये के सहायता अनुदान की मंजूरी दी गई और उसी अवधि के दौरान विभिन्न क्षेत्रों में टर्मिनेटों, सामाजिक तथा सांस्कृतिक कार्यक्रमों के लिए 50,000 रुपये की राशि मंजूर की गई।

जल प्रदाय

7. आलोच्य अवधि के दौरान जल प्रदाय योजना के लिए मैसूर सीमेंट लिमिटेड की मैसर्स चारकेटा चूनापत्थर और डोलोमाइट खानों के लिए 14 296 रुपये की अतिरिक्त आर्थिक सहायता दी गई, जबकि जल प्रदाय योजना को लागू करने के लिए कर्नाटक में पंजाबगुडी खानों के लिए 1,62,600 रुपये और मैसर्स इसापेट लाइम कावरी/स्टोन कावरी (मध्य प्रदेश) के लिए 11,829.76 रु० की मंजूरी दी गई।

7.1 भिलवाड़ा क्षेत्र में खान प्रबंधकों को पानी के कुलों की खनिक के लिए 6,400 रुपये की आर्थिक सहायता मंजूर की गई।

[सं० जैड-16016/2/80-एम० बी०]

आर० के० राम, सचिव

New Delhi the, 24th March, 1981

S. O. 1259.—In pursuance of Section 10 of the Limestone and Dolomite Mines Labour Welfare Fund Act, 1972 (62 of 1972), the Central Government hereby publishes the following report giving an account of its activities financed under the said Act during the financial year 1979-80 together with the statement of accounts of that year :—

General :—The Limestone and Dolomite Mines Labour Welfare Fund was constituted under the Limestone and Dolomite Mines Labour Welfare Fund Act, 1972 (62 of 1972) which provides for the levy and collection of cess at a rate not exceeding one rupee per metric tonne on so much of limestone and dolomite produced in any mine,

(i) as is sold or otherwise disposed to the occupier of any factory, or

(ii) as is used by the owner of such mine for any purpose in connection with the manufacture of Cement, iron steel,

to promote the welfare of the persons employed in limestone and dolomite mines. The actual rate of levy presently is twenty paise per metric tonne. The proceeds of the cess are being utilised mainly for the improvement of public health and sanitation, provision of medical facilities, subsidy on housing and programmes of nutrition etc.

2. For administrative convenience, the Nineteen States and Union Territories of Goa and of Delhi which have limestone and dolomite mines in the country, have been grouped into five regions and the welfare Commissioners of the areas have been appointed as Welfare and Cess Commissioners for the enforcement of the Act and Rules framed thereunder. The allocation of the region is as under :—

Sl. No.	Designation of the Officer	Headquarters	Name of the States & their jurisdiction
1.	Welfare Commissioner, Ministry of Labour, Government of India, Jabalpur.	Jabalpur	Madhya Pradesh, Maharashtra and Union Territory of Goa.
2.	Welfare Commissioner, Ministry of Labour, Government of India, Bhubaneswar.	Bhubaneswar	Orissa, West Bengal, Assam, and Meghalaya.
3.	Welfare Commissioner, Ministry of Labour, Government of India, Allahabad.	Allahabad	Bihar, Uttar Pradesh, Jammu & Kashmir and Union Territory of Delhi.
4.	Welfare Commissioner, Ministry of Labour, Government of India, Bhilwara.	Bhilwara	Rajasthan, Gujarat, Haryana, Punjab and Himachal Pradesh.
5.	Welfare Commissioner, Ministry of Labour, Government of India, Bangalore.	Bangalore	Tamil Nadu, Karnataka and Andhra Pradesh.

Following Welfare facilities have been provided to Limestone and Dolomite Mines Workers :—

A. HEALTH

3.1 Besides, eight Ayurvedic and ten Allopathic dispensaries established earlier, four more dispensaries one each at Birmitrapur (Orissa), Charkhi-Dadri (Haryana), Rajur (Maharashtra) and At Bara (Rajasthan) were sanctioned during the period under report. These dispensaries serve more than 1.5 lakhs patients.

3.2 Grants-in-aid for the following purposes were also sanctioned to the mine managements during the year under report :—

(a) Ambulance Van	Rs. 1.97 lakhs.
(b) X-Ray Machine	Rs. 0.18 lakh.
(c) Chest Screening Machine	Rs. 0.15 lakh.
(d) Other Hospital Equipments	Rs. 0.13 lakh.

3.3 Besides, an amount of Rs. 62,500/—was sanctioned to M/s. A.C.C. Chanda (Maharashtra) for extension of dispensary building. 21 persons were provided benefits under fatal and serious accident scheme and 121 patients were treated for Tuberculosis. Six Beds were reserved for T. B. patients in Bangalore region and Twenty five beds were reserved in Bhubaneswar region.

EDUCATION

4. Under the scheme of Award of Scholarships to sons and daughters of Limestone and Dolomite Workers, an amount of

Rs. 3.78 lakhs was paid as Scholarships to 1900 students. Out of these 435 were in Bhilwara Region, 186 in Allahabad Region, 839 in Bangalore region, 240 in Jabalpur region and 200 in Bhubaneswar regions.

HOUSING

5. During the financial year under review 780 houses under Type-I Housing Scheme were constructed in different regions upto and of the financial year 1979-80, while 1992 houses had been constructed earlier.

RECREATION

6. During the year under review 16 Cinema Projectors (16mm) and 11 Radio Sets were provided at different places. 10 Mobile Cinema Units, 25 Projectors and 28 Radio Sets sanctioned in earlier years continued to provide service to the workers.

6.1 In addition, Grants-in-aid amounting to Rs. 10,544. 31P was sanctioned to the Welfare Centres maintained by the different managements and an amount of Rs. 50,000 was sanctioned for tournaments, social and cultural activities in different regions during the same period.

WATER SUPPLY

7. During the period under report for Water Supply Scheme an additional subsidy amounting to Rs. 14,296 was sanctioned to M/s. Yarketa Limestone and Dolomite Mines of Mysore Cement Ltd., while Rs. 1,62,600 was sanctioned for implementing Water Supply to Pandalgudi Mines in Karnataka, and Rs. 11,629.76P to M/s. Isapet Limestone Quarry (Madhya Pradesh).

7.1 Subsidy of Rs. 5,400 was also sanctioned to mine management in Bhilwara region for purchase of Water Coolers.

8. Statement of account for year 1979-80.

Opening Balance as on 1-4-79	Rs. 1,29,59,205.31
Receipts during 1979-80	Rs. 66,88,904.61
Expenditure during 1979-80	Rs. 49,25,485.08
Closing Balance as on 31-3-80	Rs. 1,47,22,624.84

[No. Z-16016/2/80-MV]

R. K. DASS, Under Secy.

New Delhi, the 31st March, 1981

S.O. 1260.—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the following award of the Central Government Industrial Tribunal, No. 2, Bombay, in the industrial dispute between the employers in relation to the management of M/s. Chowgule & Co. Pvt. Ltd., Goa and their workman, which was received by the Central Government on the 24th March, 1981.

BEFORE THE CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL NO. 2, BOMBAY.

Reference No. CGIT-2/4 of 1980

PARTIES :

Employers in relation to the management of M/s. Chowgule and Company Private Limited, Goa.

AND

Their Workmen.

APPEARANCES :

For the Employers.—Shri D. P. Sinha, Manager, Industrial Relations.

For the workmen.—Shri A. A. Torgal, (Effected workman in person).

INDUSTRY : Mining STATE : Goa, Daman and Diu.
Bombay, dated the 16th March, 1981.

AWARD

The Government of India, in the Ministry of Labour in exercise of the powers conferred on them under Section 10(1)(d) of the Industrial Disputes Act, 14 of 1947 have referred the following industrial dispute to this Tribunal for adjudication under order No. L-26012/5/79-D.II(B), dated, March, 1980 (received on 11th March, 1980) :—

"Whether the action of the management of Messrs Chowgule and Company Private Limited, in not transferring Shri A. A. Torgal, Fitter from Gavanem Mines even after closure of the mines from 24th April, 1978 is justified? If not, to what relief the workman is entitled?"

The workman in his statement of claim has stated that he was employed as a highly skilled workman (fitter) in the Pale Mines of Messrs Chowgule and Company (P) Ltd. (The Company for short). He was being detailed for work on specialised jobs such as maintenance and repairs of rope way and several types of machinery at the company's Palletisation plant. His record of service from 1963 was clean. The Chowgule Employees Union an affiliate of C.I.T.U. was formed in or about 1970 and the workman became an executive member in 1972 and in 1976 he was elected as the Secretary. Ever since his election as Secretary of the Union he alleges that the Company started harassing him. On 14th October, 1974 he was transferred from Pale Mines to Gavanem Mines (order of transfer annexure 'B' to the statement). Even after the said mine was closed with effect from 24th April, 1978 the workman was kept there itself. The workman complains that after the closure of that mine he is having absolutely no work there. He referred the matter to his Union and also to the Assistant Labour Commissioner (Central) Vasco-da-Gama. He submits that the refusal of the Company to shift him from Gavanem Mine even after its closure is an act of victimisation for his Trade Union activity. He prays that he may be transferred from Gavanem Mine to Pale Mine. He also submits that on account of his being retained at Gavanem Mine even after its closure he was incurring an additional expenditure of Rs. 150 per month by way of travelling, meals etc. He also claims compensation for the additional hours he had to spend in commuting from one place to another. He also suffered mental torture and agony as a result of his illegal retention at Gavanem Mines. He claims Rs. 5000 as compensation on this account.

The management in their written statement submit that their employees in their mines during the relevant period were represented by the Chowgule Employees' Union. The said Union served a Charter of demands on the company which was being negotiated mutually. Some of the workers during the course of negotiations indulged in acts of misconduct like assault coercion etc. on their fellow employees. The management initiated disciplinary action against the workman concerned in these acts of violence. By the end of February or 1st week of March, 1973 the Company and the Union had arrived at an understanding on the issue of the charter of demands. But the settlement could not be signed because of the insistence of the workmen on the management withdrawing the disciplinary action initiated by them against some of the workmen. The management did not yield to this demand of the workmen with the result that from the third shift working of 13th March, 1973 a general strike in all the mines and Ship Building Division started. The strike turned out to be violent from the start. The same night some of the striking workmen attempted to assault the manager of the company's Pale Complex. The Manager escaped from the hands of the strikers. Then the striking workmen started pelting stones at the car of the Manager and subsequently burnt the same. The company charge-sheeted 18 workmen in connection with this incident of 13th March, 1973 including the workman herein. The strike continued till 29th March, 1973 mainly to press their demand for withdrawal of disciplinary action against all the workmen including the 18 connected with the incidents of 13th March, 1973. On the intervention of the Government of Goa, Daman and Diu a settlement was arrived at as per the terms of which the

enquiry was to be conducted by a person unconnected with the company. The findings of the Enquiry Officer were to be submitted to the Chief Secretary to the Government of Goa, Daman and Diu for his scrutiny and opinion on the Question of punishment proposed by the Enquiry Officer. The Enquiry was conducted by Shri B. N. Tadwalkar and his findings were submitted to the Chief Secretary. The Chief Secretary while agreeing with all the findings of the Enquiry Officer observed that if the management considered it necessary in the interests of discipline they could transfer any or all the 17 persons mentioned in paras. 1 and 2 at page 13 of his report. In pursuance of this term in the Chief Secretary's decision the management transferred the workman herein to Gavanem Mine as per their order dated 22nd October, 1974. Since this transfer was effected in terms of the decision of the Chief Secretary the management submits that their action should be held to be fair and proper. They pray that this reference may be answered against the workman.

The management in their reply to the workman's statement of claim admits as substantially correct the allegation made by the workman that after the closure of the Gavanem Mine there was no work there. They deny the averment that the workman's transfer to Gavanem Mines was an act of victimisation. They also deny the workman's claim that his service record from 1963 to 1973 was clean.

On 25th February, 1981 the workman appeared before the Court and filed a petition to add the following plea as para 4A to the claim statement :—

"4A. That the certified standing orders of the Gavanem Mines do not contemplate a transfer to and further that the standing order No. 2 of 1864 is not at all applicable to the workers if any in Gavanem Mines.

The workmen shall rely on the certified standing orders or and when produced."

On the above pleadings the issues that arise for consideration are :—

(i) Whether the refusal of the management to transfer the workman to an active mine after the closure of Gavanem Mine with effect from 24th April, 1978 is justified?

(ii) To what relief?

Point 1 :

It is unnecessary to set out the facts of the case once again after giving summary of the pleadings above. Neither party has adduced any oral evidence in support of its contentions. It is the common case of the parties that the workman was transferred to Gavanem Mines with effect from 22nd October, 1974 in pursuance of the Chief Secretary's observations in his report. It is also not disputed that the operations at the Gavanem Mines were closed with effect from April, 1978 and that after the closure of the Mine there is practically no work for the workman herein who is a fitter. It is also not disputed that the living conditions in Gavanem Mine area leave very much to be desired when compared to the living conditions of workmen in their active mines at Pale, Sakorda, Costi and Sirigao. The workman appears to be in the prime of his life keen on being engaged in active and useful work. It is not his complaint that his wages or other benefits are being affected in any manner by his being retained at Gavanem Mines. When the management's representative Shri Sinha was not amenable to a proposal made by the Court to favourably consider the workman's request for transfer to Pale or any other active mine the workman was asked if he would agree to leave this M/s. Chowgule's organisation on payment of suitable compensation to be determined by the Court. The workman was not agreeable to this suggestion. He was also not agreeable to being transferred to any mine other than an active mine like Pale, Costi, Sakorda and Sirigao Mines. So the question that arises for consideration is whether the management's action in keeping the workman at Gavanem Mine even after its closure in April, 1978 is justified.

The management contends that they are justified in transferring the workman from Pale to Gavanem as per the Chief Secretary's order. May be they are justified in effecting the transfer in 1974. The question still remains whether even after its closure in April, 1978 the retention of the workman at Gavanem mine amounts to victimisation and unfair labour practice.

The Chief Secretary's order at page 3 gives us an idea as to the role played by the workman along with others in the 1973 March disturbances.

- (i) Throwing stones at the time office, sub-station etc. along with S. S. Naik (President of the Union), E. G. Mulla, U. N. Gaonkar, C. V. Parab, K. S. Kopkar, S. Y. Wadar, Bapu Kutty, R. C. Nair, V. J. Malwankar, N. Vidhadharan and D. R. Gaonkar.
- (ii) Tilting the car of Mr. Samant, the Manager along with U. N. Gaonkar, E. G. Mulla, S. S. Naik, R. C. Nair, K. P. Bapu Kutty, N. Vidhadharan, V. J. Malwankar, S. Y. Wadar, Pandu Mane, P. P. Dicholkar, K. V. Desai, V. N. Swan, V. R. Parab, D. R. Gaonkar and K. S. Kopkar.
- (iii) Burning the vehicles of the company along with C. V. Parab, U. N. Gaonkar, S. S. Naik and E. G. Mulla.

It may be noticed from the Chief Secretary's order at page 11 that of those 17 persons charge-sheeted for the incidents of 13-3-1973, 8 persons including the workman herein were allowed to work at Pale from the date of the Settlement namely 29-3-1973 while the other nine persons were not allowed to resume duty till the receipt of the order of the Chief Secretary directing their reinstatement. From this circumstance it may not be unreasonable to infer that the management did not view the case of the workman with the same gravity as they did the case of the other nine persons. Further out of the nine persons that were removed from service and later reinstated as per the Chief Secretary's order it is stated during arguments that C. D. Parab Bapu Kutty, Malwankar, P. P. Dicholkar and Vidhyadharan were not subject to any transfer at all. It may be seen that the President of the Union Shri S. S. Naik and E. G. Mulla are allowed to work at their busy Mine Costi. This shows that the management was not applying the same standard to all the persons found guilty of the same offence. Some were not disturbed from their earlier stations and some were allowed to work at their busy mine Costi. When the President of the Union Shri Naik was allowed to work at the Costi Mine even after being found guilty by the Enquiry Officer of the very same offences as the workman, herein. There is no reason why the workman herein who is the Secretary of the Union should not be allowed to work at one of the busy mines. Further a stint of 7 years at a punishment centre, like Gavanem Mine should be sufficient for the management to consider the case of the workman for a transfer to an active mine. Shri Sinha the management's representative was asked if there was any special reason for singling out the workman herein for his continued retention at Gavanem Mine. No light was thrown on this question on 25-2-1981 when the case was heard by Court. On 26-2-1981 Shri Sinha filed a Memo. termed confidential giving the several reasons for keeping the workman at Gavanem Mine even after it was closed. They are :—

- (1) Involvement in the car and jeep burning case of 1973.
- (2) Leading the group of 30 people to stop the visit of Government official visiting the plant.
- (3) Being the Union leader the management expected him to fight with the management for the benefit of the workman. Unfortunately the workman's approach was to avenge and damage the company.
- (4) Constant refusal to vacate the company's quarters as per the management's direction.
- (5) He had been forcibly evicted through the process of the Court.

They further submitted that the management apprehends that whenever this workman is posted the smooth working of the mine would be out of question. They also submit that the workman was never regular in attendance at Gavanem Mine. Unfortunately the above points were submitted after the hearing was closed. So far as the first point is concerned it is already dealt with above it is not known whether point No. 2 was the subject matter of the disciplinary proceedings or it is an incident which took place subsequently. Regarding the allegation that during the period 1974 to 1980 the

workman's activities in the colony at Pale Mine were confined to gathering groups in the evening and pose a threat to the residents of the colony who did not concur with his views, these allegations are not sought to be substantiated by the management and the workman was not given an opportunity to meet the allegations. They cannot be taken note of. However, it is admitted that the workman vacated his quarters at Pale in 1980 through process of Court i.e. 6 years after his transfer to Gavanem. There is no reason why his request for transfer should not be considered favourably.

Point 2 :

In the result this reference is answered as follows :—

The management's action in refusing to transfer the workman herein from Gavanem mine even after its closure from 24-4-1978 is not justified. The management is directed to transfer the workman from Gavanem mine to any other active mine of theirs where the mining operations are in full swing including Pale Mine within 15 days of the date of Publication of this Award.

The workman's claim for compensation for his continued retention at Gavanem Mine beyond the date of its closure is rejected for want of evidence in support thereof.

For the Workman—Shri S. Bose, Secretary, R.C.M.S.

INDUSTRY : Coal

STATE : Bihar

Dated, the 24th March, 1981

AWARD

The Govt. of India in the Ministry of Labour in exercise of the powers conferred on them u/s10(1)(d) of the Industrial Disputes Act, 14 of 1947 have referred to the following dispute to this Tribunal for adjudication by their Order No. 200/12/104/79-D.III(A) dated the 22nd January, 1980.

SCHEDULE

"Whether the demand of the workman of Digwadih Colliery of M/s. Tata Iron & Steel Co. Ltd., P.O. Jealgora, Dist. Dhanbad that Shri Kali Barhi should be allowed to resume duty, and regularised as Carpenter against permanent post of Carpenter from the 1st May, 1976 and that he should be paid wages for the period of idleness is justified? If so, to what relief is the said workman entitled?"

2. The case of the union is that the concerned workman Kali Barhi was holding the post of a permanent Carpenter during the relevant time when he was stopped by the management in a most arbitrary and illegal manner. The workman is alleged to have entered into the service at Digwadih Colliery on 19-10-71 and continued till 18-7-77. It is alleged that a vacancy of Carpenter in the Central Workshop of the TISCO Colliery management occurred which was duly filled up by transferring one Babulal Mistry of Digwadih Colliery from 1-5-76 in higher grade since he was the senior most Carpenter. The post of Babulal Mistry consequently fell vacant which should have been given to the concerned workman being next junior to him in order of seniority, but the management selected a junior Carpenter namely Madan Mistry thereby causing discrimination against the concerned workman. It is submitted that the concerned workman, It is submitted that the concerned should have been allowed the status of a permanent worker from 1-5-76 when the post of permanent Carpenter at Digwadih Colliery fell vacant due to transfer of aforesaid Babulal Mistry. The action of the management in not giving the post of Babulal Mistry to the concerned workman has been attached as illegal and unjustified. It is prayed that the concerned workman should be allowed to resume his duty and regularised as Carpenter with effect from 1-5-76.

3. The case of the management is that another union viz. Koyala Mazdoor Congress had raised the very same dispute before the A.L.C. (C) Dhanbad and the matter was discussed on several dates and finally it was closed. But the present dispute has again been raised by another union which is liable to be summarily dismissed.

4. The main case of the management, however, is that the concerned workman had worked only on temporary basis as a Carpenter for some period intermittently from 26-9-74 to 19-7-77 as and when required and he was engaged for repairing doors and windows in the workers quarters. It is submitted that during the period of temporary appointment of the concerned workman, his work was found not satisfactory and the management had received a large number of complaints from the workers for unsatisfactory repair works done by the concerned workman and in order to have better type of jobs the management appointed another Carpenter, namely Madan Mistry on temporary basis in the year 1977.

5. It is stated that the permanent Carpenter, namely Babulal Mistry was selected for promotion at the Central workshop and he was therefore transferred and his permanent post fell vacant. In order to fill up the above vacancy a trade test was held in which the concerned workman, namely Kali Barhi, Madan Mistry and other appeared. But the concerned workman Kali Barhi could not pass the trade test and his performance was found to be very poor as compared with Madan Mistry who passed the trade test. Madan Mistry was therefore given a permanent employment as Carpenter in the month of January '77. It is submitted that the concerned workman was given temporary employment as there were pressing demands for rough repairing of doors and windows of the workers and he was engaged from time to time till another suitable candidate was appointed and permanently absorbed as stated above and as there was no necessity of continuing the concerned workman after the appointment of Madan Mistry he was not given any further employment. On the above facts it is stated that the demand of the concerned workman is unjustified and he is not entitled to the relief claimed.

6. The point for consideration is as to whether the concerned workman Kali Barhi should be allowed to resume his duty and regularised as Carpenter against the permanent post of Carpenter from 1-5-76 and whether he should be paid wages for the period of idleness.

7. During the hearing stage the management did not press the point that the present reference is not maintainable as it had earlier been raised by another union. The main contention of the management, however is that as the concerned workman failed in the test he was not taken in permanent cadre and one Madan Mistry was taken in his place. The concerned workman has examined himself as WW-1 and he has come to support his case. It is admitted by the management that the concerned workman was working as a temporary Carpenter at Digwadih Colliery. Though the case of the concerned workman in his written statement that he was holding the post of permanent Carpenter but this fact is not correct as will appear from the statement of the workman himself as also the documents on the record.

It will appear that there was only one post of permanent Carpenter in Digwadih Colliery which was occupied by Babulal Mistry and this Babulal Mistry was selected for promotion at the Central Workshop. The post of Babulal Mistry which was a permanent one had thus fallen vacant. The case of the management further is that the concerned workman Kali Barhi had worked on a temporary basis for some period from 26-9-74 to 19-7-77 and that during the period of temporary appointment the work of Kali Barhi was not found to be satisfactory and several complaints were received against him. But this fact has not been substantiated either from the documents or from the evidence of MW-1 who is the sole witness examined on behalf of the management. It will appear from Ext. W-1 dated 14th/15th October '71 that for the first time the concerned workman Kali Barhi was appointed as a temporary Carpenter from 19-10-71 for a period of three weeks. The contention of the management that he worked from 26-9-74 is thus not correct. Further if any complaint had been received against his work then the management must have got documents in their possession to show that the work of the concerned workman was not satisfactory. Instead Ext. W-7 would show that he was given work even in the month of June & July '77. If the work of concerned workman would have been found not satisfactory, he would not have been given temporary appointment until the year 1977. Further Exts. W-2 to W-7 would show that the concerned workman was given temporary employment in every year i.e. in the year 1974, 1976 & 1977 for a period of two to three months and even more. This was not probable if the work would have been found unsatisfactory. Moreover, Exts. W-1 to W-7 would show that the concerned workman worked under the management for a sufficient period of time apparently without any complaint as there is no document to support it.

8. As against him one Madan Mistry was taken in permanent cadre in place of Babulal Mistry who had got promotion. This Madan Mistry for the first time came in the temporary employment of the management in the month of January '77 as admitted by the management in their written statement para 9. Madan Mistry who joined for the first time in January '77 was made permanent in July '77 on the basis of alleged trade test while the concerned workman was working since 1971, through temporarily was not given that post. This shows the unjustified motive of the management.

9. The only ground taken by the management is that the concerned workman Kali Barhi failed in the trade test. Ext. M-5 is the chart of the aforesaid trade test. No paper has been filed on behalf of the management to show whether any trade test is required before making any Carpenter permanent. The only witness examined on behalf of the management as stated above is MW-1 Sri G. S. Ramesh, Personnel Officer. He has stated that he along some other officers had held the trade test. He was assisted in the test by Sri Rambabu Srivastava, Welfare Officer, Sri N. K. Chowdhury, Colliery Engineer and Mr. Mazumdar, Group Personnel Officer. They were all members of that Board MW-1 admittedly is not a technical hand. The only technical hand in the Board was Mr. Chowdhury who has not been examined. The trade test chart would show that Madan Mistry is a Matriculate while the concerned workman has read upto Class III only. But academic qualification has got nothing to do with the post of a Carpenter. On the point of experience both of them have been allowed 5 marks each but the concerned workman was admittedly working since 1971 and Madan Mistry came to work from February '77 only. On the point of experience they should not have got equal marks. Another factor is regarding differentiating the varieties of timber. On this score Madan Mistry has been given 23 marks while the concerned workman 13 marks only and thus the concerned workman has been shown to have failed in his examination. It is difficult to understand that whereas Kali Barhi was working since 1971 but he was not able to distinguish varieties of timber but Madan Mistry who came on February, 1977 was able to distinguish it. This shows that particular favour was shown to Madan Mistry a junior Carpenter in order to take him in the permanent cadre.

10. The concerned workman was working temporarily since 1971 and as his work apparently was not found unsatisfactory he should have been given the permanent post instead of giving it to a junior Carpenter.

11. Other documents filed on behalf of the management are not relevant. Exts. M-1, M-2, M-3, M-7, M-8 & M-9 are the letters to show that the concerned workman was given temporary appointment in the year 1974, 1976 and 1977. Ext. M4 is the Standing Order of the management which does not show that any trade test is required for giving a permanent post of Carpenter. Ext. M-6 is a letter of November '77 written by the management to the A.L.C. (C) Dhanbad.

12. Considering all these evidence and circumstances of the case, I am inclined to hold that the concerned workman namely Kali Barhi should have been regularised as Carpenter against the permanent post of Carpenter in place of Babulal Mistry who was promoted and was appointed at the Central Workshop.

13. The question however is as to from which date the concerned workman should be regularised in the permanent cadre. The post no doubt fell vacant on 1-5-76 but it was filled up finally in July '77. The concerned workman in the circumstances is entitled to be regularised in the permanent post of Carpenter from the date Madan Mistry was appointed in that post and he is entitled to his wages from that date. The concerned workman is however, not entitled to any wages from 1-5-76 as claimed by him.

14. I give my award accordingly.

J. N. SINGH, Presiding Officer

नई दिल्ली, 8 अप्रैल, 1981

का. आ. 1262.—मैसर्स एस्कोर्ट्स लिमिटेड दिल्ली (जिसे इसमें इसके पश्चात् उक्त स्थापन कहा गया है) के कर्मचारी भविष्य निधि और प्रकीर्ण उपबंध अधिनियम, 1952 (1952 का 19) (जिसे इसमें इसके पश्चात् उक्त अधिनियम कहा गया है) की धारा 17 की उपधारा (1) के खंड (क) के अधीन छूट दिए जाने के लिए आवेदन किया है।

और केन्द्रीय सरकार की राय में अभिदाय की दर के संबंध में उक्त स्थापन के भविष्य निधि उक्त अधिनियम की धारा 8 में विनिर्दिष्ट दरों से कम अनुकूल नहीं है और कर्मचारी अन्य भविष्य निधि फायदे भी उठा रहे हैं जो किसी समान प्रकृति के अन्य स्थापन में कर्मचारियों के सम्बन्ध में कुल मिलाकर उक्त अधिनियम के अधीन या कर्मचारी भविष्य निधि स्कीम, 1952 (जिसे इसमें इसके पश्चात् उक्त स्कीम कहा गया है) के अधीन उपबन्धित फायदों से कम अनुकूल नहीं है ;

अतः, केन्द्रीय सरकार, उक्त अधिनियम की धारा 17 की उपधारा (1) के खंड (क) द्वारा प्रदत्त शक्तियों का प्रयोग करते हुए और इससे उपाबद्ध अनुसूची में विनिर्दिष्ट शक्तियों के अधीन रहते हुए, उक्त स्थापन को, उक्त स्कीम के सभी उपबंधों के प्रवर्तन से छूट देती है।

अनुसूची

1. उक्त स्थापन के संबंध में नियोजक—

- (1) निरीक्षण के लिए ऐसी सुविधाएं प्रदान करेगा और ऐसे निरीक्षण प्रभारों का प्रत्येक मास की समाप्ति से 15 दिन के भीतर संवाय करेगा जो केन्द्रीय सरकार, समय समय पर उक्त अधिनियम की धारा 17 की उपधारा (3) के खण्ड (क) के अधीन निर्दिष्ट करे ;

- (2) ऐसे निदेशों का पालन करेगा जो केन्द्रीय सरकार द्वारा समय समय पर उक्त अधिनियम की धारा 17 की उपधारा (3) के खण्ड (क) के अधीन भविष्य निधि में किए गए अभिदायों के विनिधान के सम्बन्ध में जारी किए जाएं ;

- (3) इस बात का ध्यान रखेगा कि उक्त स्थान के संबंध में गठित न्यासी बोर्ड भविष्य निधि में किए गए अभिदायों का विनिधान केन्द्रीय सरकार द्वारा समय समय पर जारी किए गए निदेशों के अनुसार करता है, और भविष्य निधि में किए गए अभिदायों के उक्त न्यासी बोर्ड द्वारा ऐसे विनिधान के लिए जिम्मेवार होगा ;

- (4) प्रादेशिक भविष्य निधि आयुक्त, दिल्ली को ऐसी विवरणियां भेजेगा जो केन्द्रीय सरकार समय-समय पर निर्दिष्ट करें ;

- (5) प्रत्येक कर्मचारी को लेखा का वार्षिक विवरण या पाय बुक देगा ;

- (6) भविष्य निधि के प्रशासन में, जिसके अन्तर्गत लेखाओं का रखा जाना, लेखाओं और विवरणियों का प्रस्तुत किया जाना, संचयों का अन्तरण और निरीक्षण प्रभारों का संवाय भी है, होने वाले सभी व्यय का वहन करेगा ;

- (7) प्रत्येक वर्ष, प्रत्येक सदस्य के खाते में ऐसी दर पर ब्याज जमा करेगा जो न्यासी बोर्ड अधिधारित करे और ऐसी दर केन्द्रीय सरकार द्वारा समय-समय पर अधिधारित दर से कम नहीं होगी ;

- (8) केन्द्रीय सरकार द्वारा यथा अनुमोदित भविष्य निधि के नियमों की एक प्रति, और जब कभी उनमें संशोधन किया जाए, तब उस संशोधन की प्रति तथा कर्मचारियों की बहुसंख्या की भाषा में उसकी मुख्य बातों का अनुवाद उक्त स्थापन के सूचना-पट्ट पर प्रदर्शित करेगा ;

- (9) भविष्य निधि के अभिदायों की दर समुचित रूप से बढ़ाएगा यदि ऐसी दर ऐसे स्थापनों के वर्ग के लिए जिसमें उनका स्थापन आता है, उक्त अधिनियम के अधीन बढ़ाई जाती है जिसमें कि उक्त स्थापन की भविष्य निधि स्कीम के अधीन फायदे उक्त अधिनियम के अधीन उपबन्धित फायदों से कम अनुकूल नहीं हो जाते ;

- (10) प्रत्येक वर्ष अपनी भविष्य निधि का संपरीक्षित तुलन पत्र प्रादेशिक भविष्य निधि आयुक्त, दिल्ली को वर्ष की समाप्ति से तीन मास के भीतर भेजेगा।

2. यदि कोई ऐसा कर्मचारी, जो उक्त अधिनियम या उक्त स्कीम (कानूनी निधि) के अधीन कर्मचारी भविष्य निधि या अन्य छूट प्राप्त किसी स्थापन की भविष्य निधि का पहले ही सदस्य है, स्थापन में नियोजित किया जाता है, तो नियोजक उक्त स्थापन की भविष्य निधि के सदस्य के रूप में उसका नाम तुरन्त दर्ज करेगा और ऐसे कर्मचारी के संबंध में पहले किए गए संचय को स्वीकार करेगा तथा उसे उसके खाते में जमा करेगा।

3. उक्त स्थापन के भविष्य के नियमों में कोई भी संशोधन, प्रादेशिक भविष्य निधि आयुक्त, दिल्ली के पूर्व अनुमोदन के बिना नहीं किया जाएगा और जहां किसी संशोधन से उक्त

स्थापन के कर्मचारियों के हितों पर प्रतिकूल प्रभाव पड़ने की सम्भावना है वह प्रादेशिक भावस्थ निधि आयुक्त दिल्ली अपना अनुमोदन देने से पूर्व कर्मचारियों को अपना दृष्टिकोण स्पष्ट करने का व्यक्ति-युक्त अवसर देगा।

[सं. एस. 35014/74/80.पी.एफ.-2]

नवीन चावला, उप सचिव

New Delhi, the 8th April, 1981

S.O. 1262.—Whereas Messrs Escorta Limited, Delhi (hereinafter referred to as the said establishment) has applied for exemption under clause (a) of sub-section (1) of section 17 of the Employees' Provident Funds and Miscellaneous Provisions Act, 1952 (19 of 1952) hereinafter referred to as the said Act;

And whereas in the opinion of the Central Government the rules of the provident fund of the said establishment, with respect to the rates of contribution are not less favourable than those specified in section 6 of the said Act, and the employees are also in enjoyment of other provident fund benefits which on the whole are not less favourable to the employees than the benefits provided under the said Act or under the Employees' Provident Funds Scheme, 1952 (hereinafter referred to as the said scheme) in relation to the employees in any other establishment of a similar character;

Now, therefore, in exercise of the powers conferred by clause (a) of sub-section (1) of section 17 of the said Act, and subject to the conditions specified in the Schedule annexed hereto, the Central Government hereby exempts the said establishment from the operation of all the provisions of the said Scheme.

SCHEDULE

1. The employer in relation to the said establishment:—

- (i) shall provide for such facilities for inspection and pay such inspection charges as the Central Government may, from time to time, direct under clause (a) of sub-section (3) of section 17 of the said Act 15 days from the close of every month;
- (ii) shall comply with the directions issued by the Central Government, from time to time under clause (a) of sub-section (3) of section 17 of the said Act in regard to the investment of contributions to the provident fund;
- (iii) shall take due care to see that the Board of Trustees constituted in respect of the said establishment invest the contributions to the provident fund in accordance with the directions issued by the Central Government from time to time, and shall be responsible for such investment of the contributions

to the provident fund by the said Board of Trustees;

- (iv) shall submit such returns to the Regional Provident Fund Commissioner, Delhi as the Central Government may, from time to time, direct;
- (v) shall furnish to each employee an annual statement of account or a pass book;
- (vi) shall bear all expenses involved in the administration of the provident fund including the maintenance of accounts, submission of accounts and returns, transfer of accumulations and payment of inspection charges;
- (vii) shall credit every year to the account of each member interest at such rates as may be determined by the Board of Trustees and such rate shall not be less than the one determined by the Central Government from time to time;
- (viii) shall display on the notice board of the said establishment a copy of the rules of the provident fund as approved by the Central Government and, as and when amended, the amendments thereto, along with a translation of the salient point thereof in the language of the majority under the said Act;
- (ix) shall enhance the rate of contributions to the provident fund appropriately if such rate for the class of establishments in which his establishment falls, is enhanced under the said Act so that the benefits under the provident fund scheme of the said establishment shall not become less favourable than the benefit provided under the said Act;
- (x) shall submit an audited balance sheet of its provident fund every year to the Regional Provident Fund Commissioner, Delhi within three months of the close of the year.

2. Where an employee who is already a member of the employees' provident fund under the said Act or the said scheme (statutory fund) or the provident fund of another exempted establishment is employed in establishment the employer shall immediately enrol him as a member of the provident fund of the said establishment, and accept the past accumulations in respect of such employee and credit the same to his account.

3. No amendment of the rules of the provident fund of the said establishment shall be made without the previous approval of the Regional Provident Fund Commissioner, Delhi and where any amendment is likely to affect adversely the interests of the employees of the said establishment, the Regional Provident Fund Commissioner, Delhi shall, before giving his approval, give a reasonable opportunity to the employees to explain their point of view.
